4. Diversity Workshop June 9: Embracing a Multicultural Workforce

Tuesday, June 8, 2010, 4-6 pm, HSC, Level 2, Classroom 272a/b. Speakers: Dr. Mala Chinoy (Tufts) and Dr. Latha Chandran (Vice Dean, UGME).

Recent data demonstrate that faculty members are not representative of the diversity of the student population they teach nor the patient population they serve. The purpose of this workshop is to address the issues of human perception as individuals and groups leading to development of "cultural lenses" through which we see, hear, and experience other individuals, ethnicity, cultures, and nationalities. At the end of this workshop, participants will be able to: identify the effects of "cultural lenses" on human perceptions and experiences; list institutional factors that promote or inhibit recruitment of a diverse workforce; explore unconscious biases in institutional and individual practices through case vignettes; and practice specific proven leadership strategies that enable diversity and integration into organization culture.
