New Business

1. **Bill #28**

Basic Idea: Creates an issue forum through a progressive publication to be called, "Common Sense". Needs \$150.00.

Submitted by: Tony Maravi

Sponsored by: Fairbrother Marquis, Bookal, Burns, Mincieli.

2. **Resolution #23**

Basic Idea: Gives Campus Safety permission to look into the accessibility of new blue lights through Public Safety.

Submitted by: Campus Safety

Sponsored by: Rogers, Beck, Amato, Fairbrother, Burns, D'Ambrosia, Mincieli, Hollingsworth, Marquis.

Responses:

Rogers - More blue lights will result in less fear for safety on campus.

Beck - Blue lights produce remote radio messages to call campus police and other emergency response. Provides protection within a few seconds.

Amato - It is preventative medicine.

Fairbrother - You can never be too safe.

D'Ambrosia - When I go jogging at night, I don't feel safe. We need them.

Mincieli - Preventive measures are a good idea.

Hollingsworth - Woman and men need this extra protection.

Marquis - Notes that although it is expensive and there has been only one legit call, we do need the additional lights.

A. Motion of general consent (Kuryla).

3. Resolution #24

Basic Idea: To foster positive college-town relations through an exchange days on Oct. 26 and 27th.

Submitted by: Celeste Joseph and Jeff Kuryla

Responses:

Fairbrother - We have to bind together, and work together.

Juandoo - We've supported friendly relations, let's continue that.

Bonney - "United we stand" - we need better relations.

Speakers list:

Celeste Joseph - Let's be proactive. We need to work together.

James Rogers

Old Business

1. Bill #24

Basic Idea: Gospel Choir needs 10 new robes at \$70 each, and is requesting financial support.

Submitted by: Maggy Joseph
Sponsored by: Bonney

Responses:

Joseph - The Choir enriches spiritual life for many students. Also it appears in community and represents the college, thus has a need to have a good appearance.

Bonney - The Choir has shown ambition by trying many other ways of fund raising with success before approaching the senate. Also comments that they represent the college.

A. Call to Question (Kuryla)

**Voted on Bill #24 : 26 Yes, 2 No, 1 Abstain
Result: Passed**

2. Bill #26

Basic Idea: Senators are elected to represent their halls, and should not be allowed to abstain from voting without reason.

Submitted by: Rules Committee
Sponsored by: Rogers, Steinhuis, Miller, Burns.

Responses:

Rogers - It is a senators responsibility.

Steinhuis

Miller - Senators are the voice of the student body;
not a voice if abstaining.

Burns - Senators owe it to their constituents to vote.

Objections:

Miles - If a senator's hall tells him/her to abstain, it
should be ok.

Point of info:

A senator's hall's desire to abstain is a reason.

A. Motion for Roll Call Vote.

**Voted on Bill #26: 20 Yes, 7 No, 3 Abstain
Result: Passed**

3. Bill #27

Basic Idea: Abstains should count as neither a yes or no.

Submitted by: Rules Committee

Sponsored by: Marquis, Steinhuis.

Responses:

Marquis - Robert's Rules of Order p. 79 says that abstains
equal a "blank" or neither yes or no, and since we follow
R.R.O. on most other rules, why not this?

Steinhuis - Close votes have not passed because of abstains
being counted as nos, and that is wrong.

A. Call to Question. (Miller)

**Voted on Bill #27: 30 Yes, 0 No, 0 Abstain.
Result: Passed.**

Announcements and Public Comment

Rogers - We really blew it with Miss-a-Meal by keeping the money to
ourselves.

Beck - WTOP time. Hockey returns to WTOP.

Juandoo - Thanks Purvis.

Dean - Support SUNY soccer tournament

Maravi - Plug for Hot Times : Cajun on Thurs. and Fri. Free Passes.

Marquis - Commented on president's speech about diversity. He feels
it is a personal choice to be homosexual and it should be kept
quiet. Mentioned that there is a chair for GALA but none for the
religious community. Has religious objections to homosexuality.

Homosexuality, in his opinion, is not diversity, and should not be
compared to the underground railroad. *objects to support*

(10-28-92) Minutes, 7

Burns - Environmental Committee needs membership, see me after meeting.

