PARENTS: If this issue is addressed to your son or daughter, who no longer maintains an address at your home, please send a current address to the Alumni Office, SUNY Institute of Technology at Utica/Rome, P.O. Box 3090, Utica, New York 13508-3090.

Up Front

On the cover:
President Peter J. Cayan presents a commemorative gift to Russian scholar Vladimir Kashchots, who visited the campus along with three of his colleagues, all representing higher education in Russia. Vadim Laibson, a Russian higher education leader, looks on.

This publication is printed on recycled paper.
Message from the Alumni Association Director

First, I want to say how excited I am to be the Alumni Association's acting director. As a 1988 graduate of SUNY Tech, I am able to stay in contact with my fellow classmates and to meet new alumni.

As you leaf through the pages of this publication, you will be certainly aware of the many activities on and off campus for both alumni and students.

I trust you will enjoy reading about Alumni Weekend and the events that your fellow alumni are now planning. Please feel free to contact me at the Alumni office with any suggestions.

We are currently soliciting alumni for awards nominations from reunion classes '79, '84 and '89. Please take the time to nominate a fellow alum or yourself using the nomination form on page 13.

I am also personally asking fellow alumni to become more active in the Association, either through board, committee or events participation. I need your help to ensure the viability of the association.

Please call me at (315) 792-7110 if you are interested in volunteering for the Alumni Association.

Remember, you still have a voice with your alma mater. Call or visit any time.

Sincerely,

Annette LaBuzetta Tindler '88

Regional Roundup

Alumni Renew Friendships at Happy Hours

A 'TinY' Gathering

On June 29, 1993, 30 alumni attended a happy hour at Tina's Bar and Grill. Many faculty and staff joined alumni in conversation, resulting in a very relaxed and enjoyable evening.

Alumni who attended: Kathy Cole '89, Patricia Delaney '91, Annette and Doug Tindler '88, Tim Converse '83, Maria Giglio '80, Robert Verzera '93, Richard Borges '90, Richard Sobel '89, Harry Sarmella '92, Gary Cuda '82, Janet Ciccarelli '75, Joanna Locash '88, Angelo Bonacci '88, Wendy Utton '88, Alex Kaczynski '84, Priscilla Brown '92, Daniel Sardina '89, Mary Hayes '89, Angela Gorman '80, Mary Ann Gaeta '88.

Hooked By Candlelight

Utica-area alumni had a second happy hour at the Hook, Line and Sinker on Aug. 4, 1993. Twenty-five alumni, faculty and staff, including President Peter Cayan, enjoyed relaxing in a candlelit atmosphere. A thunderstorm killed the electricity, but the conversation remained lively and helped make the get-together a memorable one for alumni, faculty and staff.

Alumni who attended: Rich Borges '90, Alex Kaczynski '84, Ross Agne '75, Elliott Friedman '76, Tim Converse '83, Karen Utton '89, Annette and Doug Tindler '88, Janet Ciccarelli '75, Erin Gilroy '84, Joanna Locash '88, Paula Munn '92, Mary Hayes '89, Pam Vogel '93, Anne Obojski '87.

Power Coffee

An alumni/faculty coffee was held on Oct. 21, 1993, in the 'Cats' Den in the college's Campus Center. Thirty-four alumni, faculty, staff and students attended this event. Many alumni enjoyed talking with former professors before their work day began.

Alumni who attended: Annette and Douglas Tindler '88, Alex Kaczynski '84, Doug Crumb '84, Albert Dust '85, Hal Stirlin '77, Kelly Beisel '92, David Scharf '86, Richard Sobel '89, Craig Podesek '83, Patricia Connolly '87, Diane Kingsley-Roach '92, Annette Guido '85, Mary Hayes '89, Jim Murphy '88, Richard Borges '90, Maria Sabatini '92, Beth Elle '92.

