1. Second item for discussion was the committee charge. Dean Filstrup handed out a copy of the charge to all present and posed the question: What is the role of the committee given its charge and should changes be made to ~~it~~ THE CHARGE to reflect the current Libraries on campus? Also, discussed was the extent to which the committee oversees the Health Sciences Library.
 - a. First item discussed was the inclusion of the bookstore in the charge. Members had already sent this to another Senate committee and all were in favor of eliminating the bookstore from the charge as written.
 - b. Second item was that the charge should explicitly state its oversight and advocacy roles for both the West and East campus Libraries.
 - c. A third item was that the charge should ~~also reflect the reporting structure for~~ INCLUDE both East and West campus Libraries, and reflect the appropriate membership for such an oversight structure. And what to do with members that do not or can no longer show up for meetings? Response from membership was to contact them and replace them as needed and in accordance with Senate policy.

Question of revenue structure was raised by the chair. The question posed was: in accordance with the charge how can the committee be of assistance? Example presented was the Inflation issue. How can the committee help get financial assistance to pay for items? Response from the Dean was to be involved and voice these concerns to the Provost and administration. He proposed to present a course of action shortly during his presentation. Item barred until later.

2. Dean Filstrup then requested a review of the last meeting's minutes and their approval with changes. Clarifications were given and discussed.
 - a. COURSE PACK/Copyright meeting was held on the 7th to discuss the previous meeting's question about infringement and a course of action was being developed by the Deputy Provost with Library input and assistance.

- b. Food cart in Library. The Dean wanted to clarify that he wanted a food source SERVICE in the Library AND THAT HE HAD RECOMMENDED TO BARBARA CHERNOW THAT THE SERVICE GO IN THE ALUMNI OFFICE. ~~and it was just a question of when renovations would begin. For now, the second proposal for a food cafe in the current Alumni area was the one being used but that another proposal had also been offered that~~ AN EARLIER PROPOSAL RECOMMENDED it in the Commuter Lounge. At this point, open discussion ensued with various members stating varying degrees support for the ~~idea.~~ ALUMNI OFFICE PROPOSAL. All generally wanted access to food but ~~most~~ SOME questioned the area being proposed, favoring it for a display/exhibit area for the Library. ~~—or stating that another area within the Central Reading Room may be adequate as well.~~ The discussion was tabled until a status report on the work could be obtained. An ~~minor~~ action item was proposed, requesting Barbara Chernow to meet with the committee on this issue or send an email update to the committee on the LOCATION OF A FOOD SERVICE. The Dean stated he had other items that are more important at this point but the committee could vote to have a display space added to the Library.
3. Report to Provost. Dean Filstrup then moved to the presentation given to Provost Kaler, introducing the first fact that the Provost had requested the cost for an off-site storage facility. ~~See attached.??~~

Action Items:

- Send Letter to Provost from teaching and research faculty requesting funds to cover inflation which would allow for the 300K for monographs and 100K for off-site shelving to be covered.
- Find out status of food cart situation and act if needed for display space.

Other items carried over until next meeting in December.