The 13th meeting of the 28th Legislative Session was adjourned at 9:27 PM.

 - By handling cases, the court gains experience and is allowed to establish precedents.

Minutes

The 15th meeting of the 28th Legislative Session was called to order at 6:10 PM.

Roll was called with the following senators absent:

Denise Bellani	Julissa Garris
Hillary Crane	Erica Eaton
Debra Hollingsworth	

The agenda was approved.

The minutes were approved with the following alterations:

- 2 name corrections
- #2 of David Bloom's executive report: N.Y.P.E.R.G.
- #4 of David Bloom's executive report should have read:
Bob Ntoli and others are suing S.A.
- p. 7; the controversial artist is "Semmel" not "Simele."

David Bloom:

1. Introduced Karen Hall from N.Y.P.E.R.G. to speak.
 - She discussed their project to get Como not to approve the budget cuts through a postcard campaign and other ways.
 - Gave each senator five postcards to give to constituents and to return to room 215B Hewitt or at the next Senate meeting.
2. Introduced Brian Quail for his plug on Bill #30.
 - Bill #30, to prevent any "precautions" being taken that restrict freedom of speech on campus, is being resubmitted and he urges senators to pass it.
 - Censorship is arising on campuses across the state.
 - one of the purposes of higher education is to allow the free flow of ideas, censorship restricts this.
 - 90% of submitted articles to the Oswegonian are published the week they were submitted.

- The main purpose of an advisory board would be to reduce the likelihood of lawsuits, but internal review is doing fine. They have only one lawsuit pending, and they discussed it with lawyers before they even printed the article. They knew the result and chose to take the chance. They are responsible and knowledgeable.

*Main Point: Support Bill #30,
and freedom of expression on campus.*

3. Attended the College Council Meeting, which sets policy for the college. They voted 5-2 for the Facilities Use Policy which will go into effect in January. If you have questions, comments, or problems see them.

New Business

1. Bill #30

Basic Idea: Freedom of expression should be conserved on campus, and this bill restricts infringement.

Submitted by: Brian Quail

Sponsored by: Calus, Maravi, Beck, Burns, Steinhuis, Fairbrother

2. Bill #31

Basic Idea: Executive assistants want a speaking seat in Senate.

Submitted by: Tina Agee and Curt Miller

Old Business

1. Bill #29

Basic Idea: Economics Club needs start-up funding for fundraisers.

Submitted by: Myles Seidenfrau

Sponsored by: Burns

Responses:

Burns- I support this bill, and think it is a good one.

Beck- what accounts?

p. of info (Trudy): the accts. are 912 (Program Fund) to TBE.

p. of info (Myles): Economics club has roughly 12 members. The money will be used to start up a fundraising campaign.

Agee: I think we should table this and take it back to our halls with the new information.

A. Move to Question
Voted on Ending Debate: 19 Y, 8 N, 0 Abstain
Debate Ended.

B. Motion to Question (Beck)
Vote on Bill #29: P: 21 Y, 5 N, 0 Abstain

2. Bill #28

Basic Idea: Common Sense needs \$150 start up funding.

Submitted by: Tony Maravi
Sponsored by: Fairbrother, Marquis

Taken off the Table

Response:

p. of info: acct # 917

Fairbrother

Marquis: This publication will further the Senate's power,
by allowing free expression of ideas and debate.

Bucall

Burns

Mincieli

Rodgers: I am all for being aware of issues, but we have other
ways of doing it, by utilizing resources we already have
(WTOP, WNYD, the Oswegonian, etc.). Why spend more?

Calus: Why not put it in the other campus newspapers? From
the viewpoint of the Environmental Committee it seems like
an unnecessary waste of paper.

Maravi: We need it, because there are on going issues that need
to be debated that other forms don't have time for. Most
large political bodies have their own newsletters. As for
the enviro side, we are limiting our copies to 200, and
asking for subscriptions and fees.

Garrow: Who writes it? How often? My hall failed it.

Maravi: Deals with senators so senators are most likely to
write it but we will have an informational meeting. It
would come out three times a semester.

Beck: The media on campus is not doing its job, we need this
newsletter.

Perkins: Our expenses are adding up. We do not need another
publication.

