FROM PAM DI PASQUALE:

(For State Employees) "The Office of the State Comptroller will no longer display Social Security numbers on employee pay checks and direct deposit advices. This change is effective with checks dated August 29, 2001. The purpose is to provide privacy protection for employees."

DATABASE UPDATE:

I changed the url for info about remote access to our electronic resources to:
<http://www.sunysb.edu/library/remote.htm>. There are links to that page on several of our other pages, including the list of research databases and the list of electronic journals. There's also a link on the "What's New" page.
