Subject Chapter Elections - 2007/2009

Dear Colleagues:

As reported at yesterday's Executive Board meeting, we have entered an approximate one month nominating period for Chapter Officer/Delegate positions and representative attendance at the NYSUT and AFT conventions. A flyer will be going out to all bona fide members in the next few days.

As you know, the nomination process can be self directed. That is to say, you can nominate yourself or any other member of the bargaining unit. Nominee signatures are required. Be cognizant of the necessary mailing procedures.

To put some degree of centrality to the process, we will have all the necessary nomination forms here in the Chapter office. If you or a member/colleague are interested in running for any office or delegate role, you need only stop by the office. On the desk in the reception area you will find the forms and instructions for the Chapter elections as well as the affiliate conventions. This option will be available until mid-day Friday February 2.

As a current UUP activist, I hope that you will encourage your colleagues to consider Chapter involvement. Contested elections send the best possible message regarding our work.

All nomination forms must be received at UUP Central by February 7.

IMPORTANT: From now through the election period, nominees for any/all positions may not utilize any campus/department communications medium (phone, copier, e-mail) for campaigning. Any such campaign costs must be borne by the candidate(s).

John