Kuryla: This project is a waste of time, energy, and money.
Why can't we just ask for a column in the Oswegonian?
I would not pay money for this newsletter, and it is a
waste of \$150.

Jaundoo: I agree with Kuryla. Who would be in charge?

Maravi: We would elect.

Jaundoo: My hall saw it as a way for senators to promote own
agendas.

Quail: We are dealing with a lot of critical issues. There is an information sheet in the senators mailboxes- I guess you haven't picked it up yet. I suggest we table it. The difference between Common Sense and a newsletter is that newsletters are timely, while this news would be topical. We could study topics for one or two issues. It would be printed on recycled paper. We need a number of ideas on campus to stimulate debate. It would not be used to advance agendas. We need a new outlet for ideas. I am personally willing to talk with hall councils about this idea.

Amato: I think the question we need to ask is "Is this good for the general campus person? Who will it benefit?"

A. Call to Question (Bonney)

Objection

note: Two senators left early.

B. Move to Question

Vote: P: 17 Y, 9 N, 0 Abstain

Jaundoo: Call for revote.
Objection.

p. of clarification: You can make any number of motions.

Beck: Why revote?

Jaundoo: Miscount

C. Call to Question

Vote on Bill #28: F: 11 Y, 14 N, 0 Abstain

Announcements and Public Comment

_____ : Stein is having a basketball tournament for charity,
do we want to enter?

Marquis: I am looking into auxiliary services and it would have been helpful if I could have looked at past records. Common Sense would provide this precedent for future senators without having to go through all the Oswegonians. Every legit political organization has one.

Maravi: Plug for Hot Times. We are having poor support for a very worthy program. We have more variety than any bar in Oswego. It's a HOT TIME! I am inviting all of you to Thurs. shows at eight and ten, or Friday's shows at five, eight and ten PM. And there is no argument that can stand against the newsletter. It would benefit us as a body- you failed a worthy bill.

Rodgers: Utilize your resources, we don't need the newsletter. And go to Timepieces.

(11-11-92) Minutes, 6

Beck: Plug for WTOP. There is a movie marathon this weekend. Call X2912 to vote. It will start at 6PM on Friday and run until midnight on Sunday.

Jaundoo: Motion to Adjourn. Withdrawn.

Bloom: If you have any questions about the lawsuit, see me. We are not going to plaster it all over the newspaper!

Dean: Friday, Jaime Escalante will be in Lanigan Hall 101, at 6PM. The lecture is mind expanding!

Celeste: Saturday is the Latin Student Dinner Dance- I will dance with anyone who comes.

Kuryla: Motion to Adjourn.

MINUTES

The 16th meeting of the 28th Legislative Session was called to order at 6:09 p.m.

Roll was called with the following senators absent: Alan Bell, David Calus, Hillary Crane, Richard Fairbrother, Brian Garrow, Marc Beck (with proxy)

The Agenda was approved.

The Minutes were approved.

EXECUTIVE REPORTS:

David Bloom: I yield to Brian Hurd.

Brian Hurd: Every Thursday I host a show on WTOP called "Student Voice." If you would like to be a guest on my show, please see me after the meeting.

David Bloom: I yeild to Tarshel Beards.

Tarshel Beards: December 7-13 is Kwanza week. Kwanza is an African-American celebration of family, community and culture. We are asking the Student Association for \$650 to help with all of our expenses We have already obtained \$600 in donations from other organizations.

Bill McGuirk: Have they already agreed to donate, or are they still considering it?

Tarshel Beards: They have already agreed to donate the money.

David Bloom: Student Advisement is recruiting Student Orientation Leaders. There are ten openings. Applications

are due by December 18. Karen from NYPIRG needs the postcards back ASAP. The mass mailing for off-campus students will be sent out on Thursday. Last night at the McCrobie building was a housing forum. It was semi-informational, but mostly stupid.

Celeste Joseph: Last night was a student bashing committee. The town's main complaint was that we have no respect for the neighborhoods at all. If you missed Jaime Escalante, you missed a wonderful speaker. Committees, get on the ball!

Jeff Kuryla: Next meeting will be December 2nd.

