Love
by Cathleen Cox

It's taken 21 years but I've finally figured it out
What love is, what it's all about
It's no longer special, a feeling shared
It's a mistake, in which 2 wrong are paired

It happens when there is a "pleasant surprise"
It happens when financial issues arise
No longer is it man and wife
No longer is it a part of life

It is now fueled by the economy
It is now rejected by all of me
Love is a blessing that was once shared
Now it's fucking gone, not like you cared

So I ask you all
Are you having a ball?
So I ask you all
Do you care at all?
