QUICK ANSWERS to important questions
Answers to questions that students most often ask and some warnings of pitfalls to avoid.

1. Who can attend Summer Sessions?
   Students who attend other institutions and non-degree students, as well as Stony Brook students. You must, however, meet any course prerequisites. Also, if you wish to continue studying at Stony Brook after the summer, you must follow the appropriate application procedures.

2. What is the SOLAR System?
   This is Stony Brook's online student records system. You can register for, drop, and pay for your classes on the SOLAR System. You can also use it to view your class schedule, to see where your classes meet, and to view your grades at the end of the summer.

3. How do I find course schedules and descriptions?
   Visit the SOLAR System (www.stonybrook.edu/solarsystem) to view course schedules, descriptions, and class meeting locations. You do not need a Stony Brook ID number; just log in as a GUEST.

4. How do I register for classes?
   If you are an SBU student, you enroll in Summer Sessions classes on the Web just as you would during the academic year. If you are a visiting student, you must first submit either the visiting undergraduate student or the visiting graduate student application. Then follow the instructions for the SOLAR System on page 31.

5. Why do I need a Stony Brook ID number?
   You need this number to register and pay for classes, look up your class schedule, view your grade(s) on the SOLAR System, or have a transcript sent to another institution.

6. What do I do if I have forgotten my ID number?
   If you have forgotten your ID number, you must come in person to the Registrar's Office and provide us with a photo ID for proof of your identity. If you have forgotten your password for the SOLAR System, follow the directions on the SOLAR System.

7. Will I be automatically dropped if I never attend any classes?
   No! If you change your mind about attending Summer Sessions, you must drop your class(es) yourself, otherwise you will be liable for all charges. You can drop classes on the SOLAR System.

8. How can I check my schedule and find out where my class meets?
   Log into the SOLAR System with your Stony Brook ID number and password.

www.stonybrook.edu/solarsystem
9. When and how do I pay for my Summer Sessions classes?
You have seven (7) days after registering to pay for your classes. You may pay for them on the SOLAR System or by mail. You may also use the Time Option Payment Plan (TOPP) to spread out your payments.

10. Why do I need a campus ID card?
You need this card to participate in a summer meal plan, check books out of the library, register your vehicle, use the fitness center and gym, and to receive any student discounts. You will need your Stony Brook ID number to obtain your campus ID card.

11. Where can I park and do I really need a parking permit?
Yes, you need a parking permit to avoid having your vehicle ticketed. Students with valid parking permits can park in one of the free commuter student lots or may pay to park in one of the campus parking garages. You can find out about parking—including any additional lots that may be open to summer students—during the first week of each session’s classes at information booths at the main entrance on Nicholls Road and at the commuter student parking lot adjacent to Stony Brook Road.

12. Is financial aid available for the summer?
It may be. If you attend Stony Brook during the academic year, check with Stony Brook’s Financial Aid Office. If you attend another institution, check with its Financial Aid Office.

13. Should I register for the Pass/No Credit Option in the summer?
If you are a visiting student, ask your home institution whether or not they will accept a “P” on your transcript. Stony Brook students should refer to the Pass/No Credit policy detailed in the Undergraduate Bulletin. All summer students are limited to four (4) P/NC credits per session and a total of eight (8) P/NC credits during the entire summer.

14. How can I have a transcript sent to the school I attend during the academic year?
The Registrar will send an official transcript to your school upon receipt of your written request and a fee of $5.00, provided your account has been paid in full. You may download the request form from the Registrar’s Web site. Wait until your classes have finished so that your grade(s) will appear on the transcript.

15. Where can I eat on campus in the summer?
Check at one of the information booths or pick up the Summer Sessions FAQ Sheet to find out what dining facilities, other than the Student Activities Center, may be open in summer. The FAQ sheet will be available on June 1.

Please refer to the Table of Contents or Index of this Catalog for where to find more information about any of these questions. All information in this Catalog is subject to change without notice.

WHAT YOU SHOULD KNOW
about summer classes

• Course Levels
  Courses numbered 100-299 are at the freshman-sophomore level.
  Courses numbered 300-499 are at the junior-senior level.
  Courses numbered 500 and above are graduate courses.

• Graduate courses that begin with prefixes other than CE
  These are open to SPD graduate students and non-Stony Brook graduate students with permission of the academic department. Call the appropriate department about graduate independent research or reading courses or an internship during the summer.

• Class Meeting Days, Times, and Course Descriptions
  Class meeting days and times can be accessed as a PDF file from the Summer Sessions Web site, or by subject on the SOLAR System, along with the class numbers (needed for registration). Course descriptions, with the exception of specific topic descriptions, appear only on the SOLAR System. Descriptions of Summer 2004 topics for courses that may be taken more than once as topics change are listed in this catalog and on the Summer Sessions Web site.

• Classroom Assignments
  You may access classroom assignments on the Web through the SOLAR System. During the final week of registration classroom assignments will be posted outside the Registrar's Office, second floor lobby of the Administration Building. Any changes in class meeting days or times are also posted there and on the Summer Sessions Web site under the Updates link.

