From Dean/VP Mary C. Pearl:

"For those of you who knew him well, you know that Lou's friendliness, his sense of humor, his work ethic, and his love for our campus made him a joy to be around. Just the day before, Lou mentioned his pleasure at the prospect of new construction on campus, mostly because it meant he would be able to hire back co-workers about whom he cared deeply. The restored windmill stands as a reflection of Lou's professionalism and dedication."

Services were held today in Riverhead. A memorial service will be held on campus at a later date.
