

**Talk to me**  
By Katie Mahlum

Talk to me in ten minutes  
If it seems like I'm aloof  
A cold hearted statue  
Frozen to the touch  
Shake me if it's past due  
And call on me if a must  
To reassure that I am one of your dearest friends of mine

Talk to me in 15 minutes  
If I seem sad

Express to me that it's ok to express the true feelings that I have

Tease me only to get me mad  
But smile when you start to make me laugh instead

Talk to me in 20 minutes  
When I am truly happy inside  
When you see me smile  
You know as well as I  
About the little things in life  
Jump with me right by the lake  
Where memories are made  
For when it comes  
Down to our friendship  
Our friendship is number one