• Course Prerequisites and Permission
  It is up to you to be certain you have met any and all prerequisites for a course before you enroll in it. An equivalent course prerequisite from another college or university is usually acceptable. If in doubt, contact the sponsoring department at Stony Brook. The department addresses and phone numbers appear on page 26.

• Undergraduates Taking Graduate Courses
  If you are a college junior or senior, you may enroll in graduate courses on a space-available basis to increase your knowledge in a particular area, or as part of a combined bachelor's/master's degree program. You must obtain written permission of the course instructor and the School of Professional Development (SPD) for courses beginning with the prefix CE or the Graduate School for all other graduate courses. Use form SUSB 3065, which is available from the Graduate School or SPD.

• Course Changes or Cancellations
  Summer Sessions Updates list closed and canceled courses, along with other important information. These are available on the Summer Sessions Web site and are posted outside the Registrar's Office (second floor of the Administration Building) and the SPD Office (N201 Social and Behavioral Sciences Building). It is a good idea to check the latest update before attending your first class, especially if you have enrolled early in the registration period.

• Register Early!
  Waiting to the last moment to register is the best way we know to kill a class. If we don't have enough registrants by the final week of registration we might have to cancel the course. Trying to register on the last day of registration won't resurrect it.

www.stonybrook.edu/solarsystem
How to Enroll in Classes

To find out how to enroll in Summer Sessions classes on the online SOLAR System, please see the section on How to Enroll later in this catalog.

If you are new to Stony Brook, you will be assigned a Stony Brook ID number after you have submitted your visiting student application. It is vital that you remember this number and keep a record of it in a safe place! You will need it to register and pay for classes, obtain your grade(s), view your schedule and classroom assignments on the SOLAR System, and request a transcript.

War and The Military: Social and Cultural Impact on Society
This class examines two related questions. The social and cultural impact of war and the military on society leads to a second, larger question: Why study this history, or any history at all, for that matter? We seek answers to these questions by examining topics such as Thucydides' Peloponnesian War, combat in ancient China, the impact of war on medieval Europe, American Civil War reenactors and other Confederates in the Attic, the soldier and identity in the modern period, World War II and propaganda, and the latter day "culture wars" over the teaching of history (and specifically, the history of wars and the military).

HIS/AFS 396-K
Topics in U.S. History: Africans in the Americas—Slavery, Abolition, and Emancipation, 1600 to the Present
This course asks a simple question: What role did enslaved Africans and their descendants play in shaping the histories, cultures, and politics of the societies they inhabited in the Americas? To answer this, we examine pivotal historical moments in the history of slavery in the United States. The course is organized around weekly historical themes such as the middle passage, comparative plantation economies and cultures, and the role of freedmen in slave societies. While we examine the formation and operation of U.S. slave society, special emphasis is placed on its destruction in the 19th century as a result of a series of transformative slave revolts, the abolitionist movement, and Civil War. Finally, we briefly consider the impact of slavery in a post-emancipation society as seen through the movement for reparations in the U.S., the recent revelation that the labor of 400 African slaves was utilized in building the White House, and the attempt by Walt Disney Co. to make the history of slavery a part of a "historical theme park."

Mathematics Sequence Explanation

Stony Brook offers two calculus sequences, a three-semester sequence (MAT 125, 126, 127) and a two-semester sequence (MAT 131, 132) for students able to move at a faster pace. In addition, Stony Brook offers two introductory calculus courses, MAT 122 Overview of Calculus with Applications, and MAT 123 Introduction to Calculus.

Great Books of the Black Experience: Black Women Speak

This course examines the developing voice of Black women from the end of the Harlem Renaissance to the decade-old publication of Sapphire’s Push. Throughout the development of an African American literary aesthetic, the voice of women offers alternative views of seeing the world, while literature written by men has been taken more seriously and more quickly entered into the canon. Topics in U.S. History: Civil War in Film, Fact or Fiction

The issues surrounding the causes and outcome of the Civil War are ones that serve to define America as a nation. Since the first feature-length film was produced in 1903, 700 films have been released that deal with the nation’s most cataclysmic event. As a major force in American culture, how have films created a deeply mythologized version of the war itself, the antebellum period that preceded it, and the Reconstruction era that followed? Through the viewing of a number of films either in part or in their entirety, and centering our analysis on the scholarly work of historians, the course will attempt to evaluate the "representations" presented in the films and assess their impact on contemporary popular memory. Major emphasis will be placed on the portrayal of political figures, women, and African Americans.

The issues surrounding the causes and outcome of the Civil War are ones that serve to define America as a nation. Since the first feature-length film was produced in 1903, 700 films have been released that deal with the nation's most cataclysmic event. As a major force in American culture, how have films created a deeply mythologized version of the war itself, the antebellum period that preceded it, and the Reconstruction era that followed? Through the viewing of a number of films either in part or in their entirety, and centering our analysis on the scholarly work of historians, the course will attempt to evaluate the "representations" presented in the films and assess their impact on contemporary popular memory. Major emphasis will be placed on the portrayal of political figures, women, and African Americans.

