Distribution Date: *4/1/99* Signed: *Paul Yu*
(President of the College)

Resolution Disk::9899-11::ayk

RESOLUTION REQUESTING THAT THE BOARD OF TRUSTEES
RESCIND ITS DESIGNATION OF A
GENERAL EDUCATION CURRICULUM FOR SUNY

Whereas, it is a basic principle, in all free societies, that the curriculum of a university must be designed, developed, and implemented by the academic faculty of the university in consultation and cooperation with the university administrators; and

Whereas, the POLICIES OF THE BOARD OF TRUSTEES (1998) recognizes this fundamental principle by stating the "the faculty of each college shall have the obligation to participate significantly in the initiation, development, and implementation of the educational program" (Article X.4);

Whereas, in accordance with the above policy, on November 30, 1998, the Faculty Senate of SUNY College at Brockport, after prolonged careful deliberations and intense college-wide consultation, approved and submitted to the College President a high-quality, faculty-designed blueprint for general education designed to promote student success in the twenty-first century; and

Whereas, on December 14, 1998, the State University of New York Board of Trustees, in violation of the above policy, unilaterally adopted a resolution specifying that all SUNY graduates "will complete a minimum of 30 credit hours in each of several key areas;" and

Whereas, the Board of Trustees of the State University of New York has therefore violated a fundamental principle of university governance embodied in its own POLICIES, as well as nullified the thoughtful and expert work of the SUNY Brockport academic community; and

Whereas, the Faculty Senate of SUNY College at Brockport nevertheless remains open to constructive recommendations from, and dialog with, the Trustees on curricular matters in an evolving culture and changing world;

Therefore Be It Resolved That

We, the Faculty Senate of SUNY College at Brockport, urgently request that the BOARD OF TRUSTEES respect the careful work of this faculty, rescind its imposition of this particular General Education program, and reconsider the University Faculty Senate Task Force on General Education Report as a framework for developing a system-wide General Education program.
