Professor Receives For Award For Advising

MCC Associate Professor of Physics and Engineering Science, John Wadach, was honored at the Employees Recognition Reception on May 29 with the First Outstanding Faculty Advisor Award.

He was selected for the award based on criteria such as: demonstrating a caring attitude towards advisees, demonstrating effective interpersonal communications and monitoring the students progress of their academic and career goals.

Visit Our Monroe Doctrine On-Line Edition On The WWW

The Monroe Doctrine has recently gone on line, as many other school papers have done.

The on-line work started first, last semester by On Line Editor Jason Olson and will be continuously updated by the new On Line Editor, Wendy Thomas.

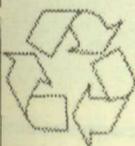

Although the entire paper could not be put up, the top news, entertainment and sports stories, as well as opinion stories, can be found on line.

It will be updated with more stories within the next few months. It can be found at www.monroedoctrine.org

And I Quote...

Success is the sum of small efforts, repeated day in and day out"

--Robert Collier

The Monroe Doctrine is printed on recycled paper and is recyclable in Monroe County.

Welcome To Monroe Community College

As President of the College, I take great personal pleasure in welcoming our new and returning students to both the Brighton and Damon City Campuses.

As some of you may know and others are soon to discover, Monroe Community College is a unique, multi-cultural institution of higher learning. The College offers a wide range of programs and services that will help make your educational experience a successful one. I would encourage each and every one of you to take advantage of those programs and services — get to know those people who are here to help.

While at MCC, you will come into direct contact with some of the finest faculty in the country. Many of these faculty members have been recognized for their educational excellence and innovative teaching skills. These are people who have dedicated their careers to helping MCC students succeed. In your development as a student and as a person, they too are here help.

The College provides many diverse learning opportunities that I would advise all students to explore. The Leroy V. Good Library

Dr. Peter A. Spina has been President of MCC since 1981

at the Brighton campus and the Damon City Campus Library offer a multitude of tools which support the learning process. Laboratories, electronic learning centers and distance learning opportunities are also part of the academic experience here.

In addition, MCC offers a vast array of scholastic and CO-curricular activities which can enhance your college experience. Assorted sports teams, intramurals, student government and student organizations and clubs can provide you with valuable experiences beyond the boundaries of a class. Participation can foster independent and creative thinking and help you develop initiative, responsibility, leadership and poise.

For most MCC students, the balance between school, work and family responsibilities can be a precarious one to strike. As you embark on a new academic year of challenge and

adventure, please remember that we are always here to help. I extend my best wishes to all of you for a rewarding and successful experience. You are a welcome addition to the MCC "family."

Brighton Student Government To Be Restructured This Year

by Robert Ricks

"We can rebuild it, make it better, and more inclusive." Time changes all things, Sometimes making them better, sometimes making them worse, However; change is inevitable.

It appears that our Student Government has outlived its effectiveness in it's present form, and is now up for restructuring. As a reporter of Senate meetings, and as a student at MCC, I welcome the change with open arms.

On Friday April 2, 1997 there was a pre-agenda meeting held by the Senate. The topic of restructuring the Student Government headlined the agenda. There were several proposals from which to

choose. The catch was that you could not split them up. You either had to accept the whole proposal or reject it. After some extensive verbiage, "Proposal #3" was selected for possible implementation

This is how the proposal reads. Their will be three students at large voted into Student Government, and Liberal Arts, Health Related Professions, and Transitional Programs will all have a representative on the Senate. There will be

three representatives for clubs: 1 social club, 1 service club, 1 academic club. There will be 1 Media representative, 1 Athletics, and 1 Campus Activities Board representative. With the exception of the three students at large which will be voted in by the ballot, all representatives will be selected by their governing bodies or other members of their clubs and organizations.

This was the first verse of a list that was called the Rational, which I think means the motivating factor behind the possible implementation of these ideals.

Best representation of Student Government from all areas of the College Community — guarantees

representation from each area of Student Association, as well as representation from each academic division.

Park Between The Lines

Where To Park At MCC

Ahhh ... a new semester, a new parking permit. But associated with that sticker are often a host of parking troubles. Here are some ways to avoid such problems:

1. Park Smart: The Monroe County Parking Program at MCC, established by the county legislature, has been in effect since 1990. Parking on the Brighton campus is by permit or meter only, and is enforced 24 hours a day, all year, including periods when classes are not in session.

Know the rules about parking. They are outlined in parking regulations provided by the Department of Public Safety and Parking Services. Also included is a handy map of the campus that shows all of the lots in which students are authorized to park. Every student who buys a permit is provided with this information. Additional copies are made available in the Public Safety Office, Bldg. 7-301, the Information Desk in Building 1, and in the student handbook.

2. Questions?

If you have a question about parking, don't guess, ASK! Public Safety/Parking Services will be glad to answer any questions that you might have about lots, spaces, decals, prices, etc..

If you are wondering whether a certain spot in a lot is a legal park-

ing space, or whether your decal entitles you to park in a certain lot, call x7275 from any campus phone.

3. Permits.

A parking permit holder has an opportunity to park within specified areas. It does not guarantee the holder a parking space.

Give yourself ample time find a parking spot-be aware of peak parking times, and arrive a little earlier if your first class falls during these times. Be prepared to walk a bit if the closer lots are full. During the first few weeks you may have to park in the unpaved overflow areas,

Save yourself some time. Don't cruise the lots looking for a space by Buildings. 8,9,10. Those areas get filled quicker than other areas.

4. No Parking!

Don't assume that it will say "No Parking" if it isn't a spot.

5. Other Cars.

Don't assume that just because you see other cars parked there, it's a legal spot.

6. Legal Spaces.

Legal parking spaces are marked with white lines. Simply park between the stripping. Just because it looks like a space,

doesn't mean that it is. It would be virtually impossible and extremely costly to mark every spot on campus where someone might park illegally with a "No Parking" sign. If it is not lined, it's not a spot! Even if you see someone pulling out, check to make sure it is a space before parking your car there

7. Display your valid permit as instructed.

Know your deadline, and have your permit displayed as directed. Laying it on the dashboard, or putting it between the molding and the window is not valid. Regardless of the reason, if you do not have your permit displayed by the deadline, notify Parking Services immediately. You are subject to ticketing whenever your vehicle is parked in a non-metered space without a valid permit displayed, and you will be responsible for all citations you have received. If you have questions as to whether you requested a permit, check your tuition bill and contact the Parking Services office between 8:00 a.m. -- 5:00 p.m. Mon.-Fri. Permits are purchased for one vehicle and they are not transferable. If you sell your vehicle during the semester, the permit must be removed and returned for a replacement sticker at no charge. Failure to do so will

require the purchase of a replacement at the cost of \$10.80. Remember if you park a vehicle other than the one with the permit displayed, (for example, if your car broke down), you must pay/park at designated student meters, or get a temporary hang tag at no charge.

8. Meter Parking "know how"

If a student chooses not to buy a permit, but to park at the meters, there is a five hour maximum on the meters. There is no parking at expired meters, and meters in the Administrative/Visitors/ Bus loop are restricted. Remember, registered students are prohibited from parking in this area.

Include extra time when you are using the meters, to account for classes running long, chatting with friends or professors and for the time it will take to arrive back to your vehicle. If a meter is not working properly, leave a note. Document the meter number and the problem.

9. Settle all citations.

If you get a ticket, don't get mad. Try to figure out why you got it. If you have doubt about the validity of a ticket, take it to Parking Services and ask about it. If it is a matter of office error (such as your permit being covered with snow) take the ticket to the Information Desk as soon as possible without

leaving campus, that way they can take care of it for you right away. All other tickets must go through the appeals process within ten days, or you forfeit the right to do so.

10. Ride Share.

If you would like to share driving expenses and free yourself from being "in the drivers seat" this may be the option for you. And you would be doing your part in reducing the number of vehicles congesting the area, and helping the environment. For more information on Ride Share, contact the Public Safety office.

