Spring Photos

In this issue’s photo gallery, the slow appearance of spring fails to dampen the college community’s effervescent drive and zest: sharing chemistry with first graders, enjoying an energy-packed concert, scoring a lopsided victory, and exploring personal future possibilities and global ones, too. If you would like to submit photos of timely activities for future issues, email pictures with a brief caption to proffice@oswego.edu.

Two earn top college awards for research
Barry A. Friedman, professor of management in the School of Business, is this year’s recipient of the SUNY Oswego President’s Award for Scholarly and Creative Activity. Read more >

Boyer wins federal grant to probe mass-extinction puzzle
Earth sciences faculty member and paleontologist Diana Boyer has received a National Science Foundation grant to advance understanding of a mass extinction whose evidence lies in ancient layers of black shale in Western New York and Eastern Ohio. Read more >

People in Action

Videos preview today’s Quest presentations
A series of preview videos for some of today’s Quest presentations includes political science major Zach Roberts’ multimedia stories about his visit to the Ukraine during its recent transformation as well as a study of amphibians at Rice Creek, an archeological investigation of a Manhattan slum and more. Calendar Highlights

Wednesday, April 9
• Quest
• Talk by Bruce Coville
SUNY Oswego – Campus Update : March 12, 2014

Delaney's latest book advocates 'thrivability'
Sociology chair Tim Delaney and co-author Tim Madigan of St. John Fisher College take on some of today’s most difficult socio-philosophical issues — overpopulation, biodiversity and climate change — in a new book titled "Beyond Sustainability: A Thriving Environment." [Read more >]

Spotlight

Meet junior sociology major Michelle Winkelman, formerly shy but now focused on leadership, research and advocating for social justice — in this issue’s Spotlight.