Enroll Early!

Please enroll as soon as you can! You can ease the financial burden by using the Time Option Payment Plan (TOPP) to space out your tuition payments. Waiting until the last moment to enroll is the best way we know to kill a class. If we don't have enough students by the final week of enrollment, we might have to cancel a course. Trying to enroll on the day before classes begin won't resurrect the course if it has already been cancelled.

Intensive English Center Programs

www.stonybrook.edu/iec

Stony Brook's Intensive English Center (IEC) offers a summer program of courses and activities in American language and culture for international students and visitors. Students in the basic IEC program attend English language and elective classes on a variety of topics. They are introduced to typical academic situations and join excursions to places of cultural and historical interest on Long Island and in New York City. IEC classes are taught by experienced instructors who have graduate degrees in Teaching English as a Second Language (TESOL) or equivalent professional training.

International students who already have a 530 TOEFL score (CBT 197) may elect to attend the IEC program part-time and take one undergraduate credit course two days a week. For more information, please contact:

Topics in Global Art: Experience of Contemporary Art
This course examines major issues in the art of the 20th and early 21st centuries using the direct experience of art in Manhattan museums and galleries. Approximately half of the class sessions meet with the instructor in museums and galleries to examine assigned issues. The other half of the class is in lecture format and designed to introduce the student to the historical, critical, and curatorial context. Students are expected to meet at the half-dozen sites and pay discounted entrance fees for certain museums: total maximum cost $28, although the figure will likely be lower, depending on the relevancy of what is displayed in museums.

An interdisciplinary introduction to the study of Latinas. The course explores the history and heterogeneity of groups of women categorized as Latinas and focuses on such specific issues of contemporary importance as bilingual education, women's labor, the controversial impact of NAFTA, and religious diversity. MONEY MATTERS what it costs...

When and how to pay, obtaining a refund. How to use the installment payment plan (TOPP). And how to avoid tuition liability if you change your mind about taking a course (very important!).

**TUITION RATES**
- Undergraduate Students
  - NY State Resident: $181/unit
  - Out-of-State Resident: $429/unit
- Graduate Students*
  - NY State Resident: $288/unit
  - Out-of-State Resident: $438/unit

*Matriculated graduate students taking undergraduate courses must pay the graduate tuition rate.

**FEES**
- Student Activity Fee:
  - Undergraduates: $15/session
  - Part-time Graduate Students: $5/session
- Comprehensive Fee: $80/session, plus $.85/credit (College Fee)
- International Summer Student Insurance Fee: $106/session
- Late Add/Drop Fee: $20*
- Late Registration Fee: $40/session*
- Late Payment Fee: $30
- Transcript Fee: $5

All charges are estimated as of December 2003 and are subject to change without notice.

*The late registration, add/drop, and withdrawal deadlines are shown on the Summer Academic Calendar, inside back cover.

The college, student activity, and comprehensive fees are mandatory for all Summer Sessions students. The student activity fee is used to help fund recreational and social activities for Summer Sessions students, as well as to support the ambulance corps, and campus radio and TV stations.

The comprehensive fee funds the Student Health Service, as well as the transportation and technological services available to students, including the free bus service.

You may request a refund of the student activity fee on the basis of financial need, employment, internship/clinical rotation, child care, or commuting by submitting a Student Activity Fee Refund Request Form to: Undergraduate Student Government, 202 Student Activities Center, Stony Brook University, Stony Brook, New York 11794-2800; telephone (631) 632-6460.

If you are a non-immigrant international student, you are required to pay the mandatory health insurance fee listed above prior to enrolling in summer classes. However, if you can provide proof that you already have comparable health insurance, you may request a waiver. Contact the Student Health Insurance Office at (631) 632-6054.

**PAYMENT POLICIES AND PROCEDURES**
Summer Sessions students must pay for their summer classes within seven (7) days of enrolling, unless they are using the Time Option Payment Plan (TOPP). It is important to remember that if you change your mind about attending a class, you must drop the course yourself within the deadlines indicated in the box on the next page. Otherwise, you will be held liable for the applicable tuition and fees, plus additional charges. Non-attendance or nonpayment of tuition and fees does not relieve you of your financial obligation or entitle you to a refund. Until your account has been settled, you cannot enroll in classes or receive a transcript, diploma, or certificate of completion.

**HOW TO PAY**
You may charge your tuition and fees to MasterCard, Visa, Discover, or American Express when enrolling on the SOLAR system (www.stonybrook.edu/solarsystem).

You may also pay in person by cash, check, or credit card at the Student Accounts Office, or mail your payment to: P.O. Box 619, Stony Brook, New York 11790-0619. Please write your I.D. number on your check and make it payable to Stony Brook University. Please call the Student Accounts Office at (631) 632-2455 if you have any questions concerning your bill.