On the Right Track

The Utica region's third happy hour was on Nov. 17, 1993, at the Fun Time Food Factory and Sports Bar in historic Union Station. There were 23 alumni, faculty and staff in attendance. This happy hour brought new faces to the Utica area events. We hope this trend continues.

Alumni who attended: Annette and Douglas Tindler '88, Rich Borges '90, Janet Ciccarelli '79, Sevin Morawski '93, Joanna Van Gorder '93, Charlene Hanso Buafili '93, Laurie Fox '92, Jim Murphy '88, Scott Gorgas '91, Pam Vogel '93, Ivan Kwasowski '85, Karen Utton '89, Beth Elle '92, Katie Culicano '93, Dawn Buifa.93

Collection of Voluntary Student Fees

The graph shows that revenues increased in 1989 when the one-time voluntary student alumni fee was doubled to $20. The dramatic decline in revenue in 1992 is attributed to separating voluntary student fees on the student bill, doubling of tuition and increase in mandatory fees.
Weekend of Rock 'N Roll and Remembering

The annual SUNY Tech Rocktoberfest and Alumni Weekend were celebrated together on Oct. 1, 2, and 3, making it a weekend for creating andreliving fun-filled memories. The Alumni Association and Student Activities Board sponsored the weekend events held on and off campus. Friday night, many alumni, staff and faculty visited a popular haunt, Spilka's. There, they gathered to reminisce, swap college stories and renew friendships. On campus, students and alumni were entertained by Cmedian Buzz Sutherland and a three-piece rock band "Settle." Saturday featured Nicole Watson '83, TNT's dynamic sportscaster, during the awards luncheon (see article on awards luncheon, page 9).

"Old Timers" Victorious

Inclement weather did not stop alumni soccer players from kicking up their heels. Alumni, who were coached in the '80s by Dave Garrett, opposed alumni who were coached in the '90s by Kevin Edick. Alumni from the '80s won, with the final score of 6 to 4. Dave Garrett said, "quality soccer was played by both teams, but the old guys still got it." Dave would like to include alumni to play against the var- sity team at next year's Alumni Weekend. Watch for future mailings on Alumni Weekend and mark your calendars.

The new Alumni Pavilion, constructed through funds donated by classes '86, '88, '89, and '92, was officially dedicated. The drenching downpour did not deter stu- dents and alumni from enjoying the festivities, including the dedication and ribbon-cutting ceremony on the pavilion's scale model executed by Doug Tinder '88 USA President and by Rich Maxon '93 USA President. "SimsonSet" performed after the pavilion dedication, giving the house many laughs. Saturday evening wrapped-up at 12North Sports Bar or Kunsela Hall for a dessert bar and play. At 12North, guitarist/vocalist Martin Sexton was followed by Atlas, a popular rock band. At Kunsela Hall, a spooktastic dessert bar and... continued on page 5

Families Swing on Nostalgic Trip

Fabulous '50s and '60s Theme Of Annual Weekend Bash

Students and family members had a nostalgic trip during this year's Family Weekend, Oct. 8, 9 and 10.

Friday evening began with a pep rally. David Vandeveer, chainsaw juggler extraordinare, aroused the spirit in students and family members, getting them ready for a special appear- ance by "The King." Joe Angerosa, a Utica-area favorite, entertained the audience with his Elvis tribute show. The King had people fighting for his famous scarfs. The legendary Presidents' brunch was hosted Saturday morning by President Cayan and USA President Richard Maxon. The afternoon included a vari- ety of activities, such as an an- tique car show, games and fac- ulty demonstrations.

Saturday night's "Sock Hop" had students and family members twisting the night away to the Honeybush Brothers. The music and jitterbug helped melt those calories from the scrumptious dinner served earlier.

Sunday's highlight was the Adirondack rail ride through scenic mountain wilderness, catching the last of the fall foliage. The weather was chilly, but parents and students alike had fun shopping in the mountain village of Old Forge.

