17. Sherburne Central School	--Harold Vahue--	9-27-63
18. School #37, Buffalo	--Burt Lock--	11-22-63

The requests for charters have not been very numerous (only 2 during the year) since the new State organization was announced. Maybe with the news that the Association is issuing new charters and is here to replace the Steering Committee the interest will increase.

#### Recommendations:

1. Recommend that a booklet similar to that published by other state organizations be sponsored by the New York State Industrial Arts Association: Approximate cost to be \$1200.00. The estimated number of copies necessary to furnish one to each industrial arts teacher in the State and then have some left for other purposes is 5,000.
2. Recommend that representatives of the following be given travel and food expenses and lodging for two days and one night to meet in a central part of the State (probably Syracuse) to edit and put into final form for printing the booklet mentioned in #1 above:

#### Representatives from:

- (1) Association-----Jim Crawford
  - (2) Buffalo-----Rex Miller
  - (3) Oswego-----LeRoy Sanders
  - (4) IA Club Sponsor---LeRoy Dodson
- Approximate cost of this meeting: \$250.00

3. Recommend that a central clearing point be established for information concerning clubs, such as, Eastman Mailing Service.

TABLED TO NEXT SESSION AFTER TREAS. REPORT.