11. Familiarize yourself with traffic and parking regulations including posted speed limits.

12. Settle all citations within ten calendar days.

13. Place valuables in the locked trunk of your vehicle and keep vehicles locked at all times.

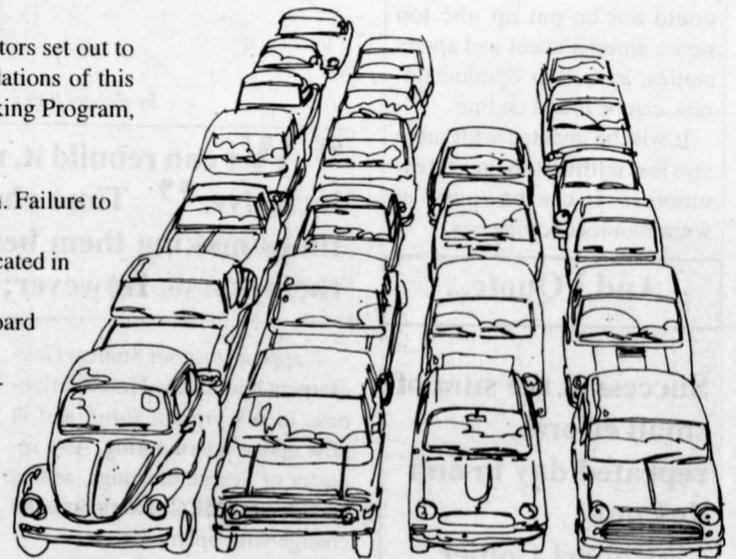

14. Report suspicious persons or activities immediately.

Submitted by Public Safety

Parking Citation Appeals Procedure

During the summer of 1994, a committee made up of students, staff, faculty and administrators set out to find ways to improve the parking program at Monroe Community College. The recommendations of this committee were accepted and approved, resulting in the following changes to the County Parking Program, effective January 15, 1995.

1. Appeals of parking violations now may be entered before payment of fine.
2. Appeals must be submitted in writing within ten calendar days of the date of the violation. Failure to appeal within ten days negates any further appeal.
3. Appeal forms are available at the parking window at the Bursars and the Parking Office located in room 7-341.
4. An appeal board comprised of two students, two faculty, two staff, and the Appeals Board Administration will meet on a regular basis.
5. Appeal hearing dates will be posted at the Bursars Office and the Public Safety Office (7-341). It is not necessary to appear at the hearing, but you may do so.
6. Determination of the appeals board is FINAL.
7. Notification of the appeal results will be mailed to the address on the appeal form.
8. Should payment be required, the fine must be paid within ten calendar days or late charges will accrue according to the fine schedule.
9. If payment is not possible within ten days, arrangement for payment must be made in person at the Public Safety Office.

Vice President Proclaims: MCC Is A Great Buy

Dear Students of MCC:

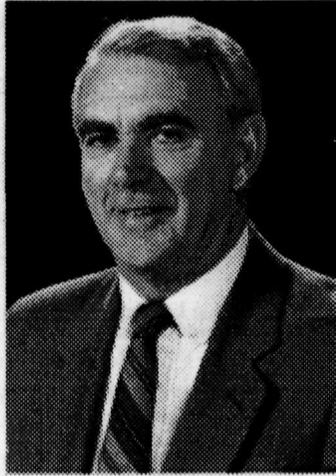

Welcome to Monroe Community College. You are entering one of the finest institutions of Higher Education in the United States. This is proven time and time again by the success of our many graduates - graduates who are doctors, lawyers, scientists, legislators, nurses, business leaders, accountants, police officers, college professors, high school teachers, or one of hundreds of other professions.

Our graduates continue to inform us that MCC offers great education at a reasonable cost and is

one of the friendliest educational environments in which they have studied. This is the atmosphere all of us at MCC strive to maintain.

This orientation edition of our student newspaper - *The Monroe Doctrine* - is designed to acquaint you with the many programs, services, and people of MCC. Whether you study at our Brighton or our Damon City Campus, you will come to appreciate why MCC is recognized as one of the outstanding community colleges in the United States.

We recognize that we live in a changing world, and we want MCC to continue to be the best of

Vice President Thomas Flynn

the community colleges. We are consistently asking for student feedback as we implement new programs and change old ones. Your input is necessary for us to maintain our excellence.

I encourage each of you to become involved in the broad array of

co-curricular activities offered at MCC - programs which will permit you to develop your leadership skills and to meet many new friends.

We are here to assist you as you strive toward your educational and career goals. Please take advantage of the assistance provided by our

faculty, counselors, and others who are dedicated to your success.

We wish each of you the very best in your educational pursuits and

personal development as you join us at Monroe Community College.

Sincerely,

Thomas Flynn, Vice President
Student/Administrative Services

We Are The School Says Student Association President

In the fall of 1995 I began my education here at MCC. I was just like everyone else - "Nervous".

Being an older student, I was fearful of not being accepted and wondered if I was still capable of learning.

I began by attending some of the workshops offered to returning adult students. These workshops helped me immensely.

Being a person who likes to be involved, I looked into student government. To my surprise, they

asked me to consider the position of Finance Coordinator for the Student Association Presidential Cabinet.

Surprise! It was *fun!* So much fun in fact that I was just re-elected to my second term as Student Association President. The other members of student government and I are available to you in Room 3-115. Stop in - we look forward to meeting you and we are there to help you in any way we can.

The students, not the building,

Student Association President
Stan Lyons

constitute the school. The only way the school can be successful is by involvement of its resources, **YOU**. I sincerely urge you to get involved and be an active part of the school.

You are coming to MCC to learn. Being involved is a part of learning. There are many opportunities available to you which include student government, clubs and organizations and various sports programs. For a complete education, **enjoy the complete**

college experience. Get involved! You will be glad and proud that you did.

You can be a success in anything you do if only you believe - believe in yourself and your ability.

Student Association President Stan Lyons begins his second term this year. The Student Senate meets every Tuesday at 2:15 in the Brick Lounge

Campus Minister Is Here For Everyone

The Chaplain's In: For Everyone

Joan Ann Kirkeby Prosser is the Catholic Campus Minister and Chaplain for everyone here at MCC. She's had many years of experience as a multi-culturalist and world Religious Professor. She has visited or lived in 20 different countries.

As her colorful office indicates, she's familiar with and a respecter of many religions: One truth, many

paths. As the Catholic Campus Minister, she has Degrees in Theology from the University of San Francisco, a Jesuit Institution. She is the official representative of the Catholic Diocese of Rochester.

She offers Bible Study, retreats, and sacramental preparation. Joan Ann is involved with substance abuse counseling, AA, ACOA, Spiritual direction for gays and lesbians, peoples of all religions, AIDS Ministry, and Dream Interpretation.

Since coming to MCC she has spent much time with the physically challenged. She welcomes all to come by to see her, even if it's just to say hi, and grab a piece of candy.

Joan Ann is in room 3-137, the office with the giraffe.

article submitted by Joan Ann Kirkeby Prosser

Joan Ann always welcomes visitors with a smile.

The Campus Activities Board

Hello, welcome to Monroe Community College. My name is Stacie Krezmer and I am a student here at the college. I am also the coordinator of the Campus Activities Board (CAB) here at the Brighton campus.

The Campus Activities Board is an organization that is responsible for planning, developing, and implementing events on campus. We have many committees ranging from Performing Arts to Club Wednesday, Travel, and Charity.

Last year was a great productive year for the Campus Activities Board. Our charity committee, with the help of the students, raised over \$5000 for the Make-A-Wish Foundation. That money went to grant two children's wishes. We also planned a Spring Break trip to Panama City Beach Florida and a trip to Toronto.

I invite you to participate in any or all of our events. We have our Club Wednesday events that you can experience. Our first Club

Wednesday event is going to be in the evening. It is going to be two very talented comedians who are no strangers to the campus. Earl David Reed and Brad Lowery will re-open the Forum on September 24, 1997 at 7:00 p.m.

If you have any questions, are

interested in any of our events, or would like to join CAB, please call 292-2545 or stop by room 3-128. We have a lot of fun while earning college credit. Thank you for your time, and I hope to see you soon!

article submitted by CAB Coordinator, Stacie Krezmer

Members of last year's Campus Activity Board are shown above presenting the Make-A-Wish Foundation with a check. CAB is involved with many events around campus.

