Geneticist wins grant to study fish making Ontario comeback

The reappearance in Lake Ontario of a fish once thought extinct there has caused excitement and brought grant money to scientists interested in lake ecosystems, including Amy Welsh at Oswego.

This issue's [photo gallery](#) follows the theme "and the days dwindle down to a precious few" — but days still full of anticipation and possibilities — as caps and gowns, a semester-end "palooza," free hugs, a senior barbecue, scholarships and an open house for high school juniors take center stage. If you would like to submit photos of timely activities for future issues, e-mail pictures with a brief caption to proffice@oswego.edu.

People in Action

In this issue, read about Empire Scholars, certified German speakers, a collaborative star study, student honors and faculty publications. [Read more >](#)

Clabough, Delduchetto honored for teaching

The college will recognize outstanding teaching by a demanding art professor and a dedicated and popular adjunct in management.

Campus master plan brings vision into focus

A vision for what SUNY Oswego's campus could look like 10 or 20 years from now has gained impetus from a master-planning process that's exploring key what-ifs and inviting input from faculty, staff and students. [Read more >](#)

Calendar Highlights

Casper, Trionfero win Chancellor's Awards

The man who led the transformation of Oswego's career services activities and the secretary who anchors the School of Education's administration have earned recognition from the State University.

Geothermal system adds carbon savings, “lab”

Far beneath the Snygg Hall parking lot, it's 56 degrees year-round. The surface temperature difference in winter and summer allows for a heat exchange that's at the heart of the college's low-carbon plan to heat and cool the new sciences complex. *Last in a series.* [Read more >](#)

Spotlight

A diploma in the mail normally follows Commencement's ceremonial march, but only if Shelly St. John finds the candidate has met all requirements for graduation — in this issue's [Spotlight](#).
