GRADUATE MEDICAL EDUCATION
POLICIES AND PROCEDURES**

POLICY: EXPERIMENTATION AND INNOVATION

PURPOSE

To establish a policy that addresses oversight for Graduate Medical Education (GME) programs in all phases of educational experiments and innovations that deviate from Institutional, Common and specialty/subspecialty-specific Program Requirements.

POLICY

GME programs that are involved with educational experiments and innovations must:

1. obtain approval by the GMEC prior to submission to the ACGME and/or the respective Review Committee;
2. adhere to procedures for “Approving Proposals for Experimentation or Innovative Projects” in *ACGME Policies and Procedures*;
3. monitor the quality of education provided to residents for the duration of the project;
4. obtain IRB approval, when appropriate