Tuition and fee liability is based on the schedule printed on the next page. All charges are subject to change without notice.

**LATE FEES**
If you enroll for the first time after a session has begun, you are charged a $40 late enrollment fee. If you receive permission to add or drop a course after the published deadline, you are charged a $20 late fee. If your check is returned by our bank, you are charged a $20 fee and you may also incur a $30 late fee.

**TUITION AND FEE LIABILITY**
If you change your mind about taking a course in which you have enrolled, it is imperative that you drop the course, otherwise you will be liable for payment of all tuition and fees. Stony Brook does not automatically deregister students for nonpayment of tuition and fees or failure to attend classes.

● REFUND POLICIES AND PROCEDURES

Because students sometimes prefer that a credit be applied to their account for the following semester, you must request a refund. No refunds will be considered for students who have completed more than one-half of a session or term. Approved academic petitions to cancel courses will not automatically result in removal or adjustment of charges. If you wish to receive a refund to which you are entitled, submit your request to:

Student Accounts Office
254 Administration Building
Stony Brook University
Stony Brook, New York 11794-1301
Telephone: (631) 632-2455
Fax: (631) 632-1308

If you have charged your payment, an approved refund request will be credited to your charge card. You must apply for a refund within one year after the end of the session in which you were enrolled.

● FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

Federal law regulates the confidentiality of and access to student records maintained by the University (Family Educational Rights and Privacy Act). For a more complete description of your rights and responsibilities under this law, please refer to the Undergraduate Bulletin, Fall or Spring Class Schedule, or Student Handbook. All of these are available on the Stony Brook Web site: [www.stonybrook.edu](http://www.stonybrook.edu).

● TIME OPTION PAYMENT PLAN (TOPP)

The Time Option Payment Plan (TOPP) allows you to pay your Summer Sessions tuition and fees on an installment basis. Since the plan is not a loan, there are no interest or finance charges. You pay only a non-refundable application fee of $25.00 per session. The TOPP worksheet and application form will be available on the Student Accounts Web site ([www.stonybrook.edu/bursar](http://www.stonybrook.edu/bursar)) in early May. Details of the plan appear on the TOPP application.

To enroll in TOPP, return the completed application (and the worksheet) with the application fee and your first payment by the application deadline to:

Stony Brook University
P. O. Box 619
Stony Brook, New York 11790-0619

You may download the application from the Student Accounts Web site ([www.stonybrook.edu/bursar](http://www.stonybrook.edu/bursar)), telephone (631) 632-2455.

● FINANCIAL AID

Financial aid programs available for Summer Sessions:
- Federal Stafford Loan Subsidized
- Federal Stafford Loan Unsubsidized
- Parent Loan for Undergraduate Students (PLUS)
- Tuition Assistance Program (TAP)
- Federal Work Study

**Summer Eligibility Requirements**

Only matriculated Stony Brook students can apply for these programs. Visiting students should check with the institution they attend during the academic year. Applicants for Stafford Loans must enroll in Summer Sessions classes for a minimum of six (6) units. Undergraduate Federal Work Study applicants must be enrolled in three (3) units in Session I. Advanced graduate students engaged in full-time research must enroll in the appropriate course.

Because the TAP and the Stafford Loan programs have maximum awards that cannot be exceeded, applicants should check with the Office of Student Financial Aid Services to insure that their eligibility for future semesters will not be affected by a summer award.

**Deferment of University Charges Based on Financial Aid**

In order to have a deferment applied to your account based on your Summer Stafford Loan, you must have followed the applica-
tion process and have received final approval from HESC. To obtain a deferment file, submit your application forms as early as possible. If your loan has not been approved and properly guaranteed by HESC, you are expected to pay your summer charges within seven (7) days of enrollment and you will be reimbursed when your financial aid funds have been received.

Summer TAP (Tuition Assistance Program) and FWS (Federal Work Study) awards cannot be used to defer payment. Because Summer TAP payments from HESC to the University can occur up to a year after the summer term for which payment was awarded, you are required to pay for your classes within seven (7) days of enrolling. Your Summer TAP award will be reimbursed in full to you when received by HESC, provided you have no other outstanding charges.

For more information, contact the Office of Financial Aid and Student Employment, 180 Administration Building. Telephone: (631) 632-8840. Fax: (631) 632-9525.

Health Insurance

All non-immigrants in F or J status are required to pay a mandatory health insurance fee unless they can provide proof of comparable health insurance through another source. For further information about the mandatory health insurance, contact the Student Insurance Office in the Student Health Center (Infirmary) at (631) 632-6054.

Non-Immigrant Status

Enrollment solely in Summer Sessions courses without formal admission to the University does not establish valid immigration status for non-immigrant students. With a few exceptions, a non-immigrant may enroll in Summer Sessions courses as a non-matriculated student, without any effect on his/her current immigration status. All students who are not U.S. citizens or approved, bona fide, permanent residents, refugees, or asylees, should report to International Services with all of their immigration documents. International Services will determine your immigration status for the campus records and provide any necessary advice regarding your possible enrollment as a non-immigrant student.

