Minutes

The 1st meeting of the 29th Legislative Session was called to order at 6:05 PM.

The new Legislative Body of Senators were sworn in by Mr. Jeff Kuryla.

The agenda was approved with no alterations.

Marc Beck made a motion to make Bill #4 and Bill # 7 special orders--which passed.

The minutes were approved.

Executive Reports

Brian Quail:

Introduced Allan Nosworthy who talked about the rally that was scheduled during the past week. He spoke of the unfortunate disapproval of several groups who were not asked permission for their names to be used in junction with the rally. Asked SA if they were willing to support the cause of the Coalition--which he is an active member--.
(Their cause deals with the hiring of faculty members of color.)

BQ states, "We are always willing to help student causes."

(Brian Garrow believes another rally should take place.)

Introduced Nina Dunlap who talked about getting more support for Gays in the military and for the support of Pres. Clinton of overturning the ban. She requested that the Senators talk to their constituents and to their respective Hall Councils.

Introduced the representatives from Community Service, Karen and Jody, about the Special Olympics. They talked about Bill #4 and how they needed an extra \$400 to help them with the expenses. They expected more money from Miss-A-Meal, but they only received \$276. Tried to get money from other resources--Kiwanas, NY Power Authority, and a Grant from Auxiliary Services. (Just wanted to explain why they were coming to SA for the money.)

Brian then talked about the Budget and the two bills that talked about them.

-1st bill, Bill #5, would authorize an increase of \$3 in the SA fee for next year

-2nd bill, Bill #6, asks for a raise in the SA fee to \$4.50--which is just a proposed figure

BQ talked of the changes that need to be made and the proposed Budget changes that need to be done to achieve them:

- \$2130 in budget cuts
- the added positions and the cut positions and the redistribution of monies
- pay reductions of several Executive members

*having a net increase of \$1007

Changes to be made:

- \$10,000 on realignment of Student Services
- \$5,000 on computers
- \$1,000 to go to fundraising and cooperate development
- money to go to the 3 Directors of Diversity who do not have money now to implement programs
- money that will go to SEEP
- \$1,000 for special projects

*Net pack of \$17,495

**also included would be \$570 to maintain the Media Secretary over the summer (specifically to open all the mail that comes in---during July to the beginning of the Fall Semester)

Members of the Executive Branch will be going to speak to the hall councils on the Budget during the week to follow.

Brain Quail then made appointments to the existing Executive positions:

- Nicholas Risello-Director of Finance
- Anthony Maravi-Director of Communications
- Kevin Burns-Executive Assistant to the President

Brian Hurd:

Introduced the Representatives from the Registrar's Office, who talked about the new registration system.

Beck--How long did you know that the new system was going to take affect?

Representative--We knew at the end of December.

Beck--Why weren't people informed before they came back from Spring Break?

Representative--They were seeing the Bubble Sheets for the past two semesters prior to this. We didn't know if we were going to use it. Talked to a consultant to see if they were overlooking anything prior t using it. Got the reassurance to try it. Didn't choose all the available methods to get the information to the students. Tried through the Advisor Coordinators to get the information to the students.

Beck--Students didn't know what the bubble sheets were for at first.

Representative--Dr. Weber suggested this because of complaints by the students. Did it because of pressures.

Marquis--Glad things were done legitimately.

Representative--4,477 add/drop adjustment forms came into the registrar's office.

Reflections that the old system wasn't doing the job. Believes it will get better with time.

Betsy--Rare for freshmen and sophomores to get the courses that they need or want.

Representative--We get a list of all the courses and the number of students who are requesting the course. We will try and handle the problems in the long run from the information gathered from the bubble sheets.

Enciso--What hurts the most is that we weren't asked.

Representative--Didn't anticipate that it would seem different.

**Motion to lower quorum to 14, which was seconded.

Dean Waas--3-4 weeks left in semester. Registration in the fall will begin a little earlier. There needs to be a liaison between the students and the administrators. Ask for representatives to do some analysis.

*See Brian Hurd if there is an interest

Introduced Prof. Gosek who talked about Bill #3.

--Ensemble borrows equipment to do concerts and

--Maintenance for old equipment just isn't going to work

Beck--We [SA] are under restraints.

