It's too early to make any predictions as to our teams this year, but we can ask that the student-body get behind them with their support, both in the playing and in the stands. Let's have all you Baseball, Tennis and Golf stars out for practice now. Watch the bulletin board for more information.

PASSING THOUGHTS:

Keep your eyes and ears open for some sudden action by our Student Athletic Council in the very near future. It would be a good idea if all the sections got behind the council representatives and pushed them a little so we have a greater attendance at the meetings.

*Oh! - the weather outside is frightful,  
But the snows' not so delightful,  
'Cause out of the Athletic Fund goes,  
About 90 bucks to remove the snows.*

.....Hottest question of the year so far is, "Why does the Athletic Student Council have to pay for snow removal and repair of the parking lot?".....Mr. Whitmore has made it known that we have balls, bats, mats, boxing gloves, weight-lifting gear, in the Athletic room that may be loaned out to students. See him for details.
