Andante Moderato

Eyes of the Soul, in your wondrous light, I

read what my soul should learn

Salt of the earth, scattered

thru the night I take and return into life's empty urn.

Eyes of the soul, wondrous eyes of the soul, Sent the light of their love into mine. I saw the dawn of a beautiful day, And I chose the path of a dutiful way, As you walked in the darkness alone thru the night. The eyes of your soul shed a wonderful love-light, I came and found you with love to console. Led by the eyes of the soul.

REFRAIN
I found the end of the Rain-
bow, When you first smiled on me,
All my happiness came with your car-
ness And the
world was fair to see,