FINANCE REPORT

Trudy Perkins: We received the funding I asked for from A.S. for the Centro Bus, so they're all paid up.

COMMITTEE REPORTS

Elections: Steve Amato: I'm currently recruiting people. We want to do a great job publicizing to ensure a good turnout. See me after the meeting if your interested.

Public Safety: A. David Marquis: Meetings Friday at 4p.m. Legislation will be submitted soon, and I urge all senators who would like to submit legislation regarding campus safety to do so.

Intercultural Relations: Ben Bonney: I need members! Please help out. Meetings are Monday at 4p.m.

Rules: Tony Maravi: Meetings are 2p.m. on Monday. I need people, too.

Finance: Kevin Juandoo: Next meeting time TBA.

Student Services: Femm Steenhuis: Meetings are Wednesday at 3 p.m.

College-Community Relations: Jeff Kurlya: Meetings 3p.m. Wednesday. The City doesn't move as fast as the students need them to.

Environmental: Kevin Burns: Show Up! Meetings at 3p.m. Friday.

NEW BUSINESS

Resolution #28

Submitted by: Kevin Burns
Sponsored by: Campus Safety Committee, Tony Maravi

A. David Marquis: The committee has seen this as a problem. I'm glad legislation was submitted.

Tony Maravi: Definitely a problem there. The College needs to explore new ways for safe pedestrian passing in this area.

Ben Bonney: call to question

Kevin Juandoo: objection

Dean Wassenaar We appreciate the resolution. Tom Ryan will take care of this. Better signing is in the works.

Kevin Juandoo: Call to question, motion for general consent.

Resolution #28 passes by General Consent

Resolution #29

Submitted by: Jim Rodgers, Brian Hurd

Sponsored by: Curt Miller, Femm Steenhuis, Kevin Juandoo

Curt Miller: Great Idea! It's always a great time. Let's not forget all the time and effort Tony Maravi has put in.

Femm Steenhuis: It's great to have more alternatives to downtown.

Kevin Juandoo: Tony Maravi deserves a lot of credit for it too.

Dave Bloom: I yield to Trudy.

Trudy Perkins: it's a great idea, but we've spent \$14,500 on it and in many cases the attendance was terrible. Great program, but not many people show up.

Celeste Joseph: I've been to every show except one. I'm annoyed at senate for not going. It's a great opportunity, It's only \$2 and it's free for senators.

Tony Maravi: Three shows have been real good. Let your constituents know about the program. If the program returns, there will be changes involving finances.

Jill Carlton: Friendly amendment to add Tony Maravi's name to the resolution.

Myles Seidenfrau: Call to Question

Resolution #29 passes 23-1-1

Bill #32

Submitted by: Celeste Joseph
Sponsored by: Intercultural Relations Committee, Steve Amato,
Erica Eaton, Myles Seidenfrau, Kevin Juandoo.

OLD BUSINESS

Bill #30

Submitted by: Brian Quail
Sponsored by: Dave Calus, Tony Maravi, Marc Beck, Kevin Burns,
Femm Steenhuis, Richard Fairbrother.

Tony Maravi: We are not adding this to the constitution. We have to trust the student electorate and give them their voice. This is freedom of expression, its not a "media bill." We already have good advisors on hand should we need them.

Jill Carlton: This is freedom of expression. Let the students decide.

Kevin Burns: We should let our constituents voice be heard.

Femm Steenhuis: Freedom of speech is essential. We shouldn't limit people's freedom of expression. We need all the checks and balances that freedom of speech provides.

Jim Rodgers: It is the duty of all off-campus senators to vote yes on this bill. Very rarely do we have the chance to speak with our constituents and get their opinions on bills. A referendum truly lets the voices of the off-campus student be heard.

Celeste Joseph: we can express ourselves, but there has to be a certain level of accountability. SA is held accountable if the Oswegonian messes up.

Myles Seidenfrau: We should table this bill. All the information we get from this bill will be from the media. I don't see how our constituents will get both sides of the story.

A. David Marquis: This isn't freedom of speech. Every Student's butt is on the line if our media gets sued. They are not free if SA funds them.

Maggy Joseph: How can we protect the freedom of the students? If I'm paying for this, I don't want to be slandered as a minority.