Alumni Enjoy Reunion with 'Old' Classmates

continued from page 4

Alumni Weekend ended with the traditional Sunday Brunch in the 'Cat's' Den and annual meet- ing. General elections were con- ducted and two new board mem- bers were elected, with six board members re-elected. (See story page 10).

Alumni who attended Alumni Weekend: Annette and Doug Tinder '88, Pat Delaney '91, Rich Borges '90, Louise Grindrod '90, Pat Fleit '92, Joanna O'Neill '90, Sue Strevell '91, Joanna Locash '88, Karen Callinan '92, William Creamer '92, Jacob Haas '92, Lois Davis '84, Janet Ciccarelli '75, Tim Dennis '87, Holly Capuro '79, Dawn Glebecki O'Connell '79, Gerard O'Connell '80, Christopher Dee '79, Bill Hoeft '88, Paul Gregorzcyk '90, Stu Grossman '90, Paul Baycura '91, Mike Marnation '90, Arnold Baldwin '78, Patricia Hryzak, Linda '78, Frank Mahan '79, Sue Ellen Bice '81 & 83, Faye Short '92, Sevin Morawski '93, Roseann Cunnan, Carol Gacico '91.

Also, Al Dust '85, Kathleen Hankins Zaccanino '88, Larry Pittz '81, Terry Mahar '80, Lynn Hankins '82, Todd Webber, James Dutro '82, Christine Grant '91, Jason Molzen '92, Michael Miller '92, Bruce '84 and Anita '86 Carrozzi, Karen Iltun '89, Alex Kaczynski '84, Mary Carr '89, Robin Zinger '89, Cathy and Jeff Cole '89, Denise Lyons '85, Diane DeTore '84, Maria Giglio '80.

Strength In Numbers

One statistic that some members may find interesting: SUNY Tech has more than 11,000 alumni: approximately 3,000, or 27 percent, live in Onedia, Herkimer and Madis- son Counties. With this large number of constituents, if more alumni became members, the SUNY Tech Alumni Association has potential to become a powerful organization. Alumni can influence state legislation, cur- riculum, academic standards, professional development and other changes in the college and the community.

Hooping, Hoofing, Howling and Happy Hours

The Alumni Association is offering relief from those long, dark winter evenings, sponsoring a series of events in Utica and Syracuse.

Basketball fans had an opportunity to watch SUNY Tech's exciting Lady Wildcats, including All America prospect Anessa Lourenz, during a doubleheader on Jan. 29 at the Campus Center gymnasium. Among the highlights were the alumni games for the women's and men's teams. The alumni games were followed by the wildcats in victory over Oneonta. Unfortunately, the SUNY Tech men suffered a six-point loss to Oneonta. Prior to the variety games, alumni enjoyed a tailgate party from 4 to 7 p.m. in the 'Cat's' Den.

SUNY Tech's version of March 'madness' will take place on Tues- day, March 8 when the Alumni Association sponsors a group attend- ing the Broadway Theatre League performance of "Man from LaMancha" at the Stanley Theater at 8 p.m.- Select seating may be reserved for a reduced group rate of $25 per ticket. Reservations are due by Feb. 25.

The Alumni Association is also sponsoring a dinner and theater evening in Syracuse on Friday, April 29. Alumni can take advantage of a special price of $29.50 per person for a performance of "Nunsense II" at the New York State Fairgrounds. Reservations are due by April 8. Alumni interested in attending, may call the Alumni Office at (315) 792-7110.

Rochester-area alumni will gather on Monday, March 28, from 4 to 7 p.m., for a happy hour at The Distillery on Mount Hope Avenue. Free hors d'oeuvres will be served.
College Connects with Russian Students

Distance Learning Creates an International Link

Technology has allowed the Institute of Technology to expand its borders, most notably through SUNY by Satellite and courses offered through public access television.

In fact those boundaries recently have crossed oceans to previously uncharted territories. Through the college's Distance Learning Program, eight Russian students are enrolled as master's degree candidates, studying computer science.

