

Nov. 10, 2010

## November Photos

This issue's [photo gallery](#) brings the phrase "people helping people" to life: rallying for an end to violence against women, assisting on Election Day, baking treats to raise charitable dollars, and meeting a man who builds schools in Central Asia. If you would like to submit photos of timely activities for future issues, e-mail pictures with a brief caption to [proffice@oswego.edu](mailto:proffice@oswego.edu).

### Oswego to offer international master's degree

Selected graduate students in agricultural and mathematics education now will have the opportunity to combine Peace Corps service and a master's degree. [Read more >](#)

### Researcher to design versatile X-ray detector

Cornell's atomic physics lab has contracted with Oswego's Marianne Hromalik to work on programming a versatile detector for X-rays used to examine minute structures. [Read more >](#)

### Sloan supports SUNY science-business master's

SUNY's Professional Science Master's Program -- which aims to increase the flow of scientific skills into the state's workforce -- gets a boost from a Sloan Foundation grant. [Read more >](#)

### New graduate certificate explores integrated media, social networks

The convergence of media sources and skills fed into the new interdisciplinary graduate certificate in integrated media and social networks offered by the School of Communication, Media and the Arts.
