Subject Martin Luther King, Jr. Day.

TO: University Community

The Nation, the State of New York and the University at Stony Brook will observe Martin Luther King, Jr. Day on Monday, January 20, 2003. Classes will not be in session, and academic and administrative offices will be closed. In order to assist incoming students, student service offices on the west campus will be open from 12 Noon to 5 PM. The Hospital, Long Island State Veterans Home, and health care facilities will maintain normal operations.

I encourage you, your family and friends to celebrate Dr. King's legacy in an appropriate way on the holiday.