The students will complete coursework via videotaped instruction, supplemented by dialogue with Institute of Technology professors via Internet, an international communications network.

Through the Distance Learning Program, the college has provided one graduate level computer science course this past summer, two courses this past fall and is offering two courses during the spring '94 semester.

Dr. Shirley Van Marter, executive vice president for academic affairs, explained that the sequence of courses is designed to allow the Russian students to complete all required coursework by the end of the 1994-95 academic year. The students will be required to take a comprehensive examination.

Russian Scholars Visit Campus

The ties between the Russian education system and the college were strengthened this past Veterans Day when a delegation of Russian scholars visited the campus during a goodwill and information-gathering tour of several U.S. colleges. They met with Dr. Van Marter, President Peter Cayan, Dean Edward Tezak and other college representatives. It was at the request of educators from the Moscow Institute of Electronics and Mathematics that the program was initiated.

Vladimir P. Kashitsin, of the Russian Federation State Committee on Higher Education and one of the visitors to the SUNY Tech campus this past November, said he has seen great enthusiasm among Russian students for the international learning experience.

"Our students are so willing to be educated by this new means," said Kashitsin. "It is quite different material."

Alexander Ivanikov, director of information systems research for the Moscow Institute of Technology, said the educational experiment also sought to lessen the "distance in miles ... distance in culture, distance in background."

"Our people need not only knowledge in the narrow subject of computers, but they need some experience of other cultural life. We share our experiences in cooperation," Ivanikov added.

'SUNY by Satellite': Academic Airwaves

Spring is in the air. Hardly. However, the spring semester is on the air.

Once again the college is offering students the opportunity to earn college credit toward a bachelor's degree via satellite.

Each Monday from 7 to 10 p.m., as part of the SUNY by Satellite program, the college will broadcast TEL 300 -- an introduction to telecommunications. The course will be aired on Harron Cable channel 3 in Greater Utica. In addition, other Mohawk Valley cable systems may carry the course.

The class, according to David A. Wright, Ph.D., associate professor of telecommunications and instructor, is a lecture/discussion format and is broadcast live from the college's URSAT studio in Kunsela Hall.

The three-credit-hour course has no prerequisites and is offered for $105 per credit hour, plus college and student activity fees. The class may be used to fulfill elective requirements for the SUNY by Satellite bachelor's degree in business.

Introduction to telecommunications is a survey-oriented course emphasizing the business applications of evolving telecommunications technology. It also addresses government policy implications and provides a comprehensive overview of the industry.

Dr. Wright and William Gibbons, director of the college's Telecommunications Institute, co-teach the course, using visual aids and electronic communications, including submission of written assignments via e-mail.

Wright said students are assigned a computer account and are provided access to the college's computer network. Wright, who has lectured extensively via distance learning methods, is an expert in satellite communications.

Gibbons, executive on loan from Nynex, has extensive field experience and has held engineering and management positions at New York Telephone Company.
New Administrators Join SUNY Tech Family

Two new administrators joined the college during the past few months.

Walter Diaz is the new director of Career Services. Diaz served six years as assistant director of the Department of Career Programs at the University of Connecticut.

At the University of Connecticut, Diaz helped direct a Career Programs department that annually provides more than 10,000 students with programs and services relating to career counseling and placement. He was also assistant director of the university’s cooperative education program.

Diaz has a master’s degree in higher education from the University of Connecticut.

Dr. Philip Burlingame is the college’s new dean of students. Dr. Burlingame was associate dean of student affairs at the University of Pittsburgh at Bradford.

Burlingame earned his doctorate at the University of Pittsburgh and has a master’s degree in criminology from Indiana University of Pennsylvania. His doctoral studies at the University of Pittsburgh concentrated on student affairs administration.