Why Do We Go To College?

A college degree no longer guarantees a job, but NOT having a degree practically assures unemployment, according to the New York State Department of Labor.

"Thirty years ago a college degree was almost a guarantee of a good job or career," the Labor Department says in its January newsletter, *Employment in New York State*. "Today that diploma is a prerequisite rather than a guarantee."

Some points of note:

-More education equates to greater participation in the labor force, less unemployment, and higher salaries.

-Individuals with some college education had higher labor force participation rates (82%) than those with no college education.

-Individuals with some college education who worked full-time

reported average incomes over \$40,000 in 1993—14% higher than high school graduates and 40% higher than high school dropouts.

-Individuals with a college degree had the highest labor force participation (86%). Their wages

and salaries averaged \$60,000—69% more than high school graduates and 108% more than high school dropouts.

"A college education prepares students for careers, not just jobs," says Chris Belle-Isle, MCC Director of Transfer and Placement. "Employers look for a strong skill base and the ability to learn new concepts and skills. With our world marketplace changing so rapidly, keeping current in your field is in-

credibly important."

The Department of Labor says the increasing importance of a college degree stems from the decline in manufacturing jobs. Additionally, the manufacturing positions that remain have growing responsibilities, requiring education and

the ability to learn continuously.

"Employers are looking for workers who have shown that they can learn and are willing to augment their skills via in-house training or attendance at post-secondary schools," the article says. "Jobseekers who can do this — demonstrate that they have the capacity to learn at a pace set by their employer's requirements—are likely to command higher wages."

"Thirty years ago a college degree was almost a guarantee of a good job or career . . . Today that diploma is a prerequisite rather than a guarantee." --NYS Department of Labor

New Damon Campus Student Government Structure

The Damon Campus student government/activities board, known as SAAB, no longer exists. Now Damon is represented by two separate bodies: 1.) Damon Campus Student Parliament and 2.) Damon Campus Service Board.

These two separate bodies came about due to the need for Damon to have their own separate body to meet the needs of the students they serve and to have a strong constitution to stand behind.

The Damon Campus Parliament will function as a government body. The Parliament had a Presi-

dent and a Vice President, and Assistant Vice Presidents in the following areas: Academic Services, Student Services, Finance/Budget, Multiple Campus Liaison, Elections/Recruit/Volunteerism.

The Damon Campus Service Board will function as an activities board. The Service has Core Leaders and Project Managers in the following areas: Campus Events, Campus Services, Campus Diversity, Campus Wellness, Campus Community Outreach, Campus Training/Development, Campus Communications and Campus

clubs and organizations. The position of the Campus Board Leader will oversee the entire board.

Members from the old SAAB board, along with a few Brighton Campus Senate members, formulated these two boards and felt that they would meet then needs of a growing campus.

Immunizations Required for MCC

Adults, as well as children, need protective immunizations. Some diseases are actually even more dangerous if contracted during adulthood than in childhood.

Measles, mumps, and rubella can have serious and sometimes fatal complications.

New York State law requires any adult born after

January 1, 1957 to demonstrate immunity to these diseases if attending school.

If you are a student in a matriculated program taking 6 (six) or more credit hours, you must provide proof of immunity.

What you need is verification of

1) A mumps vaccination given on or after your first birthday and given in 1969 or later

2) A rubella vaccination given on or after your first birthday and given in 1969 or later

3) Two doses of measles (rubeola) on or after your first birthday in 1968 or later. Vaccinations must have been given at least 30 days apart.

A history of having measles or mumps is acceptable, but, a history of having had rubella is not acceptable.

A student who prefers not to receive immunizations has the option of submitting titers to prove their immunity. (A titer is a simple blood test that can be drawn to prove your immunity to these diseases).

Your high school immunization record or a document from your health care provider is the usual source for verified vaccination dates. A form from the County Health Department is also acceptable.

According to the law, Monroe Community College cannot allow you to attend classes if you have not submitted proof of immunity. There will be no tuition refunds given if you are withdrawn!

The deadline for complying with the law is October 2, 1997.

If you have any questions con-

Continued on Page 5

What's The Purpose Of Student Governments?

The Student Association touches nearly every aspect of campus life, yet most of us know nothing about the job our elected officials do or their meetings.

The Student Association is made up of fifteen members, with each member required to join at least one of seven committees. The seven committees include: Academic, Student Services, Government, Communications, Food, Parking and Promotions. Each are then headed by a committee chair. Some issues being worked on by various committees are:

Academic:

1) Maintaining the integrity of college hour (whether or not classes should be held during it or not).

2) Improving the library.

Student Services:

1) Improving handicap accessibility.

Government:

1) add/ drop procedures.

2) Fund raising.

Communications:

1) The correspondence between the Brighton and Damon Campuses.

2) Possible E-mail accounts.

Parking:

1) Problem with parking and extremely high costs of a new lot.

2) Easing orientation problems with regard to parking.

Food:

1) Complaints about quality and price.

Promotions:

1) Possible Web pages at MCC.

Student Association meetings are held on Tuesdays at 2:15 in 3-105, and are open to the public. This listing is, of course, incomplete. The Student Association works on many issues, including, but not limited to setting a budget to distribute Student Fees, and representing clubs and organizations on Campus. For more information on what The Student Association does, visit them in Room 3-115 at the Brighton Campus.

Did you know . . .

Becoming a leader in a Club or Organization can turn your life around. You will meet new people, make networking contacts. Better yet, by getting involved you can turn someone else's life around by being a positive role model.

The latest survey taken by Newsweek interviewing the nations top employers revealed the following: the top 20 employers said when hiring students directly out of college they looked for students who showed leadership ability and have demonstrated involvement outside of regular class room experience. Secondly, on the average, students who have demonstrated some knowledge or hands on-experience in their major, usually started off with salaries higher than actual entry level salaries.

Many women-owned business in Rochester New York are headed by people who, during their college life, belonged to an organization or club.

Students who are involved in Club or Organizations are likely to advance quicker in their careers once outside of college. These students have gained the ability to practice their classroom training with hands-on experience as a leader in a club or organization,

During the 1993-94 school year 5 students on area campuses started or headed an organization at their college. Today each of those students has turned his or her club into a business.

Come on . . . What do you say?

Join a club or Organization today!

See us in the Student Center (Room 3-115)

What is Damon City Campus?

Damon City Campus is a small place with big surprises. Many exciting things happen inside its close knit walls. It is more than a college. It is where you learn about yourself as well as others, meet new people, grow and experience

life. Damon is a community within itself.

This branch campus of MCC is located on the fourth and fifth floors of the historic Sibleys Building, downtown. Also located in the Sibleys building are: SUNY

Brockport MetroCenter, Highland Hospital health care facility, Tomorrow's World child care center, NYS Department of Motor Vehicles, a food court, banks and shops.

(Submitted by Damon Campus)

On the 4th floor of the campus:

Library-comfy overstuffed chairs, private study desks, private study rooms for single person use or small study group use.

Electronic Learning Center (Inside Library)-IBM and Macintosh computers, tutorials, computer programs, Internet, electronic link with the Brighton Campus library.

Integrated Learning Center- labs for accounting, math, psychology, writing, and transitional studies; also tutoring services for all subjects.

Bookstore-books of all kinds, newspapers, magazines, cards, gifts, sportswear, school supplies, personal items, snacks, souvenirs, bus passes, money orders, postage stamps, check cashing, discount movie tickets.

Fitness Center-classes are held there; open hours are also available for students, faculty and staff.

Wellness Center- student-staffed resource and referral info.

Films/TV Lounge

Art Gallery

Student Parliament/Campus Service Board Office

Campus Center office-photo ID cards, locker rentals, housing and roommate info.

Academic Services

Pac-Tac Office-Police and Citizens Together Against Crime

On the 5th floor of the campus:

Student Services Center-academic advisement, counseling (admissions/career/personal), EOP, job bank/job placement, SIGI Plus, TASC, transfer info and veterans services.

