SOUTHAMPTON LIBRARY OPENING:

Overcast sky and a few sprinkles of rain did not detract from the excitement that was part of the opening on October 10, 2009. After speeches by Assemblyman Thiele (R-Sag Harbor), President Stanley, Chris Filstrup and Mary Pearl (SBSH Dean and Vice President) a ribbon was cut and a crowd of approximately 100 entered the new building. The library is an architectural beauty that meets green building standards. A tour was given to those interested. Refreshments were set up in the cafe which is part of the entry area. This new building has already caught the eye of Newsday as you read in the attached article.

2009 LIBRARY STAFF PHOTO:

It is difficult to select the best out of the four pictures Keith took on October 5. This one shows all our faces and the expressions seem fine. As with the other years this one will be enlarged and framed for our wall of fame. You will probably see it on the holiday card.

Lib group shot 2009.jpg

The night staff photo will be taken on this Wednesday and along with the Southampton group shot will be framed in a double frame to place with the main photo.