Brian Quail: Your concern is valid. There is no provision

now. The last time the Oswegonian did that, they were given incredible amounts of negative feedback. I think that negative feedback will prevent future occurrences of minority slandering.

Dr. Boozer: It's difficult for the administration to separate the individual's opinion against the image the university wishes to present. We cannot restrict these peoples ability to say what they feel. As long as their speech does not present a clear and present danger, we should be flexible in tolerating radical groups and what they say. This is a redundant motion, and we really cannot prevent anyone from printing things we do not like.

Jon Minicele: I was unaware that my first amendment rights were being threatened until Quail told me they were. Actions can cause liability.

Ben Bryan: Friendly amendment to put the word "Constitutional" in front of the word provisional

David Bloom: We're missing the point. We are voting on a referendum, not whether or not we should institute an advisory board. I agree with Dr. Boozer. This is a government, not a business, we won't slam the door on their funding. Don't under estimate the people's intelligence.

Tony Maravi: We are given opportunity to say who gets funded what. If we see an organization routinely abusing their power, we can withdraw funding at budget time.

Bill McGuirk: It's a sensitive issue, but the constituents are intelligent. RA's should hold programs and forums.

Ben Bonney: When do we vote?

Jeff Kurlya: In the spring all-campus election.

Femm Steenhuis: Let the SA fee payers have their say.

Brian Quail: Advisors are permitted, advisory boards are not. This amendment would protect all campus groups, not just the media.

Kevin Juandoo: I want to defend the media. Let's keep progressing.

Ben Bonney: Let's represent our constituents. Everyone has the right to vote.

Curt Miller: Call to question (objection). Let's quit this debate.

6
Jill Carlton: Move to question

Bill #30 passes 21-1-0

Bill #31

Submitted by: Tina Agee, Curt Miller

Sponsored by: Jim Rodgers, Tony Maravi, Brian Garrow.

Jim Rodgers: As representatives of our constituents, we need as much information as possible to vote wisely on bills and resolutions. The Executive Assistants can provide a great deal of information, and it's our responsibility to listen so we can make the best decisions.

Tony Maravi: Senators can yield to them, but that's not good enough. They go to a lot of meetings and often times have the inside scoop.

Celeste Joseph: I yield to Brian Hurd.

Brian Hurd: I can run around the room and say "Yield to me," but I think I deserve the opportunity to speak without having to be yielded to.

Celeste Joseph: I have an assistant. There is no legitimate argument against it. All other executive branch members have speaking seats, so should they.

Ben Bonney: Call to Question

A. David Marquis: Objection

Ben Bonney: move to question

Bill #31 passes 17-3-0

PUBLIC ADDRESS AND COMMENT

Dean Wassenaar: Have a happy and safe Thanksgiving.

Jeff Kurlya: Due to a scheduling conflict with a class I need for graduation, I will be resigning. This is my last senate meeting. It's been my great pleasure working with you. I wish you all luck.

Dr. Boozer: Keep in mind, it's good business to avoid litigation at all costs.

David Bloom: Thanks Jeff, you're a great guy.

Tony Maravi: Go to Hot times!

A. David Marquis: I'm ticked off. This is a legislative session, not an executive session. There are too many people with speaking seats.

Femm Steenhuis: Motion to adjourn.

4. Comment on last meeting:

As vice president, I want to talk about last meeting. In any political arena you need to disagree, but it was disrespectful for people to leave. I understand your frustration with the comments made, but I cannot condone your behavior. This is government, it is not anarchy. I have heard rumors of recalling or impeachment and I think this sets a dangerous precedent for removal of dissenters. If you have a problem, I will not tolerate personal attacks. Walking out only makes the situation worse. We must hash out our differences intellectually in a political arena.

5. Nina Dunlap's letter read in reference to last week.

Basic Comments:

- Found Marquis' statements offensive.
- She is Christian and dislikes have the Bible used against her.
- She is proud of who she is.

6. Kwansi celebration will have closing ceremonies and hope you will join them.

Financial Report

Trudy Perkins:

- contingency: \$1450.00
- programing: \$____.____
- independent: \$1500.00

Committee Reports

Campus Safety: Our purpose is to investigate campus safety issues, seek to find the authorities and look in depth at safety issues. This does not have anything to do with my personal opinions, and they will not affect my performance. In my personal opinion, Nina Dunlap sent a letter to me that could be considered intimidation. We will have our next meeting, next semester.