**IMPORTANT REMINDER ABOUT PAYMENT LIABILITY**

Students are required to pay all fees, including housing fees, within seven (7) days of when they enroll in summer classes. To spread out the payment, you may use the Time Option Payment Plan (TOPP). If you have a tuition waiver, fellowship, grant, or approved deferment, you need to have all necessary forms completed and approved before you may enroll in summer classes.

If you change your mind about taking a course in which you have enrolled, it is imperative that you officially drop the course (see the following section entitled Dropping Courses), otherwise, you will be liable for payment of all tuition and fees. Stony Brook will not automatically deregister you if you fail to attend classes.

**ENROLLMENT CHANGES**

Please visit the SOLAR System to find out how to add a course or cancel your enrollment. Refer to the Summer Academic Calendar on the inside back cover or the box on the next page to see the deadlines for making enrollment changes.

---

**HOW TO USE THE SOLAR SYSTEM (STUDENT ONLINE ACCESS TO RECORDS)**

To search for a course offering or course description, you do not need a Stony Brook ID number; just log in as a GUEST. When you find the course(s) you want to enroll in, write down the Class Nbr. (located on the left side of the screen), not the course number.

Example: To enroll in MAT 123.02, write down the class number, not MAT 123.02.

SOLAR System registration runs from 8:00 a.m. to 11:00 p.m.

**Why do I need a Stony Brook ID number and how do I get one?**

- To enroll in and pay for classes, review your class schedule, or view your grades at the end of the summer, you must have a Stony Brook ID number. If you are new to Stony Brook, this number will be e-mailed to you one time only after you have submitted a visiting student application. Be sure to keep a record of this number in a safe place.

- If you forget or lose your Stony Brook ID number, you must come in person to the Registrar's Office with photo identification. Your Stony Brook ID number is strictly confidential and cannot be e-mailed to you again or given out over the telephone.

**How do I enroll in classes?**

1. To log on to the SOLAR System as a student, you also need a password. Your initial password will be your date of birth in the following format: MM/DD/YY. You will then be prompted to choose a permanent password. Please remember your password because, like your ID number, you will need your password to enroll in and pay for classes, view your class schedule and class location(s), and see your grades at the end of the summer. If you log in and have forgotten your password, scroll down and click on Forgot Your Password and follow the directions to choose a new one.

2. Once you have logged onto the SOLAR System, you will notice the menu options on the left side of the screen. Select For Students. The menu will drop down more options; choose Enrollment. Then select the term for which you want to register and scroll down to Add Classes.

3. In the Class Nbr. field, type the class number (not the course number). Some classes with labs and/or recitation sections will require that you type in additional class numbers. To add another class, click on Add Another Request and proceed. When you have finished selecting your classes, click Save, then click Submit Request.

4. If you encounter errors, click View Error Details for more information.

5. To view your class schedule, click View Updated Schedule and print your schedule.
• DROPPING COURSES

IF YOU CHANGE YOUR MIND ABOUT YOUR COURSES, YOU MUST OFFICIALLY DROP THEM YOURSELF. Informing the instructor, not attending the class, and/or not paying the tuition and fees will NOT cancel your enrollment and it will NOT cancel your financial obligation. Deadlines are listed in this section of the Catalog, the Summer Academic Calendar, and on the Summer Sessions Web site. You do not need permission to drop courses within these deadlines. You may drop classes on the SOLAR System or in person, but you must do so within the deadlines, not just stop attending class.

You may drop courses without a record being kept and without financial liability through the first five (5) class days of each session. It is also important that you drop the course(s) within the published deadlines to avoid being liable for tuition and fees, to be able to enroll in classes another semester, and to receive a transcript. The tuition refund and liability schedule appears on page 28 and on the Summer Sessions Web site. Both also provide information about refunds.

*To or from a letter grade; available to undergraduates taking undergraduate courses only. See regulations governing Pass/No Credit grading option in the Undergraduate Bulletin (www.stonybrook.edu/ugbulletin).

• COURSES ON DIFFERENT SCHEDULES

You may enroll in a late-starting class through the last weekday preceding the starting date for that course. These courses may also have different drop deadlines. Contact the Summer Sessions Office or Registrar’s Office.

• MAXIMUM CREDIT LOAD

Both undergraduate and graduate students may enroll in a maximum of nine (9) units per session. Continuing Stony Brook undergraduates who wish to enroll in more than nine units in either session must obtain permission from the appropriate academic standing committee. Visiting undergraduate students may petition the Director of Summer Sessions to enroll in more than nine units and should submit a letter from the college or university they attend during the academic year giving them permission to take more than nine units per session.

Students are limited to four (4) P/NC units per session and a total of eight (8) P/NC units during the entire summer.

