Title of Proposal in Title Style

Alcohol and Substance Abuse Studies Major – Non-Clinical Track

Brief Description of Proposal

This non-clinical track would provide an option for Alcohol & Substance Abuse Studies majors in their final year, allowing them to substitute 15 credits of other designated coursework for the 15 credits of HCS 498 Internship (12 cr) and HCS 497 Internship Seminar (3 cr). This track would provide an option for majors who: 1) have discovered that they do not want to do clinical substance abuse treatment counseling; 2) with a second major, such as social work or criminal justice, wish to focus their final semester on their other major; 3) are unable to maintain the overall GPA of 2.5 required for clinical majors; or 4) are already working in the field. The non-clinical track would require grades of C or better in all classes with no GPA minimum. Program requirements include – All required ASAP courses, HCS 404, HCS 439, & HCS 440 which are currently offered as electives; an elective by advisement; and HCS 499 Independent Study, a Capstone Course developed by advisement. We will accept capstone courses in other majors if applicable.

Budgetary Resources Needed

No immediate budgetary resources would be required. If demand increases, an adjunct would be required in order to free up full time faculty to teach.

Student Learning Outcomes Assessment Data

No specific data used for this proposed track.

Effect on Transfer Students

This proposed track will not affect transfer students, since the same number of credit hours will be substituted for this option, and courses should be available when students need them.

Proposal for new option within a major—Non-Clinical Track

***ASAP refers to Alcohol & Substance Abuse Studies program**

***AOD refers to Alcohol and Other Drugs**

TITLE OF PROPOSAL:

Alcohol and Substance Abuse Studies Major – Non-Clinical Track

BRIEF DESCRIPTION/RATIONALE FOR PROPOSAL:

This non-clinical track would provide an option for ASAP majors in their final year, allowing them to substitute 15 credits of other designated coursework for the 15 credits of HCS 498 Internship (12 cr.) and HCS 497 Seminar in AOD (3 cr.). This track would provide an option for majors who: 1) have discovered that they do not want to do clinical substance abuse treatment counseling; 2) with a second major, such as social work or criminal justice, wish to focus their final semester on their other major; 3) are unable to maintain the overall GPA of 2.5 required for clinical majors; or 4) are already working in the field.

The non-clinical track would require grades of C or better in all classes, with no GPA minimum.

Program requirements include – all required ASAP courses except Internship and Seminar; HCS 404, HCS 439, & HCS 440 which are currently offered as electives; an elective by advisement; and HCS 499 Independent Study, a Capstone Course developed by advisement. We will accept capstone courses in other majors if applicable.

ENTRANCE OR EXIT REQUIREMENTS: No Change

TIMELY COMPLETION: HCS courses in the 15 credit track option are already offered as electives in the major. This guarantees timely completion of the program.

STAFFING ISSUES/RESOURCE IMPLICATIONS: No immediate budgetary resources required. If demand for this track option increases, an adjunct would be required in order to free up full time faculty to teach.

TO: Brockport College Senate Undergraduate Curriculum Committee
FROM: Dr. Patti Follansbee, Chair
Healthcare Studies Department
RE: Proposed Alcohol & Substance Abuse Studies Major – Non-Clinical Track
DATE: November 3, 2019

This is a letter of support for the attached proposal submitted by the Healthcare Studies Department, Alcohol & Substance Abuse Studies major. The proposal is for a Non-Clinical Track to be created within the BS in Alcohol & Substance Abuse Studies.

The new track would allow current students in the major to substitute their 15 credits of Internship (12 cr.) and Seminar (3 cr.) for 15 credits of other designated non-clinical coursework. This track would solve the occasional issue a student may face that could keep them from graduating with the ASAP major: 1) recognition late in the major that they do not want to be a substance abuse treatment counselor, but still have a clear interest in the addictions field; 2) they may wish to focus more training within their second major; 3) they are unable to maintain the required 2.5 overall GPA for the clinical major; or 4) they are already working in the field, have attained a certain level of clinical expertise, and successful completion of their bachelor's degree meets their requirements.

The ASAP faculty has had specific discussions regarding the needs of their student majors for some time now, and the option of a Non-Clinical Track for some of their majors is the best way to meet student needs, and assure their ability to graduate with the BS in Alcohol & Substance Abuse Studies. As Chair, I am fully in support of this proposal, and am available to discuss it with you at any time.

Thanks you in advance for your support!

To Whom It May Concern:

I offer my support for the Department of Healthcare Studies to offer a non-clinical track within the Alcohol and Substance Abuse Studies major. The non-clinical track would provide a degree option to students that major in Alcohol and Substance Abuse Studies who do not want to do clinical substance abuse counseling.

I fully endorse the proposed change and do not foresee any additional faculty resources necessary to implement this change.

Sincerely,

Thomas J. Hernández, EdD, LMHC