Environmental: We are setting goals for next semester, and we still need members.

Intercultural:

Rules: We are discussing changes to the SA constitution.

Elections: We are looking for a new chair and hoping you will support your bill.

Finance:

College-Community Relations: We have filed for freedom of information on housing conditions. Commenting on the Bridge fire: the smoke

detectors were not working, which is the tenants fault. We will meet Wed. at 4, next semester.

Student Services: (Personal Comment: Steinhuis broke Weber's door)
The Book Store will be listing those books that won't be bought back next semester.

Sponsored by: Rodgers, Garrow, McGuirk

Responses:

Rodgers - \$35 for the paper, and we received lots of response. Definitely a good investment.
Garrow - I've spoken to tenants, and they are expressing problems. It's 720 not 727.
McGuirk - It's only \$35, pass it.

A. Friendly Amendment (Seidenfrau)
"Acct. #720"

Amato - The idea behind this is paying after the fact. We can't spend money and THEN pay back.

Result: P: 18 Y, 0 N, 0 Abstain

2. Bill #34

Basic Idea: Second Karate Club is asking for monetary support.

Submitted by: Jeff Kurliya
Sponsored by: Marquis, (Burns- withdrawn)

Responses:

Marquis - I have personal experience with this club. It has been around for 30 years and is well respected. The other group was funded so this one should be too.

A. Friendly Amendment: (Rodgers)
"\$210 from acct. 912"

Point of Info: If they don't get paid, we will be ripping off the instructor for his year of work.

Rodgers - We have a budget meeting at the beginning of the year. This is again, funding after the fact.

Point of Order: Do you need to have a question to have a clarification?

Ans: No.

Burns - Yield to 1st Karate Club leader.

"I represent the 1st club. Nothing prevented them from getting funding and I don't appreciate your bashing."

Celeste - A lot of senators were misinformed, apologize for body.

Beck - We can make a formal amendment.

Point of Order: You can make a formal amendment whenever you want.

Beck - I don't approve of two clubs.

Popoff - We don't have info. Nobody stole anything. This is a special situation for this year. It was a long standing club and the lack of funding, merely a misunderstanding.

Bloom - First apologize to Marquis. There is a lot more to this. This was a compromise made for this year, and we have to adjust.

Point of info: Do both have constitutions?

Ans: Yes.

Point of info: It is program money.

Point of info: Do constitution and fund same time?

Ans: You cannot be funded until after the constitution is approved.

Point of info: Was constipation approved before funding?

Ans: Yes.

Walsh - Is there any difference between the clubs?

Celeste - Same club, different teachers.

Point of info: Why did they not ask at budget meeting?

Point of info: There was a change in funding info.

Point of Order: One is sanctioned, the other is not.

Point of Clarification: The paperwork was not in mailbox. Rep did not know.

Kuryla - I think we are getting off the point. We do have two clubs, one has been funded, the other is asking for funding. All we need to decide is to fund or not.

Point of info: No money in program fund.

Garrow - My hall did not agree that there should be two clubs. I'd like to see it tabled until we get two reps.

Quail - There is obviously not enough info. but we are acting as a supreme court and we are not one.

Dean - I am concerned that we are crossing bodies. We do not know their leaders or advisors, we are not doing our homework. We have two possible actions: 1. to return it to the Supreme Court, or 2. make up funding mistake. One idea for future is one club two teachers.

Point of info: Are you suggesting we correct it or throw it at the Supreme court?

Jaundoo - We are treading on a legal line. We have no right to question this. I suggest we table this.

A. Friendly Amendment: (Seindenfrau)
Change 285 to 210

Micheilli - It's not our place to judge, we are here to grant funding.

Crane

Perkins - They missed funding for whatever reason. They should have checked it. There is no more money in program funding. They missed it.

Larcharse - Let them fight it out!

Rodgers - Plenty of opportunities have been missed. Let's fund them next year.

B. Move to End Debate
Result: P: 19 Y, 1 N

Point of info: They could have come any time.

