Close Your Eyes Now Sleepy Moon

Piano.

Moon time is the time for spoon time lovers long for it in June time sitting 'neath the oak tree talking over tales of love

Isn't love a grand sensation How I crave for os-cu-la-tion That's the kind of work to find and of it never tire Spoon-ing boys I'll go the limit

not a soul around to hear us only Mister Moon who's slyly peeping from above Lovers race I'll always win it if that Mister Moon would sleep is all that I desire

Chorus

Close your eyes now sleepy moon (if you please, let us squeeze, let us tease) Won't you do so mighty
soon (don't be rude, do be good, don't intrude) Throw your ray of moonlight on the other side.

Keep the one in darkness who's to be my bride While we bill and coo just like lovers do

Let me dream, oh, honey Close your eyes now sleepy moon (listen, dear, never,

fear, while I'm near) Honey you know I am sincere, (let me kiss, never miss, chance like this)

Loving in the moonlight is the love for mine. Mister Moon I hate you when you

try to shine. So close your eyes, oh close them sleepy moon