• AUDITING COURSES

Because space is often limited in Summer Sessions classes, only matriculated Stony Brook students and senior citizens may audit summer courses. Both must have permission of the instructor and the director of Summer Sessions or be a member of the Senior Citizens Auditing Program (see below). Stony Brook does not allow auditing of summer foreign language, science, laboratory, studio art, instrumental music, physical education, or other “hands on” courses, although individual instructors may make occasional exceptions. Audit permission forms are available from the Summer Sessions Office.

The University does not keep a record of courses audited nor does it grant any credit for audited courses. Auditors are expected to refrain from participating in class discussions and may not turn in or ask for grading of homework, term papers, or examinations. Students may change their status in a summer course from auditor to enrolled student during the first week of classes in each session.

### Senior Citizen Auditing

http://www.stonybrook.edu/spd/lifelong/index.html#senior

Adults who are 60 years of age or older may audit most New York State-funded, credit-bearing courses offered at Stony Brook upon payment of a $10 auditing fee, provided space is available in the classroom and the instructor permits auditors. The exceptions to this policy include foreign language, science, laboratory, studio art, physical education, and instrumental music courses, as well as courses offered in self-supporting non-credit programs sponsored by the School of Professional Development, Crafts Center, Wellness Center, Museum of Long Island Natural Sciences, and Division of Physical Education and Athletics, among others.

Senior citizens pay a $10 auditing fee and register as auditors on the third day of classes of each session, between 10:00 a.m. and 2:00 p.m. in S102 Ward Melville Social and Behavioral Sciences Building. Please remember that auditors must refrain from participating in class discussions and may not turn in or ask for grading of homework, term papers, or examinations. DEFINITIONS

Don't know what DEC means or whether or not you are considered a visiting student? We explain these terms and others in this section.

Auditing. Attending a class for informational purposes only. No academic credit. Permission of instructor required.

Baccalaureate degree. A bachelor of arts or sciences degree from a four-year college or university.

Class Number. The number students use to enroll in a class. This is different from the department designator (see below).

Closed course. A class that is closed to further enrollment because the maximum number of students have enrolled in it.

Continuing student. A student who has been formally admitted to Stony Brook for the academic year as a matriculated or non-matriculated student and who is continuing, rather than beginning, study at Stony Brook as an admitted student.

Crosslisted course. One course offered jointly by more than one department, simply having different department designators and class numbers. Students may enroll under either class number.

DEC (Diversified Education Curriculum). General education requirements that Stony Brook undergraduate students enrolled in the College of Arts and Sciences, College of Engineering and Applied Sciences, and Marine Sciences Research Center must complete in order to graduate. Visiting students may ignore the DEC code designators unless they plan to apply for admission to Stony Brook for the fall or spring semester.

Department designator. The three letters (followed by the course number) that precede a course title. They identify the department that sponsors the course. Courses are identified by the department designator, course number, and section number. Example: AFS (department designator), 225 (course number), 01 (section number). Students do not use these letters and numbers to enroll in classes. See Class numbers (above).

Dropping a course. Dropping one or more course(s) in a summer term for which a student has enrolled, but not reducing the course load to zero units. The course is expunged from the student's academic record. Differs from withdrawing from all courses in which a student has enrolled in a given term.

Extra-fee course. Certain courses, such as studio art courses, have mandatory extra fees that cover the cost of supplies for the course.

Grade reports. A report showing the final grades for all courses that a student has taken in each summer session. Differs from a transcript, which is an official academic record sent only to another institution.

Lab course. A course that meets for more official hours per unit than standard lecture courses to allow for actual laboratory work in the case of engineering, science, mathematics, and foreign language courses, or for in-class work in art, film, theatre, or other such courses.

Late enrollment. Enrolling in one or more courses after the session has begun. Late fee required.

Liability schedule. Refers to the percentage of payment that a student is responsible for when dropping one or more course(s) after the end of the published add/drop period.

Matriculation. Admission to an undergraduate or graduate degree program at Stony Brook. Enrollment in Summer Sessions does not constitute admission to Stony Brook for the academic year. See Open Enrollment below.

Non-matriculating graduate student. A student who has completed a baccalaureate degree and who is taking graduate or undergraduate courses without having been admitted into an individual degree program.

Open enrollment (Summer Sessions only). Students may attend Summer Sessions classes without being formally admitted to the University. Students who hope to continue studying at Stony Brook during the academic year must follow the standard admissions procedures for undergraduate and graduate students.

Prerequisite. Requirement that the student must have met before taking the course. Visiting students may use comparable courses from other institutions to satisfy this requirement. A student who enrolls in a course without having met the prerequisite may be deregistered.

Recitation. A required part of a course, in addition to the class lectures, that usually involves weekly small group discussion or quizzes for the purpose of reviewing information covered in the lectures. Recitations are usually not optional.

Session. Equivalent to one semester. Summer Sessions consists of two consecutive six (6) week sessions and one eight (8) week session.

Transcript. An official record of grades earned at Stony Brook, which is mailed directly to another college or university.

Visiting student. A student who has not yet completed a bachelor's degree who is allowed to enroll in undergraduate courses at Stony Brook during Summer Sessions, but who has not been formally admitted to the University as an undergraduate student. See also Non-matriculating graduate student.