Financial Aid Office-student loan and financial aid info and workshops

Community Education Office-GED program

Foundation Office-alumni services

Corporate Services

Executive Deans Office

Public Safety Training Center

Partnerships at Damon- AmeriCorps, Compeer, Dislocated Workers, Liberty Partnerships, STAGE.

Old Hang Out Spot Changed to Academic Advisement Center

by Christina Christman

Students may soon find themselves having a hard time gaining access to the Brick Lounge for study or social activities. As part of a renovation project the Brick Lounge will become the new Academic Advisement Center.

Thomas Flynn, Vice President of Student Affairs, said the choice of the Brick Lounge for the Advisement Center was basically one of convenience. "For the past several years the academic advisement program has been being used inside the Brick Lounge area... we've tried to find some other space for academic advising but students want it centrally located where they are," said Flynn "We said, look, since we already use it for academic advising, then let's formally call it that, an academic advisement area."

Richard Ryther, director of the Student Center, said the Academic Advisement Center would be phased in beginning in September 1997. The lounge will remain the Advisement Center for approximately eight months out of the year. The other four months it would revert to a quiet study area, a change from the present use as a TV Lounge.

According to Ryther, the project is being funded by the MCC Association. The money will come from the Development Fund. The Development fund is maintained by surplus money from other accounts and was established to provide enhancements for the campus.

Ryther also said student activity fee money would not be used to fund the project. He said student activity fee money is used exclusively to fund student clubs and

Immunizations . . . Continued

Continued from Page 5

cerning these requirements, please call or stop by Health Services, Bldg. 3, Room 165,

Monday - Friday 8:45 a.m. - 4:45 p.m.

Health Services at Monroe Community College are available to any student who is enrolled in the college. We encourage you to use our services when you are ill, concerned about a health problem or need to talk about a health-related issue.

To help us give you the best possible service, please note the following information:

Unless it is an emergency, all students are seen on a first-come, first-serve basis.

A nurse practitioner is available part of each day. An initial visit with a nurse is required to have an appointment scheduled with the

nurse practitioner.

Our staff is available to treat acute and minor illnesses and injuries. (Chronic problems such as high blood pressure, heart disease, chronic allergies should be treated and followed by your personal health care provider).

MMR (measles, mumps, and rubella) vaccinations are given in the Health Services each weekday from 8:45 a.m. - 4:00 p.m. You will need to show documentation of your previous vaccination history to determine if additional immunizations are warranted.

If you are disabled, you should contact Health Services as soon as possible about your specific needs. We can offer assistance in planning your college experience and make referrals for other services that are available.

If you are absent from class for any health-related reason, please contact Health Services. At the time of your call, we will provide you with additional information relative to your absence.

Accident insurance is required for all students who are enrolled in (9) nine fee hours. This insurance covers you for 24 hours a day, on or off campus. (exclusions are auto accidents, workman's compensation or pre-existing conditions).

If you attend part-time, you are encouraged to purchase this low cost insurance by paying the fee at the Bursar's Office.

An optional sickness insurance is also available at a very low annual fee.

If you have no other medical coverage, we encourage you to consider this opportunity.

Health Services is located in Building 3, Room 165. our office is open each weekday from 8:45 a.m. until 4:45 p.m. Our phone number is (716) 292-2018.

TASC: Welfare Reform in Action

by Jim Graham
TASC Career Employment Specialist

Did you know that out of the 13,000 plus students that attend Monroe Community College, close to 10 percent of them, receive temporary assistance through the Monroe County Department of Social Services?

Temporary Assistance for Student Careers, or TASC, is the College program that provides supportive services to these students. A prior effort called PACE (Public Assistance Comprehensive Employment) began in July 1986 and evolved in July 1993 to the more comprehensive TASC Program.

The purpose of TASC is to "fa-

cilitate economic independence through employment" for its students. Last year, more than 100 TASC students obtained employment, with the majority completing an associate's degree.

Because most TASC students are single parents who haven't been in school for a number of years, or struggled in high school, the TASC staff at both the Brighton and Damon campuses provide academic, personal and career counseling, as well as tutoring services, financial aid advisement, community referrals, employment readiness training, job club and placement support.

There are also four full-time and two part-time Department of Social Services Employment Examiners positions located on-site to

help students process DSS requirements to attend MCC and to arrange daycare and transportation allowances. TASC also administers an on-campus Work Experience Program (WEP) for recipients required to work for their benefits.

One hundred and fifty three TASC students were named to the Dean's List during spring semester, and of the 56 MCC students recognized in Who's Who in Community Colleges last year, 27 were TASC students.

For more information about TASC, visit our Brighton office in Building 3-103 (292-2430) or our Damon City Campus office on the 5th floor of the Sibley Tower building (262-1530), in the Student Services Center.

Student Senate

What does the Student Senate do?

*Shares in the governance of the college.

*Oversees the allocation of \$1,000,000 in student fees.

*Serves on college committees.

*Investigates student concerns.

*Charters new student organizations

*Represents student opinion to the college administration.

*Initiates, proposes, and debates resolutions of concern to its constituency and to the college.

How can I voice a concern?

*Represents student opinion on faculty committees which affect academic concerns, policies, grievances, and curriculum.

*You can call the Senate office at (716) 292-2546.

*Visit the Senate office in building 3, room 115.

*Attend a Senate meeting. The Senate meets on Tuesdays at 2:15, in bldg. 3, room 105.

Everyone is welcome.

The MCC Child Care Center Offers Programs To Fit Your Needs

Submitted by Child Care Center

MCC Child Care Center has a variety of Summer Programs designed to compliment the work and play schedules of summer students. Whether you are enrolled full time and need a fun program for your child M-F, or you plan to get in shape by working out at the Human Performance lab three mornings a week, we have an enrollment option to serve your special needs.

Infants and Toddlers enjoy water play, walks, stories, and lots of opportunities to develop their emerging language and physical development. Our nurturing experienced Infant teaching staff, under the supervision of Justine Glover Adams and Evelyn Jones, apply their knowledge of Infant Development to provide a stimulating environment for our youngest students. Rest assured they will be comfortable and happy in our air conditioned, state of the art facility.

Two year olds enjoy exploring the world around them through music, art, literature, and lots of opportunities for constructive play

time. Picnics, and time to run and climb on their very own playground, make coming to MCC an exciting experience. Molly Cupello and Michelle Froelick have a wealth of activities in store for this age group.

Three year olds enjoy all of the activities above, plus opportunities to work on our Mac Computers and to go on Field Trips. Angela LaMothe is our in-house three year old expert.

Four and Five year olds can enroll in our *Summer College for Preschool* Program. Designed to prepare students for Kindergarten. Children can enroll for 1, 2, or 3 two week sessions. Each session

focuses on a special theme, with educational enrichment activities in literature, story-writing, math, and science. Caryn Chilas directs these very special pre-kindergarten sessions. DSS funding is available for all programs housed at the Child Care Center.

If your child has completed Kindergarten, he or she is eligible to participate in our popular *Summer College for Kids*, which is housed exclusively at the college in the modular building.

Children up to grade 6 can enjoy activities in the computer lab, the cooking lab, the pool and the gym. The ideal blend of educational and recreational activities is

lead by certified teachers under the enthusiastic direction of Anne Marie Guerra. It is guaranteed to kindle an appreciation of the many

exciting opportunities available to our very youngest students on the MCC campus! Call ext. 2640 for additional information.

MCC DINING SERVICES BY SERVRITE A FINE HOST COMPANY

MCC Dining Services would like to welcome you to Monroe Community College. The Dining facilities at MCC consist of two newly remodelled cafe areas, the *Terrace* and the *Forum*.

The Terrace offers you our food court, or as we call it the "Quick Pick Cafe". It offers a wide variety of freshly prepared items with little to no waiting. Pizza Hut Express and Taco Bell Express are two of most popular areas in the Terrace. But don't miss out on our Old World Deli featuring fresh cut deli meats and cheeses on your choice of sliced breads, or try one of our subs or mini subs on fresh baked rolls from Lipani's Bakery. All our deli sandwiches include your favorite toppings like mayo, mustard, oil, lettuce, tomatoes, hot peppers, mild peppers, pickles and even horseradish all at no extra charge.

