

Campus Announcements - Week of 05/21/01

Campus Announcements for the week of May 21, 2001

=====

- 1. Biochemistry & Cell Biology Seminar
- 2. Countdown to Summer Sessions
- 3. Biochemistry & Cell Biology Seminar
- 4. CELT's Third Annual Conference on Learning and Teaching "CRITICAL REASONING AND PROBLEM SOLVING: INQUIRY, DISCOVERY AND PROBLEM SOLVING IN UNDERGRADUATE EDUCATION".
- 5. Study Abroad Opportunity in Germany

=====

- 1. Biochemistry & Cell Biology Seminar

Thursday May 24, 2001, Life Sciences Bldg. Room 038, 4:00 p.m.
"Patterning of the Early Embryo by TGF Signals"

Dr. Malcolm Whitman
Dept. of Cell Biology, Harvard Medical School
Boston, Ma.

Host: Dr. Gerald Thomsen

If you need a disability-related accommodation, please call:
The Department of Biochemistry & Cell Biology at (631) 632-8550

4. CELT's Third Annual Conference on Learning and Teaching "CRITICAL REASONING AND PROBLEM SOLVING: INQUIRY, DISCOVERY AND PROBLEM SOLVING IN UNDERGRADUATE EDUCATION".

There is a difference between education and training. It is said that training prepares people to handle tasks that we know how to do; whereas, education prepares people for tasks that are yet unknown. An important aspect of education is preparing students to confront new situations with confidence and to tackle novel problems. The CELT Conference on "Critical Reasoning and Problem Solving" will engage faculty from many disciplines in new

approaches to developing students' problem solving abilities. Keynote address is by Joseph Harris, Ph.D., director of the Center for Teaching, Learning, and Writing at Duke University, where he is also an associate professor of English. The conference will be held on June 22nd, 2001 in the Student Activity Center @ SUNY Stony Brook. Conference Registration & Continental Breakfast, 8:00am SAC Lobby For conference information and to register please visit www.celt.sunysb.edu or call 632-1030.

5. Study Abroad Opportunity in Germany

The German Federal Ministry of Education and Research (BMBF) is funding ten, internationally compatible, degree courses (Bachelor/Master) to attract foreign, highly qualified applicants as well as internationally-minded German students. English will be the primary language during the first semesters. Study visits of foreign countries form an integral part of the programs as much as intensive advice to students, well structured curricula and competitive examinations at:

Fachhochschule Aachen: Master in Biomedical Engineering
(Artificial Organs)

Fachhochschule Coburg: Master in Financial Management

Technical University of Darmstadt: Master in Information and
Communication Engineering

University of Freiburg: Master of Social Sciences

University of Halle-Wittenberg: Master in Applied Polymer
Science

University of Applied Economics and Politics in Hamburg: Master
in European Studies

Fachhochschule Karlsruhe: Master in Geomatics

Technical University of Munich/Weihenstephan: Master in
Sustainable Resource Management

Bauhaus University of Weimar: Master in Fine Arts

University of Applied Sciences in Wismar: Master in
Architectural
Lighting Design