Dr. Burlingame served as director of residence life and housing at Bradford for five years. He also was campus police officer and residence coordinator at Kutztown University of Pennsylvania.
Dennison, Mac Elected to Alumni Board

The Alumni Association held its annual meeting on Oct. 5, during Alumni Weekend.

During a breakfast meeting the elections were conducted and the results were announced. The two new board members, Tim Nolan '87 and David Mac '91 were introduced.

Dennison graduated from SUNY Tech with a bachelor's degree in computer science. He said he would like to see the Alumni become more visible to current and prospective students. Also, he wants alumni to be more supportive by providing personal knowledge and experience to faculty, staff and students. Tim also would like the association to actively communicate with other graduates to increase participation among the alumni classes.

Mac graduated from SUNY Tech with a bachelor's degree in industrial engineering technology. David's goal as a director is to help bring about career interest and fulfill personal goals by participating in post-college activities.

Three alumni directors and three officer positions were up for re-election this session. The incumbents, President Janet Ciccarrelli '75, Vice President Albert Dust '85, Secretary Joanne Locash '88, Director Frank Mahar '79, Director Carol Gacicchio '91 and Director Bruce Carrozzi '84, were all re-elected. The officers will each serve two-year terms and the directors will each serve three-year terms.

There are 14 Alumni Board members: four officers, nine directors, one Student Alumni Council member, the immediate past president of the Alumni Association and the URSA president or designee. These positions are one-to-three-year terms.

Alumni Association Board of Directors

Many alumni have expressed interest in knowing more about their elected officials of the Alumni Association. The board members are proud to belong to the SUNY Tech Alumni Association and want you to feel free to contact them.

President Janet Ciccarrelli '75
SUNY Tech Alumni Office
P.O. Box 3051
Utica, N.Y. 13504-3050
(315) 792-7110

Janet has served on the Alumni Association board since 1988 and as president since 1991. Janet is professor of business at Herkimer County Community College and is using her talents to lead the association into the future.

Vice President Albert Dust '85

continued on page 11

Alumni Association Board of Directors—continued from page 10

Each year the URSA President or their designee has an ex-officio position on the Alumni Association Board. This year's designee is Stephanie Sunser, Treasurer of URSA. She is a senior accounting student. This position is important to the association as it bridges the gap between student and alumni, and keeps the association abreast of student activities.

Director Frank Mahar '79
104 Dronos Road
Glenville, N.Y. 12302
(518) 399-6374 - telephone
Frank was elected to the board as a director in 1992 and brings his college employment experiences to the Association. Frank is Dean of Administrative Services at Fulton-Montgomery Community College.

Director David Mac '91
2268 West Woodward Heights
Ferndale, Mich. 48220
(313) 398-7879
David was elected to his first term during Alumni Weekend '93. As a student he was involved with I.E.E. and S.M.E. David is employed by Ford Motor Company as a supply quality engineer in quality control.

Director Bruce Carrozzi '84
34 Haviland St.
Norwalk, Conn. 06254
(203) 854-9126 - telephone
(203) 852-1730 - fax number

Bruce joined the association in early 1993 to fill a vacancy, and was re-elected to serve another director term during Alumni Weekend '93. He is a development specialist with Cotter and Company based in Chicago.

Director Tim Dennison '87
51 Piscassic St.
New Market, N.H. 03857
(603) 659-2172 - home telephone
(603) 659-2643 - fax number
(603) 337-1653 - work telephone
Tim was elected to his first term during Alumni Weekend '93. He is a volunteer with the New Hampshire Public Television and American Red Cross. Tim works with Cabletron Systems in Rochester, N.H.

Director Cindy Intschert '81
21113 Storrs Road
Sackets Harbor, N.Y. 13685
Cindy has served on the board since 1991 and is active with the membership committee. She was re-elected to serve another term during Alumni Weekend '93. Cindy, a former Jefferson County assistant district attorney, works in the District Attorney's Office.