Ziggy's Grill is the place to be for those great breakfast sandwiches, omelets, pancakes, thick cut french toast and those great home fried potatoes with fresh seasonings and garlic. Our Ziggy's grill cook will be happy to help you start your day. For lunch, Ziggy's Grill offers those famous steak sandwiches with peppers, mushrooms, onions and cheese, grilled burgers and a daily lunch value meal consisting of a sandwich item, 16 oz. beverage and fries.

Our Bakers Market offers fresh baked muffins in the morning (try the chocolate chocolate chip, they're awesome!!). Wow!! We even serve Manhattan Bagels delivered to our door daily with cream cheese, jellies and butter. At lunch time we offer fresh baked Brad's Cookie Nook Cookies along with pies and puddings.

The Terrace also offers our Garden Salad Bar consisting of over 30 items and 2 hot homemade soups. And let's not forget "Quickpics" which has all your favorite munchie foods, mozzarella sticks, chicken fingers, chicken and fish sandwiches, nachos, breaded mushrooms and many, many more items.

The Forum has just been remodeled and also offers a wide variety of food items. Ziggy's Grill has a hot food line featuring daily entree items. (Don't miss our famous Taco Salad.) It also features Ziggy Basket meals that consist of a sandwich, fries and 16 oz. beverage at a great value price. On some days we offer a Pasta Saute or Oriental Saute, watch for our menus. Check out the new deli, it's twice the size, featuring the same great selections as the Terrace. The Forum also features a salad bar and fresh-made soups along with a large variety of bottled beverages and Ice Cream Novelties. CAB (Campus Activities Board) sponsors *Club Wednesday* in the Forum, which consists for entertainment while you dine. Watch for their calendar of events.

Hours of Operation:

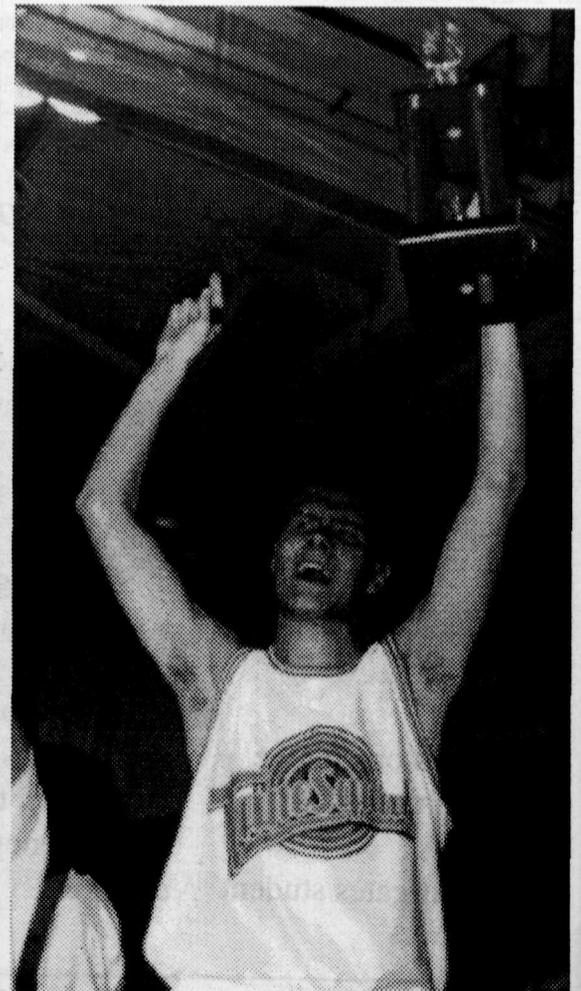

- Terrace:**
- Mon. - Fri.**
- Breakfast: 7:30 a.m. - 10:20 p.m.
- Taco Bell & Pizza Hut: 9:30 a.m. - 2:00 p.m.
- Lunch: 11:00 a.m. - 2:00 p.m.
- Forum:**
- Mon.-Thurs.**
- 11:00 a.m. - 7:00 p.m.
- Fri.** 11:00 a.m. - 3:00 p.m.

MCC's Radio Station In Need Of Staff

Several new staff members are needed at WMCC to fulfill positions for the upcoming semester's board of directors. The station is in need of a Personnel Director, a Business Director, a Publicity Director, along with a Chief Engineer, a Sales Manager and DJ's.

If you are interested in any of these positions, stop by the station at 3-111 (across from the Student Service Desk) or call 292-2541.

The Counseling Center Welcomes You

The Counseling Center staff welcomes you to MCC. We are very pleased that you have chosen to continue your academic career at our college. Many of you will begin classes in the Fall knowing exactly what you want to do in life; others of you may need some assistance in making decisions about your life and career. That's where we come in!

Whether you are needing to make a career choice, advice on balancing the demands of college with a family and/or a job or counseling to address personal concerns, we offer a variety of free services that can help you succeed at MCC. The following is a partial list of these services:

*workshops on a variety of topics covering personal growth, career develop-

ment and study skills and techniques

*career and personal counseling

*academic assessment and advising services

*veterans services

*services for students with disabilities

*program changes

We hope that you will take advantage of what we provide. For more information, you can call us at 292-2030 or find us in Building 1, room 23 1. We are open Monday - Thursday from 8 a.m. until 7 p.m. and on Friday from 8 a.m. until 4:45 p.m. We look forward to meeting you!

Financial Aid At Monore Community College

Monroe Community College participates in a number of federal and New York State financial aid programs for both part time and full time students. Qualified students may apply for funds from: (All students must be accepted for admission to receive any financial aid funds for which they may qualify.)

Full Time Students (12 or more semester hours each semester):
Federal Pell Grant

Federal Supplemental Opportunity Educational Grant
Federal Work Study

William D. Ford Federal Direct Student Loans

Federal Direct Stafford Subsidized Loans

Federal Direct Stafford Unsubsidized Loans

Federal Direct Parent Loans for Undergraduate Students (PLUS)

New York State Tuition Assistance Program

New York State Special Scholarships

Part Time Students:

Federal Pell Grant (3 or more semester hours)

William D. Ford Federal Direct Student Loans (6 or more semester hours)

New York State Aid for Part Time Study Program (APTS - 3 or more semester hours)
New York State Special Scholarships (varies with program)

All students must file a 1997-98 Free Application for Federal Student Aid (FAFSA) to apply for any of the federal student aid programs listed above. Students must file a TAP Payment Application for TAP and an Aid for Part Time Study Application for APTS. There is additional information in the MCC Catalog regarding applications, deadlines, how to qualify, etc.. It is very important that each student read this information and contact the Financial Aid Office with any questions. The MCC Catalog also provides information on eligibility for financial aid including how your academic progress affects whether or not you receive financial aid. Please carefully read the information on attendance and withdrawal from classes.

The Financial Aid Office is located in Building 6, Room 207. We are open 8:45-4:45 when the College is open. In addition, the Financial Aid Office will be open until 7:00pm on the following dates:

Monday - Thursday, August 18-21, 1997

Monday - Thursday, August 25-28, 1997

Tuesday - Thursday, September 2-4, 1997

We will also be open the following Saturdays from 9-12:

Saturday, July 12
Saturday, August 9

MCC Services Are There To Help

by Kim Shrout
reprinted from Summer 1996

Monroe Community College is a melting pot of people. The student population consists of full-time and part-time students; some who attend during the day and those who are only here weekday evenings and on Saturday mornings.

Students who attend classes evenings and Saturdays may not see much of what goes on during the day. Therefore they may tend to feel a little isolated from the rest of the population.

The following is a list of some of the services available to all students. For further services consult your *Catalog and Student Handbook*.

Counseling Center

Bldg., 1, Room 231
Hours: Mon-Thur 8a.m.-7p.m.
Phone: 292-2030

Services Available:

Services Include: check cashing, purchase of money orders, postage stamps, bus passes, bus tickets, and discount movie tickets for Loews, General Cinema, and Jo-mor Theaters, locker rentals, tickets for campus and community events, vending machine refunds, and distribution of general information.

Electronic Learning Centers

The Electronic Learning Centers provide a central location for students to use computers and audio-visual equipment and materials. There are ELC's at both Brighton and Damon Campus. At Brighton the ELC is located on the first floor of Building 11, and the Damon Campus ELC is on the fourth floor.

