**6. Operation Solomon: The Daring Rescue of Ethiopian Jews - Melville Library Author Series Lecture with Stephen Spector on 3/28**

Wednesday, March 28 at 4 p.m. - Javits Room, Melville Library

"Operation Solomon" was one of the most remarkable rescue efforts in modern history, in which more than 14,000 Ethiopian Jews were airlifted to Israel in little more than a day. Stephen Spector's book offers the definitive account of this incredible story, based on over 200 interviews and exclusive access to confidential documents. Spector describes the tense negotiations among Israelis, Ethiopians, and Americans, which became increasingly urgent as time ran low and the danger mounted. Recounting the full story for the first time, "Operation Solomon" is a stirring account of a heroic rescue achieved in the face of daunting odds. Sponsored by the University Libraries.

### **14. The Sword of Wisdom: Scholarship in a Buddhist Worldview. Lecture by Jonathan Gold, Drew University**

This talk describes the Buddhist view of scholarship articulated in the Gateway to Learning by the great 13th century Tibetan luminary Sakya Pandita. Sakya Pandita wanted to present Tibetan intellectuals with what he took to be an Indian (and therefore, to him, authentic) understanding of the nature and tasks of intellectual life -- how scholarship was understood and practiced in the great Buddhist monastic colleges of India. The result is a new and distinctive Buddhist literary theory and a unique articulation of the Buddhist reasons for developing scholarly expertise. Center for India Studies 10th Anniversary Lecture Series. Co-sponsored by Department of Asian and Asian American Studies. All are welcome. Tuesday, April 24, 2007, 4 p.m. Room 201, Wang Center.

## **5. Walkamerica "The Long Island Hospital Challenge"**

We are asking our colleagues at Stony Brook University to accept a challenge in hopes of raising funds to support the March of Dimes mission of preventing birth defects, premature birth and infant mortality. The Stony Brook community benefits directly from the walk that supports the Nicu Family Support Program.

We have the potential to raise a significant amount of money as part of WalkAmerica '07. Monies raised will help support March of Dimes research and programs. It is our opportunity to take the lead for Walk America '07 and show continued support for the many families that we have all cared for over the years.

For questions about this challenge or how to join the Stony Brook team contact Ann Morrison, Community Director March of Dimes at 516-496-2103 or amorrison@marchofdimes.com. Together we CAN make a difference as we work to help America's babies.

### **5. Safaafir, Iraqi Maqam: Music from Iraq**

Safaafir is a name that evokes the ancient art of coppersmithing in Iraq. Soug al-Safaafir, or the coppersmith's market, is a well-known market in Baghdad, memorable for the din of hammers on copper and the glowing beauty of each creation. The sound of the Iraqi Maqam has often been likened to the Soug al-Safaafir for the metallic timbre of the instruments and the percussive hammering of ancient rhythms. Siblings Amir and Dena ElSaffar, come from a family of Safaafir (coppersmiths), and it is from their ancestors' legacy that the name of the ensemble was born.
