NURSING JOB VACANCY NOTICE

➤ ***Division of Public Health Public Health Nurse I – STD Control***

Shift hours, subject to change, are M-F, 9:00 to 5:00.

Investigate Sexually Transmitted Diseases (Syphilis, Gonorrhea and Chlamydia); report positive cases to NY State and notify partners of possible exposure. Work includes telephone contact and field visits to patients, providers and contacts. The STD office provides educational trainings to community outreach groups and medical providers. We participate in health fairs, outreach projects (which may include testing) and local organizations/planning committees. Goal is to reduce morbidity of sexually transmitted disease through collaboration and teamwork with County Health Centers, private providers and local organizations.

Minimum Qualifications:

Graduation from a NYS or regionally accredited college or university with a ***Bachelor's Degree in Nursing***. Professional Registered Nurse's License, issued by the NYS Education Department, and a valid license to operate a motor vehicle in NYS, or otherwise demonstrate their capacity to meet the transportation needs of the job.

- PHN I is a competitive, continuous recruitment position. If you are not in that title, but meet the minimum qualifications, you *must also file a Civil Service application, along with the exam processing fee, and be placed on the Public Health Nurse I eligible list.*
- **Any RN with a Bachelor's Degree in Nursing, or PHN I currently within Health Services, interested in being considered should send their resume with cover letter by June 9, 2011 to:**