Withdrawing from one or more courses. Different from dropping a course. Students may withdraw from one or more courses from the end of the add/drop period through the end of the fifth week of classes in each session. They will receive a W on their academic record.
ACADEMIC INFORMATION

All about the grading system, summer graduation deadlines, transferring units, and where to find complete information on academic regulations and student responsibilities.

• ACADEMIC POLICIES AND PROCEDURES
  For complete information on Stony Brook's academic policies and procedures, undergraduate students should refer to the 2003-2005 Undergraduate Bulletin (www.stonybrook.edu/ugbulletin), graduate students admitted to a departmental program should refer to the 2003-2005 Graduate Bulletin (www.stonybrook.edu/bulletin.htm), and students admitted to the School of Professional Development should refer to the SPD Bulletin (www.stonybrook.edu/spd). Policies and regulations detailed in these bulletins apply to all students, including visiting summer students.

Information about the academic advising services available to Summer Sessions students appears in the following section of this Catalog entitled Student Services and Resources. It is also available on the Summer Sessions Web site.

• GRADING SYSTEM
  Academic performance is expressed in letter grades, as follows: A (superior), A-, B+ (good), B-, C+ (satisfactory), C-, D+, D (minimum passing, undergraduate courses only), F (failure), I (incomplete), a temporary grade indicating that the work of the course has not been completed because of circumstances beyond your control), NC (no credit), NR (no record), P (pass), Q (academic dishonesty), S (satisfactory), U (unsatisfactory). W indicates you withdrew from a course.

• PASS/NO CREDIT OPTION
  Stony Brook students should refer to the Undergraduate Bulletin (www.stonybrook.edu/ugbulletin) for information about and restrictions governing the P/NC option. Summer Sessions students may register for up to four (4) P/NC units per session and are limited to a maximum of eight (8) P/NC units during the entire summer. The P/NC option is not available to graduate students or graduate courses taken by undergraduate students.

Visiting undergraduate students should obtain the approval of the institution they attend during the academic year before enrolling in a course as P/NC. Some institutions have their own restrictions on P/NC courses.

• INCOMPLETES
  If an instructor agrees to assign you an incomplete in a course, the instructor determines the date by which you must complete the work; however, the date may not be later than November 1. If the work has not been satisfactorily completed by then, the grade of I will automatically be changed to I/F and calculated as a failing grade.

• NO RECORD
  Grades of No Record (NR) that have not been replaced by a final grade or by a W by the end of the ninth week of the fall semester (for spring and summer NR grades) will be converted to one of the following grades: N/F for letter-graded courses, N/U for courses graded A-

C/U or S/U, or N/C for courses taken under the Pass/No Credit option. The grade of N/F will be treated as a failure for the purpose of academic standing and will be averaged as an F when the student's grade point average is computed.

• GRADE REPORTS
  You may access your grades on the SOLAR System or the Automated Telephone System. If you need a transcript sent to your home institution, see below.

• TRANSCRIPTS
  You may request a transcript in person, by mail, or by fax to: *
  Bursar's Office
  261 Administration Building
  Stony Brook University
  Stony Brook, NY 11794-1351
  Fax: (631) 632-9318

The cost is $5 per copy and you should request the transcript at least two weeks before you need it. Please wait until the end of the session, however, to be sure your grades have been recorded before the transcript request is processed. Please remember that the Registrar's Office will not issue a transcript if you have any outstanding charges. To download the transcript request, visit: www.stonybrook.edu/registrar.

• TRANSFERRING COURSES
  Stony Brook Students
  Before enrolling in summer courses at other institutions, you need prior approval from Stony Brook to ensure that the courses will be transferable to Stony Brook. The necessary forms are available from the Transfer Office.

  Undergraduate Transfer Office
  134 Administration Building
  Stony Brook University
  Stony Brook, NY 11794-1909
  (631) 632-7028

After you have completed approved summer study at another institution, have a transcript from that institution sent to the Transfer Office.

It is not necessary to obtain prior approval for courses at other institutions that have been pre-evaluated by Stony Brook's Transfer Office.

Courses Transferred from Other Regionally Accredited Institutions
  If the course is for elective credit or for the completion of a DEC category, go to the Transfer Office for approval.

If the course is for major or upper-division credit, obtain a Transfer Evaluation Form from the Transfer Office, then have the appropriate academic department evaluate the course for equivalency. You will need copies of the course description from the catalog of the institution you plan to attend.

www.stonybrook.edu/summer
Visiting Summer Students
If you attend another institution during the academic year and plan to study at Stony Brook during Summer Sessions, be sure to have your course selections approved for transfer credit by that institution, even if it is another SUNY school.

• AUGUST GRADUATION
Candidates for August graduation may file applications until July 19. SPD candidates file at the School of Professional Development. Undergraduate students file at the Registrar’s Office. Graduate students file at the Graduate School.

