RESOLUTION ON SUNY TUITION POLICY

WHEREAS

Access to public higher education has long been a foundation of a democratic society; and

WHEREAS

Citizens need to have the ability to plan long-term for the costs of higher education; and

WHEREAS

The Consumer Price Index has increased by 17% since the last SUNY tuition increase, and

WHEREAS

The impact of inflation on fixed costs increases the costs of delivering education programs of the highest quality;

THEREFORE, BE IT RESOLVED:

That the Faculty Senate of SUNY College at Brockport endorses the establishment of a rational tuition plan for the State University of New York, to include:

- increasing annual base state budget support to cover the cost of previously negotiated salary increases
- an initial increase of \$100 per semester in full time tuition for Fall 2002
- a proportionate increase in TAP awards and needs-based programs.
- increasing tuition and mandatory fees annually by no more than the increase in the Higher Education Price Index
- increases in tuition cannot be accompanied by corresponding decreases in the proportion of state support.
