

What have I?

Searching my inner self
Mending my inner-child
Losing time to grace
Looking into the future to see nothing
What have I done?
What have I been?
Why can I still see into the nothing?
Why can I hear the screams of eternity?
I know why I can see
I know why I can see
I have become even the score not quite right
I have become one
I have become him

by John Sterling Marr
