Employees - It's Time To Update Your Office Address!!

Human Resource Services (HRS) and the Division of Information Technology (DoIT) have developed this online service for employees to access and update your own office address information. Changes that you make using this service will automatically update PeopleSoft, the university's official Human Resources system. By updating your office related information you will receive campus mailings and phone calls with improved accuracy. This information will also be printed in the 2001-2002 Stony Brook Faculty and Staff Directory later this year. You can access this web site anytime to update your current office address.

Please use the link below and then click "Office Address Update" on the right side of the page under Online Services to update your office address, Stony Brook Zip 4, and your office phone number.

Percussion Plus! Concert At Staller Center - Wed. February 21, 8 PM. Free!

The Stony Brook Contemporary Chamber Players is proud to present their annual "Percussion Plus" concert to be performed at the Staller Center on Wednesday, February 21 at 8:00 p.m. Admission is free. This renowned ensemble, which is co-directed by performance faculty artists Gilbert Kalish and Raymond DesRoches, specializes in 20th century music for chamber ensembles. This year, the Stony Brook Contemporary Chamber Players will tantalize you with music by Jacob Druckman, Tan Dun, and Charles Wuorinen. Soloists include vocalist Barbara Kokolus and cellist Katie Schlaikjer.

The Contemporary Chamber Players, an integral part of the performance program of the Department of Music at the State University of New York at Stony Brook, has been hailed by the New York Times as "a remarkably well- trained small army of

musicians

... of consistent accomplishment ... offering finely polished renderings of new works". Join us to hear this remarkable ensemble in concert on February 21!

For more information about the concert, if you wish to receive a concert brochure or to be added to our mailing list, call the Music Department at 632-7330; fax: 632-7404; or email: music@notes.cc.sunysb.edu. For a complete concert listing, see our web page at: <http://www.sunysb.edu/music>.

2001 Student-Community Leadership Symposium

On February 13, 2001 from 1:00 p.m.-3:00 p.m. in the Student Activities Center Auditorium, The School of Social Welfare's Student-Community Development Program and the Office of the Vice President for Student Affairs at the State University of New York at Stony Brook will host the 2001 Annual Leadership Symposium on Student-Community Wellness.

This year's symposium is entitled "Campus and Community Engagements: Engineering New Partnerships" and will focus on the importance of shaping and building the relationship between institutions of higher education and the local business and residential communities for which they exist to serve. Higher education is beginning to recognize the need for a focus and imperative which extends beyond traditional "community service" and embraces the concept of "institutional engagement," defined by the Kellogg Commission as the long-term connection of the resources/capabilities of colleges and universities to the needs and interests of society and our surrounding communities. Institutional engagement requires viable university-community partnerships.

This year's panelist speakers will include Dr. Lattie F. Coor, President of Arizona State University's main campus, Dr. Carl V. Patton, President of Georgia State University, and a leader from a major charitable organization. Contact Fred Preston, VPSA, for more info.

Making the move from Academia to Industry - How do I begin?

All graduate students are invited to attend a 2-part seminar exploring the skills and techniques required for a successful job search in the bioscience industry. The Center for Biotechnology is pleased to present a guest speaker from one of the leading US pharmaceutical companies. Ms. McDermott-Kave, Director, Human Resources from OSI Pharmaceuticals will provide an insight into what employers look for in a resume, questions asked in an interview and other issues relevant to the graduate student in the life sciences. The second part of the seminar will consist of a hands-on workshop conducted by the Career Center. This workshop will build upon the issues raised in the first part of the seminar. Don't miss this opportunity to hear the 'do's and 'do not's of the job search process in the bioscience industry. Monday, February 5, 2001. 4:30 pm - 7 pm. Life Sciences Building Room 038. Refreshments will be served. For more information, please visit <http://www.biotech.sunysb.edu>.
