

Registration Form

LILRC Technology Series

**Presenter: Gerard Arthus, Ph.D., Library Systems Administrator, LILRC,
and Adjunct Professor, L. I. U., C. W. Post, Computer Science Department**

Workstation, Server, and Network Security II (Technology Series #4*)

This program will cover network monitoring, security and protection using Open Source tools and applications.
January 30, 2007, 9:30 a.m. – 12:30 p.m., Farmingdale Public Library
\$25.00 members; \$50.00 non-members

**Installing and Administering a CMS (Content Management System) Using
Open Source Software (Technology Series #5*)**

Everything from email, web-based intranets, calendar, and many other applications which facilitate collaboration and communication within the organization can be considered as part of a CMS for that organization. This program will examine how the CMS can bring order to the increasingly chaotic information environment which many organizations are "experiencing" today.

February 27, 2007 August 29, 2006, 9:30 a.m. – 12:30 p.m., Farmingdale Public Library
\$25.00 members; \$50.00 non-members

**The Construction of a Digital or Institutional Repository
(Technology Series #6*)**

This program will examine D-Space as the basis for an Open Source Digital Repository. These repositories will be the foundation of the Content Management systems which are evolving within modern organizations. The construction of the repository and its integration within the CMS will be discussed.

March 27, 2007, 9:30 a.m. – 12:30 p.m., Farmingdale Public Library
\$25.00 members; \$50.00 non-members

***A member library may subscribe to the three technology workshops for \$60. It is not required that the same staff member attend all three sessions.**

Our institution wishes to subscribe to the Technology Series (3 workshops) for \$60.
