IITG Project Title

2016-Suffolk-Carlson-Expanding Mobile Makerspaces to Enhance Active Learning throughout Suffolk County Community College

Have you applied for, or received additional funds? (choose all that apply):

- Consider the project complete, and do not intend to seek additional support

Completion Keywords: Completion, Persistence, Transfer, Retention

Both the 3D printer and the One Button Studio support the SUNY Excel of Completion. The 3D printer has been used by students in Anatomy & Physiology classes to print "human skeletons" to aid in the study of the various bones and bone structure of the human body. Additionally, cell phone microscope clips were made for the biology classes to provide a mobile microscope for studying. The One Button Studio was utilized by students in Communications and Theater classes to practice speeches and monologues. By providing these instructional technologies to our students, we are supporting differentiated learning styles and providing them with the support to finish their certificate or degree.

1st Choice:

Instructional Technologies

Instructional Technologies

- 3D Printing

2nd Choice:

Instructional Technologies

Instructional Technologies

- Video Production

3rd Choice:

No further selection

If you would like to create a community of practice within the SUNY Learning Commons, please describe "members of your community" who would be most interested in your outcomes. Please be specific (e.g., math faculty, instructional designers, student services, registrars, administrators, accreditation or assessment specialists).

The members of the community would include:

Librarians

Science Faculty

Art Faculty

Communications Faculty

Theater Faculty

Photography Faculty

Educational Technology Departments

Computer Aided-design Faculty

Do you intend to create an ongoing "Community of Practice" within the SUNY Learning Commons to continue work and dialog regarding this project?

Unsure at this time

Overall, how successful was IITG in meeting your project goals? (You may elaborate on your response in the final question if not addressed elsewhere.)

Extremely successful

Do you wish your current abstract to be used?

Yes

File One Upload and Brief Description

An overview of our project and how we implemented and integrated the makerspaces into our library services.
