Bill 72

Be it enacted by the Student Association Senate of the State University of New York, College of Arts and Sciences at Oswego that:

The Student Association Senate, President and students of the State University College at Oswego hereby strongly oppose any efforts to raise either tuition or room rents for the next academic year or subsequent years.

Governor Carey has pledged to hold the line on tuition which we hope he will do since "faith in government" was a major facet of his campaign platform.

Furthermore, we believe the State University is capable, though perhaps unwilling, of eliminating waste in areas other than those directly affecting its clientele, the students. Room rents are too high already and at our campus during the fall semester well over 500 students were living in triple rooms designed for double occupancy and this semester over 250 will be tripled. Students should not be expected to tolerate a room rent increase.

The Student Association hereby designates a day of organized letter writing and a day for showing student reaction to these potential increases. The date of such designated day and other appropriate programs will be decided upon by the President.

Sponsored by Gregory A. Gates, President.

Be it resolved by the Student Association Senate of the State University of New York, College of Arts and Sciences at Oswego that:

The Student Association Senate opposes the proposed changes in the General Education Requirements specified on p.44-45 of the 1974-1975 Catalog. Our Objections are based on the fact that the semester hour requirements for the Area of Knowledge of Humanities would remain the same, but the number of choices would be reduced considerably, due to the fact that there would be fewer departments included in the Humanities Area than at present.
