SENATE RESOLUTION TO SUPPORT THE ADDITION OF A BUDGET MODULE TO ALLOCATE

Whereas, the budget process is complex and thus it suffers from many intrinsic intricacies, which create inefficiencies;

Whereas, there is currently no historical record of previous appropriated Club budgets for the Budget Committee to reference;

Whereas, there is no process for Clubs to easily review how much of their budgets have been used;

Whereas, a budget module added to ALLOCATE, to increase the amount of information available to appropriate officials, would substantially alleviate many of the budget process's innate inefficiencies;

Whereas, *Heuretix Software Inc.* is the only company that can currently implement such a module in the short timeframe prior to the official start of the budget process;

Whereas, a completely separate committee is assessing ALLOCATE's future and submitting a Request For Proposals, and this invoice for services performed by *Heuretix Software Inc.* shall not influence nor bias the ALLOCATE committee in its charged duties.

Resolved, by the Senate of the Undergraduate Student Government –

- (1) That *Heuretix Software Inc.* be invoiced for their implementation of a budget module to the ALLOCATE system for the Spring 2011 budget process, for the sum of \$3,000 from the budget of the Office of Web Technologies and Financial Informatics, that will include the following, as requested by the Budget Committee:
 - a. An attachment for club Constitutions;
 - b. A field for the Club's Mission Statement;
 - c. Fields for answers to the Budget Committee's questions;
 - d. A reflection of the Club's current budget remaining;

- e. Technical support reviewing the budget workshop presentation; and
- f. Maintenance of the module for the Spring 2011 semester.

Respectfully submitted to and passed by the Stony Brook Undergraduate Student Government Senate on this th day of 17th February, 2011.