C. Call to Question
Result: F: 8 Y, 11 N, 1 Abstain

Special Orders

1. Bill #37

Basic Idea: Date and times for elections.

Submitted by: the Elections Committee

Sponsored by: Seidenfrau, Beck, Rodgers

Responses:

Seidenfrau - Nothing to debate.
Beck - Ditto

Point of Order: non-money, can be general consent.

A. Motion for General Consent
(Passed)

2. Bill #38

Basic Idea: \$800 for ASA to get Christine Choy as keynote speaker
of Asian week.

Submitted by: Nikki Rosenthal, ASA President

Sponsored by: Jaundoo, Crane

Responses:

Point of Info: Why special order?

Ans: Need to pay before speaker will agree to engagement.

Jaundoo - Fund speaker because ASA is a growing and we should
support them. We can all be enriched.

Crane - We are pledged to support cultural diversity and this
is that. We are bringing new ideas on campus.

Point of Info: Don't you need time and date?

Ans: March 26th

A. Friendly Amendment: (Garrow)
"from acct. 915 to acct. 681-2"

B. Friendly Amendment:
strike third whereas

C. Friendly Amendment: (Beck)
add fifth whereas "this coming March 26th"

Beck - I support Crane's comments.

D. Call to Question (Kuryla)
Result: P: 18 Y, 2 N, 0 Abstain

Announcements and Public Comment

Crane - I was upset by last week's meeting, and I apologize for
walking out. I feel everyone has a right to their own opinion,
but when you hurt others, you should stop. Apologizes should be
made.

Marquis - Last week I made some statements. I am trying to represent

my constituents. My lack of experience showed up with my references to kiddie journalism. They were youths doing a youth's paper. With Kwansia as well, I was insensitive. Same with the last message. It was due to inexperience. It is not pragmatically useful for me to "ring people's bells" so that they do not listen. Either you don't like my delivery or you don't like my message. If you don't like my message, tough. I am a diversity too. I have concerns that need to be met. For example Bill #31 "whereas the SA is always looking for new ideas." It offends me that homosexuality is a topic. They don't have to conform to my ideas. I feel we are to see people as people and not based on what they do. I don't think sexuality matters. I represent constituents.

Popoff - I think we need diverse opinions. I can talk about heterosexuality without talking about sex, and they too are talking about LIFE not how they SCREW. You do not represent a constituency.

Booser - The college campus is the last place for controversy. Diverse opinions should be encouraged. It is only with lively spirited debate that we will ever learn.

Tom - Congrats to Celeste for challenging the Senate, but she broke the law by smoking in the SA office.

Celeste - Please come on Saturday.

Seidenfrau - I'm a little disappointed we gave the \$650 to Kwansia and I haven't seen any advertising.

Ans: There were many posters.

Beck - I hope everybody passes and has a good break. Happy Holidays.

Kuryla - Thanks to Quail and complements to Dean on leaping ability in the charity basketball tournament.

Amato - Thanks to senate.

Micheilli - As this is my last meeting, I would like to enter a motion for a Book of Robert's Rules of Order for Jaundoo. The Intercultural committee seems to have missed it's point. Lots of cultures have been overlooked. Diversity is something we all must accept. I think we should respect diverse opinions, but we were not voting to support sodomy. We are voting for equality.

Glen - Anybody who didn't sign- you can join next semester.

Steinhuis - Adjourn

Objection

Crane - On the topic of ignorance- I was not slighting your intelligence Marquis, but merely your knowledge on the subject.

Clerk - You cannot say that Marquis has no constituents. A large percentage of the United States, and even of this college agrees with him. I do not but we cannot rule out his opinion just because we disagree.

Marquis - We have no director for BASIC. I believe this body does not accurately represent diversity. We don't provide for all minorities.

Seidenfrau - Adjourn

The 10th meeting of the 29th Legislative Session was adjourned at 9:14 PM.

1. Bill #39

Basic Idea: NYPIRG's referendum question to be included on the next SA election ballot.

Sponsored by: Beck, Steinhuis, Marquis, Burns, Bonney, Rodgers

Point of info: Does it come out of SA? Yes, but it has always been this way, with no monetary raise (\$3).