Learning Centers

MCC has numerous learning centers, where students may receive help from faculty tutors, video instruction or computer software.

At the Damon City Campus, the Learning Resources Center consists of two general areas. The Electronic Learning Center is an open computer laboratory serving students needs for word processing, database programming, spreadsheet layouts, etc. The Learning Resources Desk is the contact area for audio-visual needs and library resources.

At the Brighton campus, there are special learning centers for: accounting, computer graphics, computer related curricula, dental hygiene, transitional studies, mathematics, writing, nursing and psychology.

Library Tours...

Orientation tours will be offered in the LeRoy V. Good Library on the Brighton campus during the first week of the fall semester. No advance signup is required for this half-hour introduction to the library. Meet by the computer catalogs to the right of the Information Desk on the main floor of the library in Building 2 during one of the times listed below.

Tuesday, September 2: 9:30 AM and 12:30 PM

Wednesday, September 3: 12:00 noon, 3:00 PM, and 5:30 PM

Thursday, September 4: 11:00 AM, 2:00 PM, and 5:30 PM

Friday, September 5: 10:00 AM and 12:00 noon

Monday, September 8: 10:00 AM and 5:30 PM

HOROSCOPES

by Jamie Lynn Kerwawycz

Aries (March 21-April 19)

Someone close to you is feeling lonely, let them know you care by standing by their side. (lucky no. 12, 15, 19)

Taurus (April 20-May 20)

Tend to a domestic duty that has been neglected. Let a new romantic relationship bloom. (lucky no. 5, 10, 20)

Gemini (May 21-June 20)

Someone may need extra attention this week. Let a complicated situation die down. (lucky no. 18, 24, 26)

Cancer (June 21-July 22)

A bright idea could spark good business investments. A smile brings cheer. (lucky no. 11, 18, 22)

Leo (July 23-Aug. 22)

Stay out of a tricky situation involving a friend. The moon brings a change in attitude. (lucky no. 4, 9, 13)

Virgo (Aug. 23-Sept. 22)

Do the out-of-character thing this week. Go spring shopping. The nice weather brings happiness to your life. (lucky no. 32, 46, 51)

Libra (Sept. 23-Oct. 22)

A move may be in the future. Be flexible. Take advice from a good friend. (lucky no. 11, 18, 19)

Scorpio (Oct. 23-Nov. 21)

Study for upcoming exams. Take a stroll down memory lane by calling an old close friend. (lucky no. 36, 39, 45)

Sagittarius (Nov. 22-Dec. 21)

Money matters look shaky, so look to a financial adviser. (lucky no. 20, 26, 28)

Capricorn (Dec. 22-Jan. 21)

Look towards unexpected sources for motivation. A younger sibling could offer good advice: take it. (lucky no. 25, 42, 46)

Aquarius (Jan. 22-Feb. 18)

Since you are doing so well this time around. Give advice to others, to help them for a change. (lucky no. 21, 2, 36)

Pisces (Feb. 19-March 20)

Take a chance and help out a friend in need, if they want the help or not. They will be thankful later. (lucky no. 12, 7, 9)

Help Wanted!

by Christopher Herman
Editor-in-Chief

The fall semester is quickly approaching, and with that, another year of the *Monroe Doctrine* will begin.

Many members of the current staff graduated or transferred at the close of last semester, opening many opportunities for new staff members.

Positions that will become available include: News Editor, Entertainment Editor, Opinion Editor, Sports Editor, Cartoon Editor, Advertising Manager. Also needed are cartoonists, writers (in all areas), advertising sales representatives, photographers, and computer production workers.

No experience is necessary. The *Monroe Doctrine* promises to train any and all interested in any type of work.

A three-credit hour or six-credit hour course, Publication Practice, is available to any staff member but not required. Also, POS internships, equaling three or four credits are available to those interested.

Being a staff member is not limited to producing a weekly newspaper. Many writing workshops,

tours of local newspapers, conventions with other college newspaper staffs, and educational and social opportunities await.

Last year, staff of the *Monroe Doctrine*... went to two **Chicago Bulls Games**, obtained two season passes to the **Rochester Americans, Knighthawks, Rhinos** and passes to the **Rochester Red Wings**.

In addition, members attended free concerts, movies, and even **traveled to New York City to attend a training conference!**

As with any co-curricular program, the opportunities don't stop there. Make new friends, get involved with student leaders, and have a say about what's going on at your school.

If you interested in joining the **Best Club on Campus**, please call either Chris Herman, at the Doctrine office 292-2539, or faculty advisor Tom Proietti at 292-3395, or you can return the following survey to your peer leader, or stop into our office, room 3-109!

If you forget to call, don't worry — nobody will be turned away!

YES! I want to join the Coolest Club on Campus!

Name: _____

Address: _____

Phone number: _____

What would you like to do for the newspaper?

Would you be interested in becoming an editor?

YES **NO**

Clubs and Organizations On Campus

ASIAN CLUB

ASSOCIATION OF COMPUTER USERS

Organized to foster a better understanding of the vital role computers have in business and management and the necessity for a professional attitude in the use of the principles underlying the science of computer technology.

BAHAI CLUB

BI-SEXUAL, GAY and LESBIAN UNION (BI-GLU) -

To provide support to Gay, Lesbian and Bi-sexual students, to share in cultural events and enhance awareness of the contributions of this culture.

BIOLOGY CLUB

The Biology club is a co-curricular organization of students interested in exploring biology-related programs and activities of interest to club members. Past activities have included sponsoring guest speakers, going on field trips, fund-raising, and idea-sharing. Contact Advisors Ernest Mellas (292-2732) or Jan Peters (292-2194) for more information.

BLACK STUDENT ASSOCIATION

Provides a regular program of social, cultural and educational functions of black students' interests. Establishes active relations among MCC students, staff and faculty and attempts to coordinate its activities with those of other campus organizations.

BUSINESS AND ACCOUNTING CLUB

To expose interested students to the opportunities available in the accounting and business professions through guest speakers, group discussions and field trips.

CABBAGES AND KINGS

A student literary-art magazine published twice a year.

CAMPUS ACTIVITIES BOARD (C.A.B.)

To give students the opportunities to organize and implement activities such as speakers, fund-raisers, and entertainers for the whole student body to enjoy.

CHEMISTRY CLUB

CHESS CLUB

To learn chess in an atmosphere of friendship and play and to produce quality chess players through workshops and exhibitions.

CHRISTIAN FELLOWSHIP

To deepen and strengthen the spiritual life of members through Bible study, praise, prayer and fellowship with one another.

COLLEGE DEMOCRATS CLUB

Brings together people interested in political, social and civil growth at the college level and throughout the community.

DECA

To develop a respect for education in marketing and distribution, to promote understanding and appreciation for the responsibilities of our free, competitive enterprise system.

ENGINEERING CLUB

Provides communication between students and practicing engineers and assist students in deciding what field to pursue.

Entrepreneur CLUB

ENVIRONMENTAL AWARENESS ORGANIZATION

Educates the college community about environmental threats and problems.

Fire Protection Society

GEOLOGY CLUB

Further the aims and ideas of geology by increasing communication between students, faculty and other interested persons. Field trips further knowledge in this field and contribute to the MCC geology program.

GOSPEL CHOIR

To spread the Word of God through the medium of music, to help students become more proficient at singing religious music and provide the opportunity to do so.

HEALTH PROFESSIONS

Promotes the health professions and healthy life-styles through speakers and field trips.

HOLOCAUST/GENOCIDE

Serves as a network for the advancement of Holocaust/Genocide programming, awareness, research and education.

HOSPITALITY CLUB

Promotes knowledge of the Food and Hotel industries by providing the opportunity for the exchange of ideas through tours, catering, guest speakers and conferences.