Undergraduate students who previously applied to graduate do not have to file a new application if their graduation is delayed until summer; they need only submit a written request for the new date to the Registrar’s Office by July 19. However, SPD and graduate students must reapply by July 19.

• ADDITIONAL ACADEMIC INFORMATION
All Stony Brook academic regulations and student responsibilities apply to visiting Summer Sessions students as well as to those who attend Stony Brook during the academic year.

The academic regulations, terms, course listings, and other information contained in the Summer Sessions Catalog are subject to the restrictions of the timetable and date of publication of the Catalog. The University reserves the right to change academic regulations or to cancel any course for whatever reason it may deem appropriate. Detailed information on courses of study, academic regulations, and student responsibilities is available in the current Undergraduate Bulletin (www.stonybrook.edu/ugbulletin), SPD Bulletin (www.stonybrook.edu/spd), Graduate Bulletin (http://www.grad.sunysb.edu/bulletin.htm), and their associated supplements and updates.

The University bulletins also contain complete information regarding student educational records, financial aid, university attendance policy, academic honesty, and other topics. All bulletins and their supplements are available in the Reference Section of the Melville Library and on the Web.

STUDENT RESPONSIBILITY
Students themselves—whether new, visiting, returning, or continuing—are responsible for reviewing, understanding, and abiding by the University’s regulations, procedures, requirements, and deadlines as described in all official publications. These include the Undergraduate Bulletin (and supplements), Summer Sessions Catalog, SPD Bulletin, Graduate Bulletin, Student Handbook, and Fall and Spring class schedules. It is also the student’s responsibility to maintain current mailing and e-mail addresses on record with the Registrar’s Office at all times.

Although this catalog was prepared on the basis of the best information available at the time, all information (including the calendar, course offerings, and statements on tuition and fees) is subject to change without notice or obligation. All information in this publication supersedes information published in previous Summer Sessions catalogs.

**CHECK-IN/CHECK-OUT DATES**
Check-in for Session I and the Extended Session is Monday, May 31 from 12:00 p.m.-5:00 p.m. If you are not enrolled in Session II classes, you must check out by 8:00 p.m. Friday, July 8, unless you are also enrolled in Extended Session classes. Extended Session check-out is 8:00 p.m. on Friday, July 23.

Session II check-in takes place Sunday, July 11, from 12:00 p.m. to 5:00 p.m. Session II check-out is 8:00 p.m. Friday, August 20. If you have a Fall 2004 room assignment, you may contract for housing during the period between the end of Session II and the start of the Fall 2004 semester.

Because Campus Residences gives priority to summer residents who enroll in summer classes, you must be prepared to provide proof of summer enrollment upon checking into your room assignment. Room assignments are made on a first-come, first-served basis as space permits. Failure to enroll in Summer Sessions classes could restrict you from checking in and may result in termination of your housing agreement.

**RESIDENCE HALLS**
Most summer housing is in the West Apartments. Please indicate any roommate request on your housing application form and submit both housing applications together.

West Apartment units are four-bedroom apartments featuring two single rooms and two double rooms. The apartments are fully furnished, have two full bathrooms, a living room, and full kitchen. Amenities include ethernet service, cable TV, central air conditioning, mailboxes in every building, and laundry facilities. Students provide their own linens and telephone. Residents of West Apartments may also use the computing and fitness centers located in Kelly and Roosevelt Quads.

If you apply by mail or in person by May 7, you will be notified of your room assignment by May 16. You may also check the Campus Residences bulletin board in Mendelsohn Quad for your room assignment.

Students living in campus residence halls are required to read and sign the Terms of Agreement for Residence Halls, copies of which you may obtain from the Campus Residences Office, Mendelsohn Quad, Irving/O'Neill College. The Division of Campus Residences reserves the right to administratively reassign any resident at any time.

**RESIDENCE HALL SERVICES**
The Quad Office is the administrative center for the residence halls in each quad. Quad offices are open from 9:00 a.m.-5:00 p.m., Monday through Friday. They are closed weekends. A full-time professional residence hall director is located in each building to assist the students living there and student staff members are assigned to each floor.

Most University residence halls are scheduled for regular maintenance during the summer months. Although unlikely, there may be occasional periods of disruption of utilities and services. If this should occur, efforts will be made to notify residents in advance.

**MEALS and COOKING**
Although you don't have to enroll in a meal plan, you have the option of taking a declining balance meal plan. For information about the summer meal plans and the location of summer food services, contact the Meal Plan Office at (631) 632-6517 or visit www.campusdining.org/main.php.

Students may cook in the residence halls only in designated areas and not in student bedrooms. Refrigerators are permitted, provided they do not consume more than three (3) amps of electricity.

**HOUSING REFUNDS**
Students must request refunds by writing to:
- Division of Campus Residences
- Mendelsohn Quad
- Stony Brook University
- Stony Brook, New York 11794-4444

To receive a refund for an entire summer session, you must make your request in writing prior to the start of the session; otherwise, you will be liable for the entire period. Approved refunds for housing after a session has begun will be prorated on a weekly basis.