2. Res #36

Basic Idea: Approval of the call for free-access telephones in academic building lobbies.

Submitted by: Campus Safety Committee
Sponsored by: Stienhuis, Brian, Labovich, Burns, Joseph

Responses:

Stienhuis - I have friends who have been stuck in buildings.

These phones are really needed- their are lives at risk.

Brian - I'm suprised they aren't there already, what if someone was hurt?

Labovich - It is a logical step in the promotion of safety.

Burns - It is needed. For an organization like SEEP to work, it is necessary for them to be reached.

Joseph - They are needed.

A. Friendly Amendment (Garrow)
"personal" safety task force, not public

Juandoo - There are phones already there, why can't we use the resources we already have?

point of clarification - The phones are in the front of the classrooms in Lanagian, this is too far away in an emergency.

Lerman - Let's not wait until something happens. We need to be as safe as we can be. Prevention.

Marquis - In Syracuse University, women were being raped. We can prevent these things from happening. This is proactive. The administration is willing, but is just asking for SA approval.

A. Call to Question (Beck)

B. Motion for General Consent

Old Business

Public Comments and Concerns

Celeste - I still disagree with the policy. Students should not be penalized by both the state and college.

Beck - Congrats to Lacharce for Sports Caster job.

- Sat at 12N, Sun at 8, we will be broadcasting hockey game, Oswego vs. Plattsburg

- Micheal Jackson's halftime show was awful.

- WTOP apologizes for not taping Senate meeting due to broken camera, will next week.

Dr. W - Graduating is a privilage more than a right. Any problem, even off campus, is a problem and does not constitute double jeopardy. If you commit felony committed off-campus, and the

college can expell you.

Stienhuis - There has been a lot of work done on the meal plan.

_____ - Movie of Week is a Russian film, Taxi Blues. Access presents a Hungarian orchestra on Feb. 25th. Talk up Winterfest in your halls.

- Dean was open for dialogue and Exective Branch was wise to check with attorney. "Arm of University only reaches to it's gate."

Rodgers - Miss-a-Meal - on Oct. 28th we passed a resolution to make every day college community day and we kept the money for ourselves. Would like to see this rectified this year.

Celeste - We do offer free library use for Oswego residents

Lerman - Womyn's Center meetings are Thursdays at 6PM. March is Womyn's Herstory Month, watch for activities.

Brian - I am concerned with the election process. I am moving off-campus, but I have to run on and if elected, resign when I move off and hope an off-campus position is available. This is unfair to me and to my hall.

The 20th meeting of the 28th Legislative Session adjourned at 8:12PM.

Announcements and Public Comment

Celeste - There are slots open for election managers, sign it!

Enciso - Invitation to senators to represent community at 7:30

at the Acquaintance Rape and Violence workshop in FL.
Dean - Awareness Theater is good - go.

I don't think social dues should be used for alcohol that the members under 18 cannot drink.

Celeste mentioned the incident Weds. - no one was seriously hurt but 4 were jailed. It seemed to be a lot of verbal abuse - Anti-Semitic. There was another incident last semester and also another this past weekend. The law officers get tied up and we are left unprotected. We can't tolerate physical dispute solving. I don't see people dealing with the issues, and I would hope you would speak out against this kind of senseless violence. It is only going to be solved by You. The issue of alcohol abuse is an issue. I deal with it often. Alcoholism is a major problem in America and it can start here.

Rodgers - Next Week - small social gathering at Quales house after the elections. Senate community builder. Cayuga Street.

Beck - Welcome back Lou. WTOB debate tomorrow night. Channel 10 on campus and off. Dean gave a wonderful speal but he should have come here with referendum sooner. Everybody who has a voting seat has 200 constituents. We need dedication, no dedication-get out!

Tom - Hungarian Orchestra \$2. on Access.

Karen - NYPIRG newsletter - urge everyone to vote yes for NYPIRG and the student activity fee.

Lou - 3-6AM on the radio - I play what you want to here, or if not, what I want to hear.

Marquis - I think we should act as senators. Lets not just sit on seats.

check your mail monday.

The 23rd meeting of the 28th Legislative Session was adjourned at 8:55PM.
