DANCE of the MADMAN

Decisions kill; chief plays chess on dance floor.

Little Johnny dying in the coup, let the heard; in the birds will flock,

One more time around, it's just a game

Jubilee

falling sky
trees reach for a breath of sweetness
roots stretch and retract like an orgasmic twitch
a summoning of life
a jubilee of existence
eternal beginnings

Too often teenagers make-believe responsibility and take jobs
To make money and buy their real drugs.
