

## Over You

By Katherine Centofanti

Ssssssh!

No more talk of this.

It's a shame what he has caused

It's a shame we ever kissed

I'm ashamed I ever loved him

I'm ashamed that I let this

Becomes what is now is

I'm ashamed my heart was his.

So do not talk aloud

Do not speak of this

The resentment that I have

Can't be handled with a kiss.

Do not say my name

My name is just a myth

Just move on

And good luck!

Forget that I exist

All he had to offer

Can be linked to Hell

He is gone forever.

Over him,

I will not dwell.
