RE: Faculty Assembly Resolution in Support of Adequate Library Staffing

Thank you for your memorandum dated February 5, 2019, acknowledging on January 24, 2019, the Faculty Assembly at the Utica Campus unanimously passed a Resolution in Support of Adequate Library Staffing.

I agree that the library is an important part of our institution and is a significant resource to our faculty, staff and students. Knowledgeable and innovative librarians are vitally important to our future success as a 21st century higher education institution in a digital age.

Interim Provost Schneider will put together a small committee with faculty representation to discuss our future needs with respect to the library and librarians.

Thank you again for your communication.

CC: Steve Schneider, Ph.D., Interim Provost
Mike Frame, COO and Chief of Staff
Rhonda Haines, Vice President of Human Resources