Gosek--We understand that and will keep that in consideration.

Beck--What do they need the most?

Gosek--Really need speakers.

Enciso--Can't we go to resident halls to get more money?

BH--We will read the bill, it will be sponsored tonight, and we will vote on it next week.

Bonney--Have they tried fundraising?

Gosek--Can't fundraise as a group.

Brain Hurd then made an appointment:

--Jeff Kuryla-Executive Assistant to the Vice President

*Talked about the Task Forces that he wants to create, about the Parliamentary Procedure booklets that he ordered.

Finance Report

Trudy Perkins:

Welcomed the new Senators and gave the accounts:

--#915, contingency, \$2,987

**used for funding

--#916, fixed assets, \$1,911.29

**used for things that can be inventoried

TTH 4:00-4:30

Minutes

The 3rd meeting of the 29th Legislative Session was called to order at 6:07 PM.

The agenda was approved with no alterations.

The minutes were approved.

Executive Report

Brian Quail:

He had a lot to cover. As a result of Resolution #7, which was sent to the Faculty Assembly, there was a heavy discussion over it. But the discussion that went on in Senate was better and more dignified than the one there. They are willing to entertain a resolution on human diversity.

He then talked about Speak Out with Pres. Weber. He wanted to thank Brian Garrow, Tina Agee, Lynne Delles, Jen Longe, Coalition. About 125 people attended, went approximately 2 hours and 45 minutes. There was a lot of positive reactions to the whole thing.

There is a list of campus committees in which students can sit on.

Introduced Nina Dunlap who talked about the March on Washington. She said that it went well and they brought out the AIDS Quilt. Parents and friends as well as Gays, and Lesbians attended. The Indigo Girls, Phil Donahue, and others were there speaking. Told of how President Weber ended up writing a personal check for \$2100 for the bus.

Talked about two of the Bills that were coming in front of Senate. On Bill #8--the payment of the lawyer--he wanted to see the amendment by Trudy made and the bill tabled until next week. On Bill #9--the funding of religious groups--he wanted to thank Chris Mount for doing the research on the groups. He let the Senate know that the jurisdiction did not lie with the Senate but with the courts. The lawyer did not find any problem with these groups. If they did not have an approved constitution, we would freeze their accounts.

Brian then talked about the softball game and how they were reviewing for the next Director of ALANA Affairs.

Brian Hurd:

Introduced Joe Lawlor who talked about how they had a lot of money left over in maintenance account and how they wanted to transfer the money now into the Broadcast Operations so that they could buy the Amiga 4000 for the Video Toaster. If they did not buy it by Friday the price would go up to \$700.

He then talked about Bill #10--the Education Club event. He gave the date and the time of the event--Thursday, May 6th at 9:30-2:00 in the Hewitt Union. He then talked about meeting with the Task Force Chairs, talk after the meeting tonight.

Bonney--Off-campus senators give him your office hours after the meeting.

Finance Report

Accounts: #915--\$3392
 #916--\$1911.29
 #917--\$1000

Bill #8--Needs an amendment
Special orders Bill #12--the money left in accounts helps meet ad lines.

New Business

Special orders Bill #12:

basic idea: Transfer of money for WTOP

Submitted by: WTOP

Sponsored by: Beck, JZ, Tim

Beck--yielded to Lawlor who stated how the Amiga doesn't fit into the three year plan, this is the only way to get it.

Increased use of the Amiga has helped (Beck)

JZ--Joe says money is there. We need to get the tools to help students be prepared for the real world.

Tim--Name Video Toaster is wierd , but it is a fantastic tool.

If you go out into video, you will need to use Toaster.

Amiga is needed to run it. It can bring lots of revenue.

Educational purposes too.

BQ--If you vote no, you don't save money--price goes up in 2 days. Can buy it in the fall, but cost comes from SA.

WTOP has money in their accounts. If I was GM, I'd look for ways to buy things without going to Senate. Benefits Communications department also.

Marquis--This is educational. Why penalize them because of their short on ad line. Give them the transfer.

Labovich--Transfer \$1308 for computer--where's the rest

Lawlor--It is already in 606.

Labovich--Toaster part of or separate from Amiga.

