

...I beg you
By anonymous

I beg you...
to have patience
with everything
unresolved.
try to love the questions
as if they were locked rooms
or
books written.
don't search for answers
which could not be given to you.
for you would not be
able to live them.
the point is,
to live everything.
live the questions now.
perhaps then, someday
far in the future,
you will gradually,
without even noticing it,
live your way
to the answer...