INTERIOR DESIGN CLUB

Wanted: Outgoing, self starter. People wanting to get involved in an interesting career in Interior Design. For those who are artistic, and ready to have a job in two years, this is what we have to offer. Many exciting courses are available from drafting, to the history of Interior Design. Not only will you learn an interesting and artistic trade but the Interior Design Club offers speakers in the business, fund-raisers, and exciting trips to big cities, such as, Chicago and New York City. Interior Design is a fast growing career, whether you are looking towards opening your own business, working in retail, or in an Interior Design Firm. To get involved, contact Randy Johnson, Office 5-206

LATIN PRIDE

To bring about an awareness and to promote an understanding of the Spanish culture to students, faculty and administration of MCC.

LEADERSHIP DEVELOPMENT

Enhances academic performance and goal achievement through study sessions, support services, active contact with faculty, counselors and advisors.

Magnario CLUB

MONROE DOCTRINE

Students actively participate and learn the various aspects of producing a weekly news publication aimed to keep the college community informed of all current and pertinent events. All communication skills are used from writing to photography to advertising and layout.

MAJOR PAIN (STEP TEAM)

MOON CIRCLES

MUSLIM CLUB

Provides opportunities for Muslim students to gather in religious and academic activities.

NATIVE AMERICAN

Promotes and shares the culture of Native Americans and to provide a support group for Native American students at college.

NEWMAN CLUB

A presence of the Catholic Church in college which strives to relate the Gospel message to contemporary issues. Assists students as they develop their total human potential within the context of the Christian tradition.

OAU

To promote and organize camping, backpacking, and other outdoor activities among the students of the college through trips, meetings and social events. For more information please come to room 3-107.

PARENTS PLUS

To provide a network for students who are parents at MCC. Forums for single parents, parents with special needs and parents of adolescent children are provided as well as social events for families.

PHI THETA KAPPA (Honor Society)

To recognize and encourage scholarship among community/junior college students. The fraternity provides the opportunity for the development of leadership and service and for stimulation of interest in continuing academic excellence.

PHYSICAL STUDIES

Shoestring Theatre

STUDENT AMERICAN DENTAL HYGIENISTS (SADHA)

To cultivate, promote and sustain the art and sciences of dental hygiene and to learn how the parent organization. (American Dental Hygienist Association and N.Y.S. Dental Hygienists Association) functions.

SEARCH & RESCUE

SKI CLUB

To promote and organize skiing in all its forms, as well as other outdoor activities, through trips, meetings and social events.

SOCIETY MANUFACTURING ENGINEERS

To broaden the engineering knowledge of its members and to further their awareness of the advancements in today's technology.

STUDENT ART ORGANIZATION

To encourage and expand the interest and cultural awareness of students and the college community in art through trips to art museums and galleries, films, workshops and speakers.

STUDENT MUSIC ASSOCIATION

STUDENT NURSES ASSOCIATION

Helps new nursing students adjust to the requirements and stress of the nursing program through such activities as counseling, promotes cohesiveness among nursing students, providing them with a social base and provides service to the community.

STUDENTS FOR CHOICE

To stand as an impartial resource for information involving the issues of choice and to act as a positive agent for advocacy of choice under the law

STUDENTS FOR LIFE

A non-violent, non denominational group, embracing all persons who value the sacredness of human life.

TRAVEL & TOURISM

WELLNESS CENTER

WMCC

To provide training and services for those who wish to take advantage of the knowledge, experience and opportunity to be gained in the and communications field.

For more information on Clubs and Organizations, contact The Student Center at 292-2532, 292-2534.

MCC Athletic Department

Men's Golf

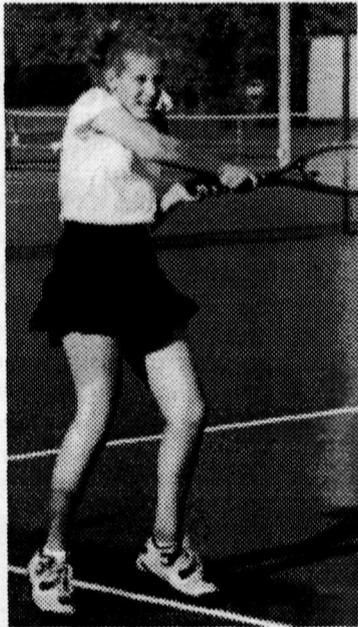

Head Coach Hal Roche has 31 years of MCC golf experience and just seems to get better with time. His linksters posted low scores at the Region III Championship Tournament and captured their unprecedented fifth Region III Championship and national tournament berth. Last year, Brian Bombard won the NJCAA Tournament, the only first place med-

alist in school history, considering that several top flight golfers have played here including Jeff Sluman (PGA Championship winner '88) and Paul Bonacchi (2nd NJCAA National Tournament '94). If you think you can hit the fairways and put it on the green every time, then give coach Hal Roche a call at 292-2851.

Men's/Women's Tennis

The women's and men's tennis teams have flourished over the years at MCC. The women have eight Region III titles in the past 13 years and qualified for the national tournament this past season. The men have had several individual Region III champions and are always the team to beat. The teams are in search of that powerful serve and great net play, so if you can get it done, call 292-2830.

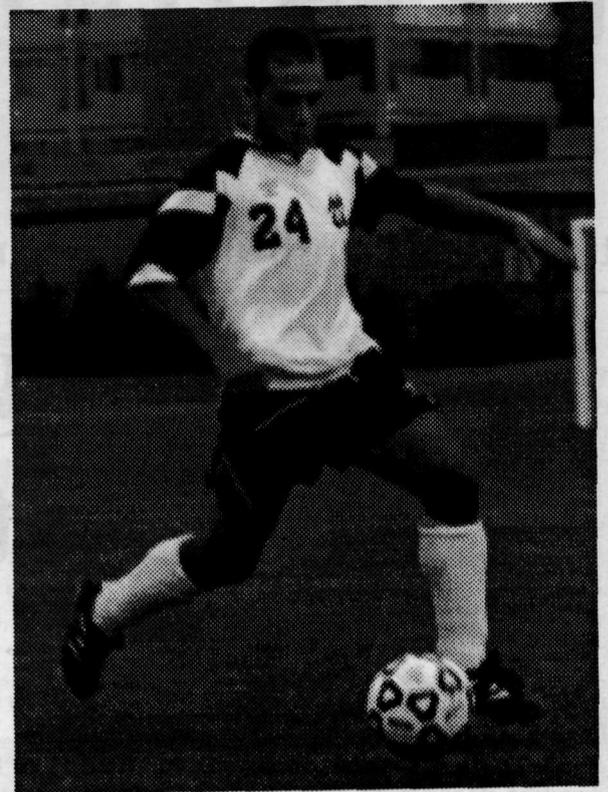

Men's Lacrosse

The Men's Lacrosse team improved every year and for six seasons the Tribunes have vied for the Region Championships and have been very competitive year in and year out. The Tribunes are always in search of good sticks and if you think you've got what it takes, just contact the athletic department at 292-2830.

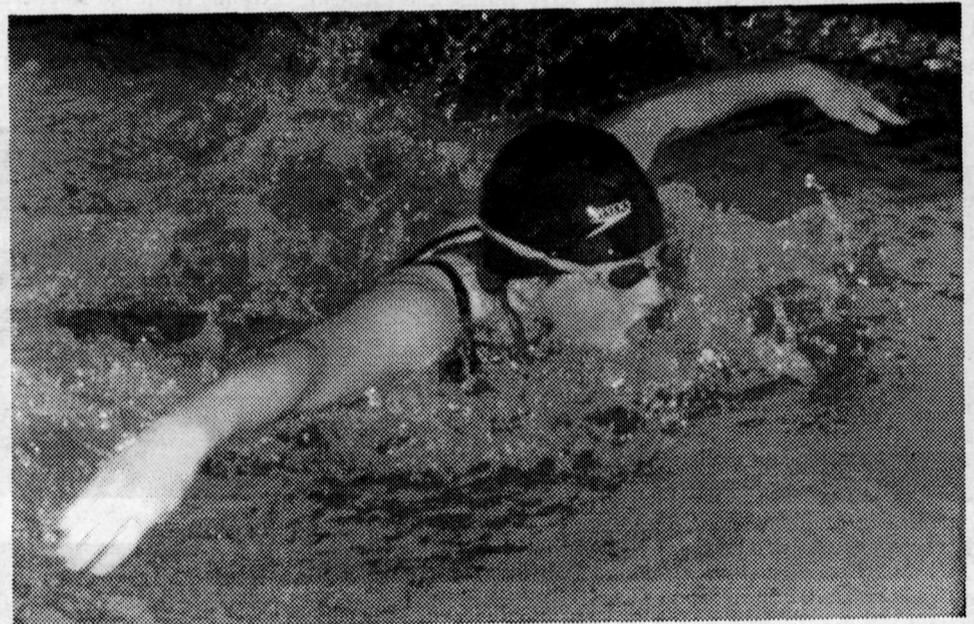

Men's Soccer

Nelson Cupello finished his sixth campaign with a Region III Championship and an MCC career record of 94-25-4. His teams have reached the finals each of the previous five seasons. Nelson is a former MCC All-American. Before MCC, his previous head coaching duties at SUNY-Fredonia lead the teams to a 61-24-11 record. His Fredonia teams won two SUNYAC Tournament semi-finals twice (in 1985 and 86). Coach Cupello has recruited and coached several All-Americans and is always looking for more. All goal scorers and defenders contact Coach Cupello at 292-2847. Try outs begin in mid-August.