Association Seeks Nominees

The Alumni Association is seeking board member nominations for the next general election to be held during Alumni Weekend. The commitment for those elected is to attend four campus meetings per year and participate on a committee.

Those interested in being considered for board nomination should complete the form on page 11 and return it to the Alumni Office by Aug. 31, 1994.
New Service More Than Just Preparing Resumes

Resume Expert Plus is the newest service available to SUNY Institute of Technology students and alumni through the Career Services office.

Resume Expert Plus is an interactive software system dedicated to resume design and production, as well as matching job candidates with appropriate entry-level, experienced, and summer/internship positions.

Resume Expert Plus is currently being utilized by a select number of colleges and universities. SUNY Institute of Technology is proud to be able to join the ranks of these institutions and assist job seekers with both resume writing and resume submission to employers. It is anticipated that more than 500 students and alumni will enroll in the Resume Expert Plus database the first year of operation.

Walter Diaz, Career Services director, said, "We are happy to offer this new service to students and alumni, particularly in these difficult economic times. This will expedite our ability to provide employers with resumes, as we receive between 50 to 100 requests a month for both entry-level and experienced candidates."

Resume Expert Plus diskettes will be available to SUNY students and alumni through the department starting in December 1993. Career Services is also making the purchase of Resume Expert convenient to everyone by offering to ship the diskettes and User's Guide to interested alumni.

"It is our goal to introduce and make readily available to students and alumni the most current job search methods possible. Resume Expert Plus meets this goal by combining the latest technology with the job search," said Diaz.

The cost of the software is $25, which includes shipping and handling. For more information may call Career Services at 792-7165.

Job Opportunities? The Nationwide 64-City Answer

Alumni job seekers can now read thousands of weekly job opportunities advertised in Sunday newspapers from across the country.

Career Services recently subscribed to a service that compiles the "help wanted" ads from 64 cities and publishes them on microfiche that is delivered weekly to the Career Services office. Help wanted ads are complete and unedited, providing all full-time opportunities for both white and blue collar, as well as experienced and entry-level positions.

The 64 nationwide cities vary in size and were selected for their high rating in overall desirable living conditions and expected job growth. A sample count revealed these 64 Sunday newspapers advertised more than 100,000 total job opportunities - all condensed on a small packet of microfiche.

For more information contact Career Services. The office is open from 8:30 a.m. to 5 p.m.

1994 Alumni Awards Nominations Sought

The Alumni Association is again soliciting nominations of alumni to be recognized for distinguished service to their professions and/ or their communities. Fifteen-year awards acknowledging alumni achievement and community involvement will be presented to members of the class of '79, while 5-year and 5-year awards will be given to members of the classes of '84 and '89, respectively, at Alumni Weekend.

Awards are made based on promotions, contributions or other recognition received relating to the nominee's professional, community or personal life. The Alumni Association expects to recognize at least one graduate from each class, based on the Awards Committee judgments.

You are welcome to nominate who you believe to be deserving alumni. You may also nominate yourself. The college relations and development staff will conduct a detailed follow-up to gather particulars and verify nominees qualifications.

Please fill out the form below and mail it to: Alumni Awards Committee, College Relations and Development Office, SUNY Institute of Technology at Utica/Rome, P.O. Box 3050, Utica, N.Y., 13504-3050.

Nomination deadline is June 30, 1994.

Maryanne DiMeeo-Brindisi of the Human Services Department at Mohawk Valley Community College has been selected to receive the William H. Mardy Faculty Member Award. This award is for excellence in teaching at the community college level, in the U.S. and Canada. This award recognizes excellence in teaching and the development of innovative programs at a two-year college. Maryanne is also an adjunct instructor for the Special Education Graduate Program at SUNY at New Paltz. She received her master's in special education degree from the College of St. Rose.

Dominic Mazza has been elected to the office of president of the New York State Association of County Administrators. He is currently the Livingston County administrator. Dominic holds a master's degree in public administration from Syracuse University. Reserved as City of Cortland administrator from 1981-1989.

