ACCESSIBILITY SOLUTION:

Keys for passage between NRR 2nd floor and Bindery Preparation Room of Technical Services.

A corridor has been constructed at the end of Nathan Baum's office connecting the Bindery Preparation Room with the NRR (2nd floor). This is intended to be used by those staff with book trucks (and the mail cart) requiring access between these two areas. In order to provide maximum security to the collections and minimum disruption to staff working in these areas, single keys will be provided to representatives of the bindery, gift, preservation, documents, NRR, and mail room operations.

Thank you. Charles Simpson