Men's/Women's Swimming

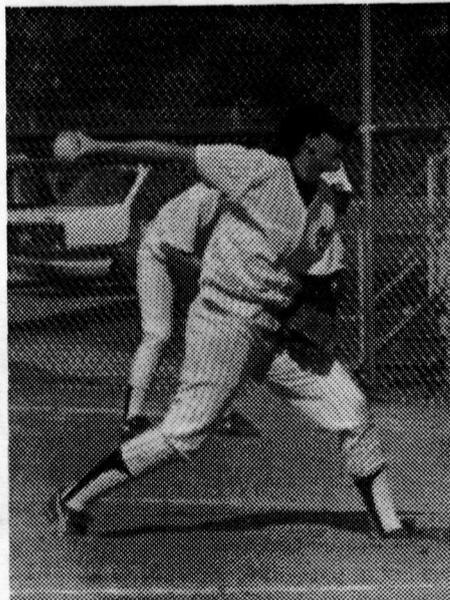

The head coach for the men's and women's swimming team is Dan Dubois. Dan's nationally recognized swimming program is al-

ways posting low times in all of the swimming and diving events and finished 7th and 9th respectively, at the nationals this past sea-

son. If you have the strength and the speed to compete at the next level, contact Coach Dan Dubois at 292-2846.

Women's Volleyball

MCC is proud of the new women's volleyball team that began in the fall of 1996. If you have varsity high school experience, a good serve, and a mighty spike, contact Coach Calvin Gantt for August try-out dates and more information at 262-1752.

Women's Softball

The women's softball team won the Regionals three years ago and were again very strong even after losing most of the championship squad. This past season, the Lady Tribunes played in the district championships. If you have a good bat and glove call 292-2856.

The Monroe Doctrine Sports Department

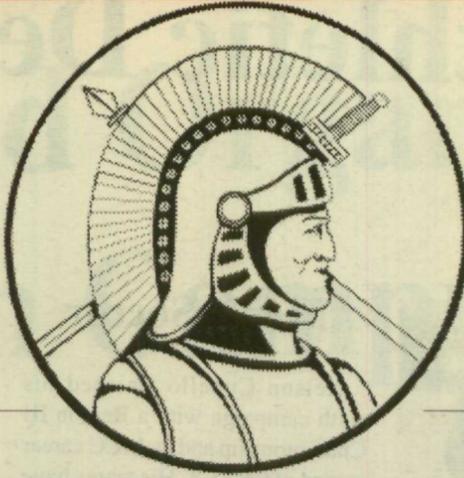

The Monroe Doctrine Sports Department is also seeking sports enthusiasts to fill spots in the Sports Department and in other departments.

If you are interested in going to free sporting events, or would like to help the department in any other way, please call 292-2539 or stop into room 3-109 anytime.

Last year sports writers and photographers enjoyed free Amerks, Knighthawks, Rhinos, and Red Wings passes. They flew to Chicago to cover two Bulls games, and more!

If this much fun sounds inviting to you, please call the Monroe Doctrine Sports Phone at 292-2540 for more information... also call this number to report or inquire about MCC sporting events!

Something For Everyone With MCC Athletic Department

Bruce "Murph" Shapiro, has been the Athletic Director for six years after teaching in the physical education department and coaching several sports over a twenty-six year involvement with MCC. Murph was the head coach of men's basketball for sixteen years compiling an impressive 335-98 record through 1985. He also coached the women's tennis team to a Region III championship

and coached the women's softball team.

Since taking over as, athletic director, his leadership and guidance have led to the continued success that our school has enjoyed for many years. One of Murph's first jobs was to hire a basketball coach, Jerry Burns, and the team is one of the most successful basketball programs in the country to date. Another Shapiro hiring is

fourth year women's soccer coach Penny Fuehrer whose team won the national championship last year and finished 2nd this year. Shapiro was instrumental in getting the National Youth Sports Program to MCC, a six-week camp for economically disadvantaged youths from the Rochester community. It has been nationally recognized as one of the top camps of over two hundred in the coun-

try. Murph, with several community leaders, has established the Pete Pavia Male and Female Athletic Scholarship Award, the new male and female team locker rooms, and several other additions to the athletic department. Murph expects the highest level of success and his coaches have maintained that level of success in all the sports programs at MCC.

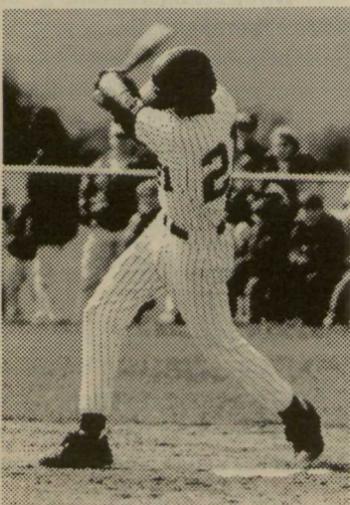

Women's Soccer

Head Coach Penny Fuehrer entered her third season for the women's soccer team with high expectations. The ladies achieved all of the team goals by winning the Region III Championship and a number one national ranking, then kicked their way to a national championship, the fifth in school history. This past season the team played for the national title again but lost 2-1. Coach Fuehrer and assistant coach Tracey Fiume encourage anyone interested in try-

ing out for the perennial national contenders to contact them at 292-2835 as soon as possible. Try outs begin mid-August.

Men's Baseball

Dudley "Skip" Bailey is the Assistant Athletic Director. Skip is the academic eligibility coordinator of all of our athletes who participate on any of our 13 Tribune intercollegiate teams and is in charge of intramural recreation. Skip became the second baseball head coach in school history this season and won his first conference title and finished the spring season with a 37-13 record. He was the assistant baseball coach for 17 years as well as a former baseball player and graduate of MCC. The baseball team has a great tradition of success and has had over 50 players sign professional contracts over the years. If you can hit homers, field or pitch with the big boys, contact Coach Bailey at 292-2833.

Women's Basketball

Another very successful team is the Women's Basketball Team. The Lady Tribunes played for the national championship this past season for the second consecutive year. The team has posted school records for, most wins in a season, the past four years culminating with the 1996-97 school record, 31-2. The always competitive Lady Tribunes are looking for shooters and ballhandlers to mix with the returners. Contact Coach Tim Parinello at 292-3391.

Men's Basketball

Jerry Burns is the men's Head Basketball Coach. Jerry has compiled an outstanding 149-36 six year record with a third place finish at the NJCAA National Tournament in 1993-94 where coach Burns earned Region III Coach of the Year, New York State Junior College Coach of the Year, and Junior College Coach of the Year by Basketball Times Magazine. Under Burn's direction the Tri-

bunes won three consecutive Region III titles from 1994-96. With hard work and diligent recruiting Coach Burns looks forward to another successful year with assistant coaches Al Butler, Don Bovenzi, and Chris Meehan; who is also the Sports Information Director. Anyone interested in dunking for the team, contact Coach Burns at 292-2832 or Coach Meehan at 292-2837.
