**1. PROPOSAL TITLE:**

Please be somewhat descriptive, for example, *Proposed Resolution on Graduate Probation/Dismissal* rather than *Graduate Proposal*.

21 credit hour minor in Finance
---------------------------------

**2. BRIEF DESCRIPTION OF PROPOSAL:**

Introduce a 21 credit hour minor in Finance as an alternative to the general Business minor. The alternative is more appropriate for certain students, (e.g. math majors interested in actuarial science).

## **Minor In Finance.**

- Implementation Date:** Upon approval
- Primary Motivation:** Content changes in the actuarial science exam
- Students Affected:** Students with stronger math backgrounds

**Description of New Program:** Introduce a 21 credit hour minor in Finance as an alternative to the general business minor.

Title: *Minor in Finance*

Eligibility: Open only to students who are not majoring in Business Administration, International Business, or Accounting.

Required Courses:

1. ACC 280: Introduction to Accounting (or ACC281: Introduction to Financial Accounting)
2. ECN201: Principles of Economics (Micro)
3. ECN204: Intro Statistics (or an introductory statistics course e.g. BIO 431, MTH 243, PSH 202, PLS 300, SOC 200).
4. BUS325: Principles of Finance
5. BUS421: Investment Analysis
6. BUS422: Corporate Financial Policy
7. One Finance Elective: Chosen from BUS 420, BUS 428, BUS 445, or ECN 425.

1 As per section 1.C above, students pursuing a degree in business administration are generally required to take one of four analysis courses: ECN310, ECN302, ECN305, or BUS461. The exception is students pursuing the specialty track in Finance; they must take ECN302. See the 2001-2003 Undergraduate Studies Catalog, pp 124.

Note 1: It is assumed that students pursuing this minor have basic word-processing and spreadsheet skills. CSC104 or CIS106 represent minimally acceptable computer literacy requirements for the minor.

Note 2: The prerequisites for BUS 420, BUS 421, BUS 422 have been recently changed to BUS 325 only. The prerequisites for BUS 428 have been changed to BUS 421, BUS 422 only. Note that these are different from the prerequisites listed in the current College Catalog.

**Discussion:** For certain students, (e.g. math majors interested in actuarial science, computer science students interested in financial analysis), the proposed minor is more appropriate than a general minor in business. In fact, the primary motivation for this proposal comes from our colleagues in the math department, who inform us that the actuarial science exam has been changed to include content in the application areas of accounting, finance, and economics. The minor is purposely designed with the needs of this stakeholder group in mind.

If the proposal for a finance major (discussed in section 2.A) is approved, the minor will also provide a “consolation prize” for students that come to Brockport intending to major in finance but who then, prior to completing the major, change their mind, i.e. they may wish to complete the minor but not the major.

**Resources:** We anticipate an enrollment of at most forty students, and this enrollment is expected to cannibalize enrollments in the business minor. Given that the students will be completing another major, we expect that each student will take, at most, one or two courses a semester. Implied is the need to provide 40-60 seats per semester distributed across six required and four elective courses; 200 level courses have multiple sections. As such, we expect to be able to support the minor with no additional program resources.