John Brennan has joined CalSPAN Corporation's Advanced Technology Center as Director of Human Resources. He is responsible for staffing benefits design and administration, labor relations, compensation, and employee relations. He was most recently director of human resources at Arcata Graphics. John resides in Orchard Park, N.Y. with his wife, Mary, and their two sons.

1978

Virginia Hable-Turley is director of Home Care at St. Joseph's Hospital. She has been with St. Joseph's for 20 years, and with the Home Care Agency for more than five years. She received a master's degree in health service administration from the New School for Social Research in 1988. Virginia resides in Cicero, N.Y. with her husband, Donald, and two children.

Mary-Ann Morreale, a major in the U.S. Air Force, has been decorated with the Defense Meritorious Service Medal. The medal is awarded to individuals for non-combat meritorious achievement or service that is inestimably exceptional and of magnitude that clearly places them above their peers.

James Shoemaker has been named chief operating officer of the Moses-Ludington Hospital's nursing home. He is a licensed nursing home administrator and previously worked as a nursing home administrator in Saratoga County, and as administrator of the Warren County Westmount Health Facility.

1979

Mary Ellen Evans has been promoted to associate professor at Mohawk Valley Community College. She resides in Marcy, N.Y.

Steven McCoy has been promoted to corporate director of planning and budgeting of Fay's Incorporated. He is responsible for the direction of all short- and long-range planning and budgeting activities for the Fay's Drug Store, Wheels Discount Auto Supply, The Paper Cutter, and Postscript division. Steve joined Fay's in 1974. He resides in Clay, N.Y. with his wife and two children.

1980

Dale Pinckney accepted a new position as loan officer at Mid Coast Mortgage Corporation in Latham, N.Y.

Robert Brumm has been appointed department chairman at Alfred State College of Technology's School of Vocational Technologies in Wellsville, N.Y. He joined the faculty in 1970 as an associate instructor in drafting. He was promoted to associate professor in 1978 and to full professor in 1985. He and his wife, Karen, have two children.

Jack Campbell is associate director of program services at Madison County Association for Retarded Citizens. Jack and his family reside in Oneida, N.Y.

1981

Mary-Ann Boyce of North Cape May, N.J., was among the featured speakers at the recent Sections Congress '93 of the Institute of Electrical and Electronics Engineers (IEEE). The meeting was held in San Juan, Puerto Rico, from July 1 to 4, 1993. IEEE is the world's largest professional technical society with members in approximately 150 countries. Mary-Ann is the owner of Technical Resources, a computer consulting and marketing research firm. She is also an adjunct instructor at Atlantic Community College where she teaches in the computer and information systems department.

Joan Doran has graduated from Syracuse University with a master of science degree in nursing and is being certified as a New York state adult nurse practitioner. She was inducted into Sigma Theta Tau, International Nursing Honor Society. Joan works in the coronary/respiratory care unit at the SUNY Health Science Center in Syracuse, N.Y.

Mary Kay Pisaneschi has earned national certification in critical care. She has been employed at Rome Hospital since 1987, and was promoted to assistant head nurse in ICU in July 1989.

1982

Teresa Pep has been named director of staff development at Samaritan Hospital in Troy, N.Y. She formerly served as staff nurse in critical care, a staff development instructor and patient and family education coordinator.

Glory Stuhlmer was promoted to director of mental health services for the regional United Cerebral Palsy Association. Glory has been employed at UCP since 1987 and has held a variety of positions at the agency. She is now responsible for United Cerebral Palsy Association mental health residential and rehabilitation services in Herkimer County.

Glory is working on a master's degree in health services management. She resides in Utica.

1983

Navy Lt. Roy J. Geberth is part of the Mediterranean Amphibious Ready Group. He is currently involved in a six-month Mediterranean Sea deployment with Commander, Amphibious Squadron Six, Naval Station, Norfolk, Va. Roy joined the Navy in February 1964.