Lawlor--It is part of 3 year plan.

*he stated some court cases
Seidenfrau--point of information---Aren't we a state funded
school--don't we represent the state?
Marquis--SA money not state money.
Mount--Bill arose 2 days after I started. I looked into this
and researched it. We are not state or federal governmet,
but that doesn't exempt us from their laws.

Public Comment

Mr. Marquis--I care about student empowerment. Wants to chair of the committee that bill #9 was sent to.

Mr. Bryan--Sad that we failed Visions. By not funding this, we are fueling apathy.

Ms. Delles--Thanks for the resolution. Wished Tony luck.

Mr. Labovich--I'm not denying that Rubin did a lot of work, but we already put in the commitment. If this works, let's fund it more next year.

Mr. Hurd--We made the right decision by sending the bill to a committee.

Mr. Mount--I applaud senate for sending the bill to a committee. He wants to serve on the committee.

Ms. Holcomb--I was unaware of abstaining rules. We need a packet for new senators.

Dean Wassenaar--Good decision on committee for bill #9. We need students to get involved.

Mr. Burns--Please see him if you want to sign up for a committee.

Mr. Bonney--No attack intended to JZ. We apologize.

Executive Report

Brian Quail:

Introduced Kevin Burns who talked about Bill #14, 15, 16. He stated that with senators on the Budget Council was illegal. Bill #14 was just stating who should be on the Budget Council and who had votes. Bill #15 was requesting that the President and the Director of Finance should get together and talk about the budget before it was submitted before the Senate. Bill #16 was requiring the Senators to take the budget and with the completed break down take it back to their halls.

Tim: Why is illegal?

Kevin: There was a law made in 1989 that made it unconstitutional.

He then introduced Kevin Juandoo who spoke on cultural event that is going to take place in September. It is a good way to get the year started off. They won't have time to get tot he Hall Councils in September.

Beck: Will this be in place of the ALANA Conference.

Kevin: No it will enhance it. It will be a kick off. They will work with the ALANA Conference.

Beck: Do we have the funding?

Trudy: Yes.

BQ: We don't want to set a precedent. Hopes this passes.

Brian then talked about the Student Service Survey. He want them to be returned to Dan.

He then made appointments to the Auxilary Service Board:

Ben Bonney, Pierre Salizar, Jeff Kuryla, Femm Steenhuis

He then wished people leaving 'Farewell', and that he will see the ones that are staying in the fall.

Brian Hurd:

Open the floor for nominations to the Auxilary Service Board. A. David Marquis was nominated and reappointed to the board.

David Marquis then was introduced and he talked about the Ad Hoc Committee that was formed for the Bill on the religious groups. People interested should look for any material in writing that will help the cause. They want to form opinions based on facts.

BH: The Co-Chairs of the committee are David and Chris. Thanked everyone for coming to senate and showed the plaque that was made for Tom.

Finance

Accounts: #915--\$2392
#916--\$11.25

Darryl was sworn in as Chief Justice of the Supreme Court.
Introduced Kevin Jaundoo as Director of ALANA.

Spoke on bills in packet:

-Natoli-Ruggio Update: The bottomline is that the lawsuit will continue,
however the outlook is good because the three major charges were dropped in the suit.

-Unanticipated Historical Debt: We owe Centro approximately \$29,000.
Centro is being very cooperative with us as far as a payment schedule. We need to change
our spending patterns to balance one year spending and future spending. Our spending

patterns have, in recent years, typified "me, me" and "now, now" spending. Our balance sheets must balance at end of year.

-We need to acknowledge SA Corner Store employees. I signed an Executive Order to pay them \$4.25 instead of \$3.25.

-Franchisement Initiative: We should include graduate students and part-time students in SA. All SUNY sister colleges include grads and p/t students. They need check cashing and voting rights.

-Student Services Update: In the past six years the fee derived revenue increased 68%. Non-fee derived revenue increased only 1%. Renovations that we have planned will help augment non-fee revenue.

Brian Hurd: -We should elect a pro tempore.

(A. David Marquis only nomination; he was appointed.)

-Anyone interested in sitting in on interviews for Hewitt Union _____ see me later.

-Jeff Johnson is available for information on government internships.