John Luhmann has joined the MVP Health Plan staff as a utilization review case manager. John formerly served as a nurse coordinator/medical case manager at Intracorp in Westchester County.

Glenn Tuttle has been appointed to director of customer service at Glen's Falls Communications Corporation. Glenn has eight years of administrative experience in the health care field and several years of sales experience.

1985

Cathy Wawrzaszek received a master of science degree in management from National-Lewis University, McLean, Va. Cathy is an analyst/programmer with Sprint.

Stanley Wojciechowski has been named administrator of Van Duyin Home and Hospital. He has administered private nursing homes in New York, Vermont, and Ohio. Stanley's most recent position was with the Birchwood Health Care Center in Liverpool, N.Y. Van Duyin is a 14-year old nursing home operated by Onondaga County.
1986
David Scharf has been named to Shearson Lehman Brothers Chairman's Council, a recognition group for Shearson's Financial Consultants. The chairman's council consists of the top 20 percent of Shearson's domestic sales force. David is second vice president with Shearson's Utica office. He lives in Deerfield, N.Y.

Nick Bravo received his doctor of chiropractic degree from Life Chiropractic College in Marietta, Ga. He will be opening a new practice in the Utica area.

In Memoriam
Bessie Louise Stewart '92, died on Oct. 8, 1993. Bessie had been employed as a nurse's aide at St. Mary's Hospital in Amsterdam.

SUNY Job Fair Slated for Syracuse in April
The 1994 SUNY Job Fair is scheduled for April 10, at the New York State Fairgrounds in Syracuse.

Admission to the Job Fair is limited to SUNY alumni and students currently enrolled in SUNY colleges and universities.

Alumni must present proof of their alumni status, such as a copy of their diploma or a letter from the Alumni Office.

New Alumni Directory Set for October 1994 Release
Finding a former classmate will soon be as simple as opening a book. The book is the soon-to-be-published SUNY Institute of Technology Alumni Directory.

Scheduled for release in October 1994, the directory will be a complete reference of more than 7,200 graduates of the college. The comprehensive volume will include name, address and phone number, as well as academic data and business information. It will be bound in a classic library-quality edition.

The directory is being produced by the Harris Publishing Company, Inc., who will soon begin researching and compiling the data. Each college alumni will receive a questionnaire, that should be completed and returned to Harris Publishing.

Those who choose not to be listed should contact the college relations and development office.

Best of Times May Be in the Future for Alums
Dear Fellow Alum,
As a SUNY Institute of Technology Alumnus, you may feel, as many of us do, that some of the best times of your life were spent at our Alma Mater. Not only did we receive a quality education, we elevated our overall quality of life - both socially and professionally - during the time we spent there. Unfortunately, you may also feel you've lost touch over the years with the college and the friends you made there.

We want you back. Please join the SUNY Institute of Technology Alumni Association. Help us help you obtain continued benefits from SUNY Tech.

If you are established in your profession and your community, use the Association to rekindle friendships as you enjoy our social events.

If you are entering the workforce or changing career directions, the Association can assist you, through the Career and Placement Office, with career information and resume services, as well as continuing friendships.

Sure, we want your money...but not much of it. Check out the membership application in the newsletter. More importantly, we want YOU. Try us - participate as little or as much as you like.

The proposed Alumni Events Calendar for 1994 is also in the newsletter.

When you return the membership form, send us the names and graduation years of other alumni you'd like to see again. We'll do our best to contact them and let them know you'd like their alumni participation, too.

We look forward to hearing from you.

Sincerely,

Cindy Intschart '81
Membership Committee Chairperson

Member Benefits
Social and Special Events: Discounted event registration, preferential registration and advanced notice of events.
Leadership Positions: Association board and committee opportunities.
Library Privileges: Book borrowing, research assistance and on-line search support.
